### RENEWING GOLD AND SILVER LACE

Now that most things that are fashionable glitter, don't throw away expensive gold and silver lace just because they have become tarnished. Baste the lace on a piece of woolen cloth, stretch by tacking to the kitchen table or ironing board, and remove all dust by giving it a thorough brushing.

Neat apply powdered burnt alum with a soft brush. Allow to stand for a few minutes before removing the lace from the woolen and dusting free of powder. The burnt alum restores the bright finish to the lace. Gold and silver cloths and nets may be rehabilitated in the same way.

### THE SECRET OF YOUTH

She was charming and always the center of attraction. Other young women sought to imitate her, realizing with the eye of true feminine wisdom that her secret of charm lay in the art of dressing beautifully and becomingly.

They sought her and she questioned her, and she answered: "Go to 'Cherry'. There you will find all the pretties you desire, and they are yours with just the promise to pay for them a little each week." Fashion is, indeed, youth's dearest ally. Their store is 207 Rialto Bldg., on Second ave., between Madison and Spring, over the Figh Whistle.—Advertisement.
