

today starts the factory sale and demonstration week of the famous

RED STAR

Detroit Vapor Oil Stove

introducing our latest acquisition—

—this morning our doors opened on one of the greatest opportunities which could ever be offered a woman—the opportunity of abolishing the troubles, delays and failures in cooking. For commencing then, and limited to one week, we are offering the famous RED STAR Detroit Vapor Oil Stove on special terms; terms that become doubly attractive when you consider this offer is made on a standard, nationally advertised product.

a grand opportunity for 50 women to end their cooking troubles for \$1—

—this event is to combine a big exhibit of cooking prepared on this advanced-type oil stove by a special demonstrator under the supervision of the factory expert—and an extra special inducement to a club of the first 50 women who place their order this week for a "RED STAR" \$1—down is all that is required—until the 50 models 230 and 240 are sold.

—these fortunate women will enjoy such satisfaction in cooking as they have never before known. The demonstration will be in progress all week. So come in. Because you, too, may want to purchase one of these handsome stoves on our special Club Plan. Bear in mind that these terms may be withdrawn at any time—they are positively limited to 50 stoves.

—does anything a city gas range will do; controlled by operating valve—just like a gas range. Saves 25% fuel. Has no wicks or asbestos rings.

RED STAR BURNER

with this 8 1/2-pound burner, one gallon of fuel gives 19 hours of heat, giving a double ring of intense gas flame instead of one ring.

—creates a heat far more intense than ever before was possible in an oil stove. Burns kerosene, gasoline or distillate perfectly; gives no odor or smoke.

\$1 PUTS ONE IN YOUR HOME--

—we have been allotted 50 of the models 230 and 240 Detroit Vapor Stoves to sell on terms of \$1—down and \$1—weekly, limited to 50 stoves. Special terms will also be made on the larger models.

30 DAYS' FREE TRIAL

—in order that you may be convinced of the superiority of this stove we deliver one to your home for a 30-day free trial. After 30 days if you think you can get along without it, notify us and we will call for the stove and refund your deposit.

PARK SPOONING IS ALL SPOILED

Ruthless Woodsmen Ruin Lovers' Woodland Nooks

Spooning in Woodland park this summer, will have to be done in the open. Ruthless woodsmen, under the direction of the park board, are sparing not the ax in flattening thickets and swamping out the underbrush from lovers' nooks. Along about the time the young man's fancy lightly turns to thoughts of shrubbery and chiffon he will find Seattle's most primeval bit of forest has been made safe, sane and scenic—altogether too scenic for seclusion.

Doggone Don! Says He: "No Beer, Wine"

Doggone Don McDonald! The state director of prohibition ruled Saturday that Mitch Palmer's opinion that beer and wine may be made and sold for non-beverage or medicinal use does not apply to this state.

"Mild intoxicants are banned here despite the new interpretation on Mr. Volstead's act," McDonald said.

PLOT TO SCRAP U. S. SHIPPING

Admiral Benson Scores "American Agents"

WASHINGTON, March 14.—Declaring that rumored attempts to scrap the merchant marine act of 1920 are being made by American agents of foreign shipping companies, Admiral Benson, chairman of the shipping board, has issued a statement denouncing such efforts. He said: "Why anyone should seriously consider jeopardizing this law is beyond me. To stop it, is a step in the wrong direction. To give serious thought to scrapping it in its entirety is playing into the hands of our foes—our most deadly ones—men who are masking as Americans interested in the marine, but who are playing the game for foreign steamship companies which they represent."

LARGEST FLEET IN WEST, PLAN

WASHINGTON, March 14.—American naval experts today are considering making the Pacific fleet the big one, leaving only a few fighting ships on the Atlantic coast. The project has been called to the attention of President Harding and experts are preparing tentative plans for submission to Secretary Denby.

Such a transfer of America's main seapower to the Pacific might necessitate establishment of extensive new bases and coaling facilities on the West Coast, Hawaii and the Philippines, it is believed. This is being looked into by the navy experts. The new Pacific fleet probably would be under command of Admiral Henry B. Wilson, now commander of the Atlantic fleet. Admiral Rodman, at present commander of the Pacific squadron, is likely to be relieved in the near future.

Begin Right Now to Conquer Your Rheumatism

The tiny pain demons that cause your Rheumatism will be back on the job with the first approach of damp, wintry weather, ready to take up their battle against your comfort with renewed fury.

And if you are going to again rely upon the liniment bottle to try to rub the disease away, you will be doomed again to nothing but disappointment. A disease that can cause so much pain and suffering as Rheumatism, is not on the surface of the skin, and cannot be rubbed away.

Many forms of Rheumatism are caused by a tiny disease germ in the blood, and in such cases the only logical treatment is to search out and remove these germs from the blood.

For this purpose there is no more satisfactory remedy than S.S.S. the fine old blood remedy that has been in use for more than fifty years, and has given such general satisfaction for Rheumatism. S.S.S. thoroughly cleanses the blood, and roots out all impurities and disease germs.
