

BETTER CAR SYSTEM TO BE PLANNED

Council Committee to Hold a Special Session Saturday

For the purpose of outlining a program of betterments and extensions of the municipal railway system and to discuss methods of financing possible improvements, the council city utilities committee will hold a special session Saturday morning, at 9:30 o'clock.

in Biblical Duel

RUFFALO, April 15.—A duel of Biblical quotations spelled the jury for Thomas Archer Thomson, Buffalo draft dodger. "I felt I had a right to run away to Venezuela," he said. "Jesus said, 'My kingdom is not of this world.'" "Yes," replied Commissioner Keating, "and Jesus also said, 'Render unto Caesar the things that are Caesar's,' and there's a passage about obeying your earthly ruler."

Among the improvements that will be discussed are the extensions of the Beacon Hill line, from Jefferson park to Graham st.; extension of the Cowen Park line to E. 82d st.; construction of a line in the Green Lake district to E. 82d st., and extension of the Alki line along Beach drive.

Since the city acquired the lines, two programs of extensions and improvements have been adopted. The 1919 program, calling for an issuance of \$790,000 in utility bonds, was carried out in full, but the 1920 program, owing to lack of funds, has never been attempted.

It's Skin Disease and Very Painful

CHICAGO, April 15.—There has appeared here recently a skin disease, confined largely to the neck and face and characterized by red blotches and slight eruptions.

Authorities believe this new skin disease is caused by insatiable furs. It last only a few days but it is very painful and irritating.
