

STEEL TOWN WAGES DROP

Foreign-Born Workers in Gary, Indiana, Make No Murmur Over Reduction

GARY, Ind., May 4.—Steel town, pinched by hard times, accepts a 20 per cent slash in wages with hardly a murmur.

Employees, who participated in the pitched battles of the steel town in 1915, were docile today when notified by their foremen that their pay envelopes would contain one-fifth less starting May 15.

Notification of the cut here follows the announcement made in New York by Judge Elbert H. Gary, head of the United States Steel corporation.

The men who have been working from one to four days a week, for the last five months, saw in the wage reduction steady employment and hence larger earnings.

Workers in Gary are not versed in the niceties of economics. Sixty per cent of them are foreign born.

There is the simple bread and butter economics, which says: "We work perhaps two days a week at \$3 a day, which gives us \$12 on Saturdays. Why not work six days at \$4.50 a day and draw \$27.00 a week?"

Wages in Gary now range from \$6 a day for common labor to around \$20 for rollers, the highest paid in the steel industry. Twelve hours is the work day.

Gary, a town of 55,000, gave work to 22,000 men on an overtime basis during the boom days of the war period and shortly after; now it gives work to approximately 15,000 on a part time basis.

Many workers and their families are in actual need. Several hundred men live in the Y. M. C. A. each night for a place to sleep. The Salvation army and other social agencies have more calls for relief than ever before.

ASPARAGUS NOW IS COMING IN

Home-grown asparagus is arriving on the wholesale market daily in small lots. Large quantities will be coming in after two weeks.

Local asparagus was lower Wednesday, at 20 cents a pound for top quality.

A car of Sacramento lettuce arrived, as well as a car of Mexican tomatoes. The lettuce is quoted at \$1.75 to \$4, and the tomatoes are selling at \$4.50 to \$5.25.

California new garnet potatoes were being sold at 3 to 3 1/2 cents a pound. A car of spuds is due the latter part of this week.

Two tons of a car of Los Angeles strawberries were on the curb Wednesday. The berries were a little easier, at \$2 a crate.

Another small express shipment of Sacramento valley cherries was on the market. Because of the high price the jobbers must ask for the cherries in order to make a profit, most of the dealers refuse to handle them thus early in the season.

The cherries were of excellent quality and sold at \$4.50 for a ten-pound box.

There were no changes on the dairy market Wednesday. All quotations were steady.

PORTLAND MEETS PORT CUT At a special meeting this week, the Portland commission of public docks decided to eliminate all wharfage charges on transcontinental import and export freight to the shipper. This is following in the footsteps of the local port commission and other Seattle terminal operators.

3 SHIPS STRIKE BOMB Wednesday's developments in the marine strike resulting from the wage scale reduction ordered by the shipping board, were the indefinite postponement of the sailing of two coastwise steamships, and the failure of Dawson & Co. to secure a crew for their shipping line, the E. Beck, due to load four for Europe.

The two vessels whose sailing is postponed are the Alameda, Pacific Steamship Co. boat, and the City of Seattle, operated by the Alaska Steamship Co.

Mrs. Peete Making Her Final Fight LOS ANGELES, May 4.—Mrs. Louis L. Peete's final fight for freedom was under way today. Attorneys for the woman convicted slayer of the wealthy Jacob C. Denton, have filed a brief in the district court of appeals here.

Various grounds for a new trial are cited, and particular emphasis is placed on what Mrs. Peete's attorneys term improper conduct at her trial on the part of District Attorney Woolwin, who prosecuted her.

Mrs. Peete was sentenced to life imprisonment in San Quentin penitentiary. Arguments on the petition for a new trial probably will not be heard until late in the summer.

Claiming her husband played another pool game after he had been notified a baby was about to be born at home, Mrs. Mays Tuesday filed suit for divorce from James W. Mays, attorney and geologist.

Steel Wages Down; Quotations Go Up

NEW YORK, May 4.—Wage reductions by the United States Steel Corporation were reflected today in higher quotations on the New York Stock Exchange.

The entire list was strengthened when steel common went to a new high for the year in the last half hour, going above 76. To-bacco also held well and American Tobacco, which went up 1/2, which is over 20 per cent above the low of December last.

DENIES BANK IS 'NONPARTISAN'

R. S. Talbot, an officer in the Financial Securities corporation of Seattle, which Tuesday acquired the Bremerton Trust & Savings bank, denied today the report that the Non-partisan league had anything to do with the transaction or that it would have any control of the Bremerton institution.

"We bought the Bremerton bank simply because we considered it a good investment," Talbot said today. "We have nothing to do with any labor unions or with the Non-partisans."

The Financial Securities corporation was organized four months ago and capitalized at \$15,000,000, for the purpose, Talbot says, of dealing in high grade securities.

Its officers are David C. Coates of Seattle, R. S. Talbot of Spokane, Walter M. Harvey of Tacoma and J. J. Hastings of Seattle.

GRAIN MARKET DROPS SHARPLY

CHICAGO, May 4.—Grain prices took sharp declines in trading in the Chicago grain market today. Wheat was generally higher at the opening due to reports of crop damage, but later reports reached the market of trade that prospects were good for an abundant crop.

Provisions were higher with the exception of July lead, which may be opened at \$11.45, up 1/2, and closed off 1/2. Soybean oil opened up 1/2 at \$11.12, and was 1/2 lower at close. Corn opened up 1/2 at 60 1/2 and closed off 1/2. July corn opened at 62 1/2, up 1/2, and closed off 1/2. September corn opened unchanged at 29 1/2 and closed 29 1/2.
