CURED HIS RHEUMATISM!

"I am eighty-three years old and I doctored for rheumatism ever since I came out of the army, over 20 years ago. Like many others, I spent money freely for so-called 'cures' and I have read about 'Uric Acid' until I could almost taste it. I could not sleep nights or walk without pain; my hands were so sore and stiff I could not hold a pen. But now I am again in active business and can walk with ease or write all day with comfort. Friends are surprised at the change. You might just as well attempt to put out a fire with oil as try to get rid of your rheumatism, neuritis and like complaints by taking treatment supposed to drive Uric Acid out of your blood and body. It took Mr. Ashelman fifty years to find out the truth. He learned how to get rid of the true cause of his rheumatism, other disorders, and recover his strength from 'The Inner Myoseries,' now being distributed free by an authority who devoted over twenty years to the scientific study of this trouble. If any reader of 'The Star' wishes 'The Inner Myoseries of Rheumatism' overlooked by doctors and scientists for centuries past, simply send a post card or letter to H. E. Clearwater, No. 594-W Street, Hallowell, Maine. Send now, lest you forget. If not a sufferer, cut out this notice and hand this good news and opportunity to some afflicted friend. All who send will receive it by return mail without any charge whatever.—Advertisement.

TODAY'S PROGRAMS

LIBERTY—Zena Keefe in "Proxies." CLEMMER—Priscilla Dean in "Reputation." BLUE MOUSE—Bert Lytell in "A Message From Mars." STRAND—"Fatty" Arbuckle in "The Dollar a Year Man." COLISEUM—Norma Talmadge in "The Passion Flower." COLONIAL—Tom Mix in "The Untamed." REX—Vivian Martin in "Husbands and Wives."

THE most selfish man on earth was what the messenger from Mars told the self-satisfied clubman he was ordered to seek, and, having found him, was condemned to remain upon earth until he had reformed the man. The many thrills that accompanied that reformation make Bert Lytell's picture, "A Message From Mars," now showing at the Blue Mouse, one of the liveliest and most entertaining this popular play has appeared in for some time.

STRAND Fatty Arbuckle's fight with a band of anarchists in "A Dollar a Year Man," at the Strand this week, provokes the laughter of the audience. The fight is staged in a supposedly haunted house. There are many trick surprises in the haunted rooms, such as trapdoors and the like, the rooms representing the rendezvous for the gang of crooks.

CLEMMER Priscilla Dean, the versatile young actress, is playing a dual role in "Reputation," the film drama at the Clemmer this week. Miss Dean's characterization of a famous European actress is one of the best bits of acting seen on the screen for some time. Other scenes show her as this woman's daughter, a beautiful, innocent young girl.

COLISEUM Norma Talmadge plays the first Spanish role of her career in "The Passion Flower," the screen drama at the Coliseum this week. In this feature the clever star has two leading men. They are Courtenay Foote and Harrison Ford. Natalie Talmadge also has a part with her sister in this production.

LIBERTY "Proxies," the film attraction at the Liberty this week, is a crook play. The story tells of the efforts of a former crook to live straight and of the difficulties he meets with in the operation. But he manages to win out in the end, after many thrilling happenings, however. The love element adds interest to the story.

COLONIAL A speedy horse and a wolf dog have much to do with the thrills furnished in "The Untamed," Tom Mix's latest starring vehicle, now showing at the Colonial. These animals were especially trained for the important parts they play in the story.

Eaton's Ended His Troubles

"Eaton's is the only thing I have found to stop my heartburn and I think it has been a great help in nervous spells," writes G. C. Johnson. An upset stomach may cause lots of suffering all over the body. Eaton's helps in such cases by removing the cause of the misery, because it takes up and carries out the excess acid gases and keeps the digestive organs in natural working order. A tablet after meals is all you need. Big box costs only a trifle with druggist's guarantee.

You Can't Brush or Wash Out Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.
