NOTES AND COMMENT FROM THE OLD HOME TOWN

Says the Lynden Tribune: "A spike was driven in the concrete to celebrate the completion of the scenic Waterfront Road. Now it will be just like some fool motorist to carry off this historic spike in a tire."

The Eagle lodge of Snohomish initiated a class of candidates Wednesday evening.

Pending word from the state highway board, county commissioners have postponed the award of bids for building the permanent highway from Prescott to Lyons Ferry on the Snake River.

The Washington Hay Growers' association has been reorganized. L. L. Hearn, Sunnyside, is president, and J. F. Schriener, Yakima, vice president.

On the second lap of the commission form of government, Port Angeles will operate in 1922 on a 3-mill smaller levy than this year.

Some wives stay broke because their husbands get up first.

OLYMPIA, Oct. 6.—Improvement of conditions on the Gull Harbor road thru Priest Point park has been held over until the first of the year.

The Kittitas county Spanish-American War veterans, for a long time non-acting, plan to meet regularly in the future. E. E. Oylear is commander.

The Port Angeles Evening News says: "Port Angeles and Clallam county have reason to be proud of the County Fair just closed—and by the same token pride must be taken also in the executive ability of the Fair Association and the live-wire, capable secretary, Charles L. Pollock."

Thurston county berry growers held another meeting Thursday in the Olympia chamber of commerce rooms.

Fifty-eight distinguished service crosses were issued to citizens of the state during the late war, according to a report of the adjutant general.

C. A. Dolph of Lowell has just received word from his son, Clinton H. Dolph of Fort Worden, of his selection as a candidate for the West Point Military Academy.

A big men's rally to be held on October 28th is being planned by the Men's Club of the United Churches of Olympia. Delegations from out-of-town clubs will be invited.

That the National Conference on Unemployment may take steps to complete Western reclamation projects as part of its program to give employment to the idle is indicated in a letter from Congressman John W. Summers to F. A. Kern, secretary of the Kittitas Reclamation District. The congressman asked how quickly work could be started on the High Line Project.

PANTAGES PLANS BENEFIT

For the benefit of the German and Austrian children's fund, the Pantages theatre is arranging for several headline acts on their bill to appear in a benefit concert at Douglas hall, I. O. O. F. Temple. Among other attractions will be John Spargar's orchestra. The money raised will be used for the purchase of supplies.

With the aid of delatone paste, it is an easy matter for any woman to remove every trace of hair or fuzz from face, neck and arms. Enough of the powdered delatone and water is mixed into a thick paste and spread on the hairy surface for about 2 minutes, then rubbed off and the skin washed. This completely removes the hair, but to avoid disappointment, get the delatone in an original package.—Advertisement.

A Danger Warning —Bleeding Gums—

Are your gums tender? Do they bleed when brushed? If so—watch out for Pyorrhea.

This disease of the gums, which afflicts four out of five people over forty, not only destroys the teeth, but often wrecks the health.

In Pyorrhea, the gums become spongy, then recede; the teeth decay, loosen and fall out—or must be extracted to rid the system of the infecting Pyorrhea germs which breed in pockets about them. These germs lower the body's vitality and cause many diseases.

You can keep Pyorrhea away: Visit your dentist often for tooth and gum inspection, and use Forhan's For the Gums.

Forhan's For the Gums prevents Pyorrhea—or checks its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums firm and healthy—the teeth white and clean.

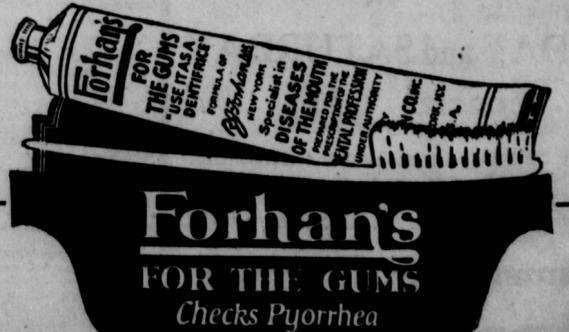

Brush Your Teeth With Forhan's—How to Use It

Use it twice daily, year in and year out. Wet your brush in cold water, place a half-inch of the refreshing, healing paste on it, then brush your teeth up and down. Use a rolling motion to clean the crevices. Brush the grinding and back surfaces of the teeth. Massage your gums with your Forhan-coated brush—gently at first until the gums harden, then more vigorously. If the gums are very tender, massage with the finger, instead of the brush. If gum shrinkage has already set in, use Forhan's according to directions and consult a dentist immediately for special treatment.

35c and 60c. All druggists.
