BLUE MOUSE

EDWARD SUTHERLAND, who appears in support to May McAvoy in "Everything for Sale," which is now showing at the Blue Mouse theatre until Friday night, is a nephew of Thomas Meighan, the popular star. Young Sutherland appears to have much of the same debonaire charm which distinguishes his famous relative. Sutherland played with Charlotte Greenwood in "So Long Letty" and appeared with her company when it played here at the Metropolitan theatre four years ago.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong pills or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "foggy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 15c and 50c.—Advertisement.

"Lost River" Forest Scenes Hard to Film

Taking motion pictures in the depths of the forests is a difficult undertaking from the photographic point of view, as Director Frank Lloyd experienced in the filming of "The Man From Lost River," which will be the attraction at the Blue Mouse theatre Saturday for a week. Light—the requirement of all photography—is never brilliant in the depths of the forest, and most of the clear forest scenes are taken with the aid of powerful electric spot lights, which is simple enough. If there is a power plant anywhere around to attach a cable to. At Huntington Lake in the Sierras, where the scenes for "The Man From Lost River" were taken, there was no power plant, so electricity had to be manufactured. A corps of electricians, armed with two Liberty airplane motors and 100 kilowatt generator, invaded the forest and made this production, in which House Peters is starred, possible.

"Conflict" Boasts Popular Cast

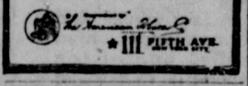

"Conflict," the Universal-Jewel production starring Priscilla Dean, which will be seen at the Clemmer theatre beginning Saturday, will bring to the screen a cast of unusual ability and popularity. Martha Mattox and Edward Connelly play the two character parts, while Herbert Rawlinson, a star in his own right, plays opposite Miss Dean. In addition to these notables are Hector Sarno, L. C. Shunway, Sam Allen, Capt. C. E. Anderson, Milton Brown and Bill Gillis.
