

INGROWN TOE NAIL
TURNS OUT ITSELF

A noted authority says that a few drops of "Outgro" upon the skin surrounding the ingrown nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost overnight.

Stomach Upset,
Gas, Gas, Gas
—"Diapepsin"

"Pape's Diapepsin" ends indigestion, heartburn in five minutes. Sour, gassy, upset stomach, acidity, dyspepsia; when the food you eat ferments into gases and you feel bloated and miserable, that's when you should take a little Diapepsin. If your stomach is in a continuous revolt—if you can't get it regulated—try Pape's Diapepsin. It's so needless to have a bad stomach! Make your next meal a favorite food meal, then take a little Diapepsin. There will not be any discomfort—eat without fear. It's because Pape's Diapepsin "really does" regulate weak, out-of-order stomachs that gives it its millions of sales annually. Get a large sixty-cent case of Pape's Diapepsin from any drug store. It is the most efficient antacid known. It is scientific, harmless, and belongs in every home.—Advertisement.

Be Suspicious of
Tender Gums

Be suspicious of any tenderness or bleeding of the gums. This is usually the first stage of Pyorrhoea—an insidious disease of the gums that destroys the teeth and undermines bodily health. Gradually the gums become spongy. They inflame, then shrink, thus exposing the unenameled tooth-base to the ravages of decay. Tiny openings in the gums form gateways for disease germs to enter the system. Medical science has traced many ills to these infecting germs in the gums weakened by Pyorrhoea. They are now known to be a frequent cause of indigestion, anaemia, rheumatism, and other serious conditions. So watch carefully for that first tenderness or bleeding of the gums. Try Forhan's immediately. It positively prevents Pyorrhoea (Rigg's Disease) if used in time and used consistently. And in preventing Pyorrhoea—it guards against other ills. Forhan's For the Gums cleans teeth scientifically as well. Brush your teeth with it. It keeps them white and clean.

Brush Your Teeth With Forhan's—How to Use It
Use it twice daily, year in and year out. Wet your brush in cold water, place a half-inch of the refreshing, healing paste on it, then brush your teeth up and down. Use a rolling motion to clean the crevices. Brush the grinding and back surfaces of the teeth. Massage your gums with your Forhan-coated brush—gently at first until the gums harden, then more vigorously. If the gums are very tender, massage with the finger, instead of the brush. If gum shrinkage has already set in, use Forhan's according to directions, and consult a dentist immediately for special treatment.

QUICK RELIEF FROM
CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 15c and 30c.—Advertisement.
