Official Newspaper of Steele County.
Entered as second class mail matter at the postoffice at Hope, North Dakota.
This paper will continue to be sent till all arrearages are paid and it is ordered discontinued.

Gov. Roosevelt is now mentioned for the vice-presidency.

Dewey will visit the northwest some time during the summer.

The British claim that the Boers lost 1,000 at the Spion Kop battle.

Two cases of smallpox at Wahpeton is keeping the doctors on the jump.

Those fellows who want to get rid of Gov. Fancher have tackled a big job.

England has bought a million tons of coal of the Philadelphia & Reading railroad. Just getting ready to make it hot for the Boers.

Hon. David Bartlett is mentioned for judge in the fifth district. He is entitled to it and our only desire is to see him succeed, if he wants it.

Roberts, of Utah, is denied his mileage amounting to \$1,038.80, by the committee whose business it is to attend to such matters; and as soon as he reached home he was arrested for cohabitation with one of his wives. Roberts is in hard luck.

Editor Stickley has started upon the fifth year of his Fessenden News under his reign, and it shows a marked improvement each issue. Just how in the dickens Stick manages to keep growing better and better all the time is a conundrum.

There are said to be many candidates after Judge Pollock's job in this district, but it will require a awful big man to fill the judge's chair. He has given universal satisfaction and is a terror to the sightless pig. Ten to one he is re-nominated and elected.

It is said that another Mormon, just like the other, will be elected to fill Robert's unworn shoes in Washington; then there will be another job for the angels—fitting him out with a pair of wings so he can fly home quickly and save railroad mileage. These wings come in handy after all.

Wm. Goebel, the democratic leader of Kentucky, died at Frankfort, Saturday evening from the effect of the assassin's bullet. He was surrounded by relatives and friends. In 1895 Goebel shot and killed John Sanford, a wealthy banker, in a political row, and was cleared of the crime, claiming self defense. Now it is claimed that Sanford's friends shot Goebel to even up matters. Sanford was a bitter democratic enemy of Goebel's. The state has offered \$1,000 and Gov. Taylor \$500 personal reward, and no doubt but what the assassin will sooner or later be captured.

The time must soon come when the Minnesota and Dakota farmer can deliver his grain at a local elevator and check it for Hong Kong, Yokohama or Manila, just as he now does for Minneapolis, Chicago or Buffalo. Expansion means something to the Northwestern farmer. It means a new market for his products; and a new market means a better price. The best politics is that which makes the best business, and the national administration is making business for the northwest at a rate that fairly dazes the primitive democrat who sticks to the rut his father trod.—St. Paul Dispatch.
