Progressive cinch was the order of the evening, together with a nice lunch. Such occasions are the proper thing, and more of them during the winter months would not be amiss.

REPAIRING—This is the season of the year when the wise farmer overhauls his harnesses and has all repairs made, so that everything is ready for spring work. We will attend to you on short notice.

It is reported that E. J. McMahon and W. I. Warrey have formed a law partnership, Mr. Warrey to remain in Sherbrooke and Mr. McMahon in Hope office.

This is the way they conduct a courtship in the Transvaal, says a man who has been there and says he knows what he is talking about: When a young Boer goes to call on a young Boeress he meets her in the presence of the family. If the family brings her a box of sweet meats and she accepts it, they are engaged and are permitted to do their sparring by themselves. But when the mother leaves them she makes a mark on the candle. When it burns to the mark the young man must pull for home. This may work all right over in Africa, but wouldn't work worth a cent here. Our boys would beat the mothers' candle game by blowing out the candle, and the girl wouldn't object.

Benefit Ball!

A benefit ball at the opera house Friday evening, Feb. 16, will be given for Oscar Stewart, who lives down near Ellsboro postoffice, in Barnes county.

Mr. Stewart is an upright hard working man, with a large family depending upon him for support. He has always endeavored to care for them and himself without the aid of his friends, but, as we all know, misfortune comes to us all, and oft times not single handed, as has been the case with Mr. Stewart. Three times within the past few months fire has destroyed his earthly belongings; so, as a slight token of esteem, some of his friends have decided to give him a benefit; as we said before at the opera house, in Hope, on Friday evening, Feb. 16; to which everybody is most cordially invited to attend. Turn out, come one and all, both short and tall, thick and thin, and any old way to get in.

Tickets \$1 each; buy one whether you attend the dance or not.

We trust his trip will prove both pleasant and profitable.

"I had dyspepsia for years. No medicine was so effective as Kodol Dyspepsia Cure. It gave immediate relief. Two bottles produced marvelous results," writes L. H. Warren, Albany, Wis. It digests what you eat and cannot fail to cure. Wamberg & Jacobson.

A boy was compelled by his teacher to write an essay on "The Mouth," for some infractions of the discipline, and this is what he wrote: "The mouth is the front door of your face; it is the aperture to the cold storage of your anatomy. Some mouths look like peaches and cream, and some look like a hole in a brick wall to admit a door or window. The mouth is a crimson isle to our liver; it is patriotism's fountain and a tool chest for pie. Without the mouth the politician would be a wanderer on the face of the earth and go down to a dishonored grave. It is the grocer's friend, the orator's pride, and the dentist's hope. It puts some men on the rostrum and some in jail. It is a temptation's lunch counter when attached to a maiden, and tobacco's friend when attached to a man. It is the home of that unruly member, the tongue. With out it married life would be like a dream, and the dude would lose half his attractions."

Did you say you were going to buy a new heater this winter? If so, then I can make joy in your household, if you will allow me to place a Radiant Home or Art Garland therein. Take a look at my big line—and new ones coming right along.

After doctors failed to cure me of pneumonia I used One Minute Cough Cure and three bottles of it cured me. It is also the best remedy on earth for whooping cough. It cured my grand-children of the worst cases," writes Jno. Berry, Loganton, Pa. It is the only harmless remedy that gives immediate results. Cures coughs, colds, croup and throat and lung troubles. It prevents consumption. Children always like it. Mothers endorse it. Wamberg & Jacobson.

Dr. Montgomery is here on his regular visit and has consented to look after his practice until his return. Dr. Montgomery will be found at the office during the day and at room 24, at the Hope House, at night.

A. M. McLaughlin and F. R. Rugg have made quite a trade. McLaughlin takes Rugg's wood and coal business, coal office, feed mill, wind mill and in fact everything on the west side of the street, except the large machinery warehouse, which we understand will be moved back farther west from where it now stands. Rugg takes McLaughlin's coal and wood office and the one lot on Steele avenue, and we learn will move it back to the rear end of the lot, to make room for a more modern building of some nature, on the corner. Mr. Rugg will continue in the machinery business and we will tell you more about his plans for the future, later on. The Pioneer hopes that the change will prove profitable to both of the gentlemen.

Gen. Barbe, Mendota, Va., says, "nothing did me so much good as Kodol Dyspepsia Cure. One dose relieved me, a few bottles cured me." It digests what you eat and always cures dyspepsia. Wamberg & Jacobson.
