INCREASING NUMBER OF MOTOR VEHICLES

23,175 Automobiles and 1438 Motorcycles Registered up to July 31, 1915, With Secretary of State

Thomas Hall, Secretary of State, reports an increase of more than 6,000 automobiles in North Dakota for 1915 over 1914. The motor vehicle registration books for this year will not close until December next, but taking the figures as shown until July 31 of this year and last, some interesting information is revealed:

To July 31, 1915, automobiles registered.....	23,175
To July 31, 1915, motorcycles registered.....	1,438
Fees received for automobiles.....	\$69,525.00
Fees received for motorcycles.....	4,314.00
Fees remitted to counties for good roads.....	61,132.50
FOR THE SAME PERIOD IN 1914.	
Automobiles registered.....	16,742
Motorcycles registered.....	1,189
Fees received from all motor vehicles.....	\$63,793.00
Fees remitted to counties for good roads.....	44,827.50

After July 31, 1914, but 605 automobiles and 86 motorcycles were registered, but with the combination of a splendid crop and the reduction in price of the motor vehicles, it is expected that more than 1,000 automobiles will be registered between now and December 31, 1915. In brief, the total number of automobiles registered for this year should not fall far short of 24,500, and the number of motorcycles may reach 1,500.

For 1915, Steele county has registered 384 automobiles and 32 motorcycles, and has received \$1248.00 for use in building roads.

FOR SALE

22 Head of Scotch Short-Horns

18 cows and heifers and 4 bulls. These cattle are well bred and are good individuals: I guarantee them to be breeders. The bulls are from ten months to one year of age, also one large, white, herd bull four years of age, the sire of the first prize, yearling heifer exhibited by me at the 1915 North Dakota State Fair. Three of the cows have bull calves and ten cows have heifer calves at foot.

Also 20 head of extra good horses, grade Percherons and Shires with lots of size and quality, from two to six years of age, weighing from 1500 to 1800 lbs. Some are sired by the second prize Percheron stallion at 1914 Ill. State Fair, some mares with foal to 2400 lb. Shire stallion, some well matched teams. Write for particulars or visit the farm, one mile east and one mile north of Grandin, North Dakota.

ANNOUNCEMENT

The Hope Light & Power Co. announce the opening of their Feed Mill and Elevator. They are now prepared to grind feed and a competent Grain Buyer will be in charge of the Elevator in the near future.

Tolerance.

Tolerance has been defined as "the capacity of endurance." It presupposes defects and faults. Reduced to its last analysis, it is the application of the Golden Rule. If everyone were perfect, there would be such deadly perfection in the world that it would be unbearable. We would all be alike—exactly alike. We love our fellow man because he approaches our ideal of perfection—because of his efforts to rise above his downward inclinations. No two men think exactly alike, but each may be honest in his convictions. The other man's conclusion should be respected, even though he differ from us, for we may be wrong. No man should be made to suffer because he does not think as we do, whether it is of religion, politics or morals. Intolerance is the basis of the boycott, and the boycott is despicable. Religion and politics are the right and left hands of intolerance. They have arrayed father against son and son against brother. They have brought on murders of wars. If improperly used they are the greatest barriers of civilization, just as are the greatest aid to progress if based on tolerance. Tolerance fosters friendships; intolerance beget hatred. Tolerance makes for calm consideration; intolerance bring revolution. Tolerance creates statesmen; intolerance is the mother of tyrants. Tolerance forgets self and considers the other man; intolerance is the glorification of the Ego.

Move Of Ohio Liquor Men.

In the hope the state-wide prohibition will again be defeated in Ohio the Constitution Stability League are initiating an amendment to restrict the rights of citizens by prohibiting a vote upon any measure for six years from the time that measure has been

defeated for the second time. That this liquor organization with its high-sounding name—misleading as the "Home Rule" League, whose place it takes—will not succeed in thus curtailing the personal and civic liberty of Ohio voters may be safely predicted.

Prohibition Campaigns In South Carolina And Ohio.

Two states vote upon the wet and dry question this fall. The prohibition referendum bill passed by the legislature of South Carolina comes before the voters of that state September 14. Ohio voters, under the initiative, decide the question November 2.

Since twenty-nine of the forty-four counties of South Carolina are already dry under the dispensary law and the remainder have dispensaries only in the principal cities—most of them only in the county seat—there is no reason to believe that this state will be nineteenth on the prohibition list.

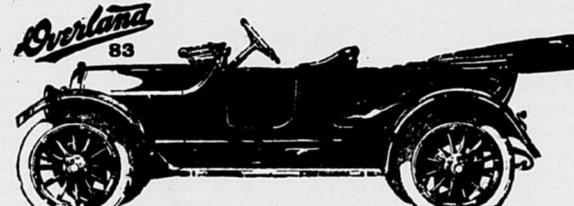

Prohibition was defeated in Ohio last November by a majority of 84,000, after a short campaign force by the interests, but despite this handicap seventy of the eighty-eight counties gave dry majorities. Outside the two cities of Cincinnati and Cleveland the amendment swept the state by more than 36,000 majority. Ohio, therefore, it is confidently expected, will be twentieth to take its place in the dry column.

Watch For The Swatting.

The reading public is to be heartily congratulated upon the fact that the Associated Advertising Clubs of the World have adopted the slogan, "Swat the Lie." One practical result of this action—if the advertising men live up to their pronouncements—will be the early disappearance from our newspaper columns of certain brewery ads.
