Special Edition November 18th.

The Pioneer will issue a special edition for Appreciation Week on November 18th. This edition will contain three illustrated pages giving information about the state and two pages will be devoted to Steele County and Hope. The whole edition will contain about twelve pages. The purpose of the Appreciation Week and the special editions which practically every paper in the state is issuing is to advertise North Dakota, therefore it is requested that all, who can, make it a point to send copies of the paper to their friends living in other localities. Parties desiring to send copies away are requested to place their order at this office in the near future as only sufficient number will be printed to fill the orders and the regular subscribers. The extra copies will be sold at the regular price of five cents each. When so desired the Pioneer will mail the papers when the list of names and addresses is furnished. Get your order in early.

Halloween Party.

A gathering of about thirty friends were entertained at the home of Mr. and Mrs. E. J. Walsh last Friday evening. The invitations were issued a number of days in advance informed those who were invited to come to the G. A. Warner home and bring with them a sheet and pillowcase. After all had gathered and were decked out in ghost-like garb several withches appeared on this scene and conducted the party to the place of entertainment. The entrance to the home was made through various and sundry underground dark and gloomy passages and finally upon arriving at a place where the witches were cooking a concoction each person was given a slip of paper upon which were instructions telling where to look to find his fate. Lights were then turned on and several hours were spent in various forms of amusement including bobbing for apples and popping corn. As a closing feature a delightful lunch was served.

Casselton 47, Hope 0.

The strong Casselton High School football team came to Hope yesterday and gave the fans here a demonstration of football as it should be played, defeating the Hope team by a score 47 to 0. Altho the home boys were decidedly outclassed they fought to the best of their ability to the end of the game. Compared with the work of the visitors the Hope team was sadly deficient in the fine points of the game and also in the rudimentary art of tackling. However, with a little more experience and coaching these things may be improved. Casselton has without doubt the best high school team in the state and has yet to be defeated. They have won from Fargo, Valley City, Jamestown and Detroit, Minn. That Hope has improved since the previous game with Casselton is shown by the score, the former score being 116 to 0. Hope had one opportunity to make points in this game when they secured the ball on a fumble on Casselton's 20 yard line. Three attempts failed to gain and Stevens made a nice attempt for a field goal but the ball went wide. Outside of the Casselton players, there were no stars in the game.

Italy's Crack Regiment. The most imposing regiment in the Italian army is the Corazzieri, or royal bodyguard, which, for smartness and physique of man and horse, is the most magnificent corps of the kind in Europe. No trooper in the Corazzieri is less than six feet one or two, while many are far taller, and the wonderful feats of horsemanship are known throughout Europe. Most of the men are comely of feature as well as splendid of limb, and the large majority of them come from the peasantry.—London Chronicle.

Don't draw a check and send it to a person out of the city, expecting to make it good before it can possibly get back; sometimes telegraphic advice is asked of such checks.

THE MAN BEHIND THE PLOW

is the most independent worker of which we know. He is his own manager and enjoys complete control of his business.

But while he is independent, yet he must take care of himself as a duty to himself and family. We believe the best way of doing this, so far as the farmer of this community is concerned, is to have an account with this bank.

If you will deposit the proceeds from the sales of your farm products in this bank you can then pay all your bills with checks on us. If you have not been using this method of keeping a check on your business you will appreciate the many advantages offered by such a system. It will save you considerable worry about the safety of your money or the danger of paying bills a second time. Your cancelled checks are a receipt for every dollar paid out.
