Roller Feed Grinding Outfit

The new up-to-the-minute roller process of grinding feed saves you one-half of what it now costs you to feed your stock. Will grind twice as fast with same power, as the best burr or stone mill ever made and does not heat the feed. Has great capacity, very simple, grinds fine or coarse, requires little power, has no burrs or other parts to be constantly wearing out, also grinds corn-meal and graham. Will last a life-time. Made in all sizes from the smallest to the largest. Sold with or without engine. Big money in custom grinding. The Roller Mill Way is the only way.

Go-To-Church Campaign Ends.

Everybody attention! The special Go-to-Church campaign of the Methodist Church which has been in progress during January will close next Sunday. This will be your last Sunday to help in this campaign. Therefore all who do not worship elsewhere will want to be present. Rev. Ensign will preach a sermon appropriate for the occasion at the Sunday morning service at eleven o'clock. Your presence and inspiration will be appreciated.

H. H. S. Play a Success.

"Dan Cupid, Head Coach" the play presented by the H. H. S. Athletic Association at the opera house Friday evening drew a large attendance. The play was well presented and made a good impression on the audience. The members of the cast all carried their parts in good style, the result of careful training and hard work. The stellar honors are conceded by all to belong to Lloyd Pepper who carried the leading comedy part of Silas Reuben Hezekiah Spinks, "fresh from the verdant green". The financial end of the venture was also a success, the box-office receipts being over \$70.00.

Fargo Defeats Hope.

The basket ball game between the local high school team and Fargo Saturday afternoon drew a good attendance. The game was an interesting one from start to finish. Fargo opened with a rush and scored three baskets in short order and Hope was never able to over come this lead. The first half ended with the score 10 to 18. The second half Trammell went in at center for Hope and Stevens was shifted to Forward in place of Hanley. In this half both teams scored seven baskets making the final count Fargo 32 and Hope 24. Reynolds started the game at guard but was replaced after getting a bad bump on the knee, Ray taking his place.

We can all get jobs working for the upbuilding of the community—and the pay is both large and certain.

Don't draw a check and send it to a person out of the city, expecting to make it good before it can possibly get back, sometimes telegraphic advice is asked of such checks.

THE MAN BEHIND THE PLOW

is the most independent worker of which we know. He is his own manager and enjoys complete control of his business.

But while he is independent, yet he must take care of himself as a duty to himself and family. We believe the best way of doing this, so far as the farmer of this community is concerned, is to have an account with this bank.

If you will deposit the proceeds from the sales of your farm products in this bank you can then pay all your bills with checks on us. If you have not been using this method of keeping a check on your business you will appreciate the many advantages offered by such a system. It will save you considerable worry about the safety of your money or the danger of paying bills a second time. Your cancelled checks are a receipt for every dollar paid out.
