### LIVESTOCK SHOW WILL SET NEW RECORD FOR STATE

State Fair at Fargo July 17 to 22 Inclusive Will Take Care of Important Feature Better Than Ever.

Every person who is interested in livestock, no matter what class should be present at the North Dakota State Fair of 1916 to be held at Fargo July 17-22, for from present indications this department of the big show will be the greatest ever shown in the state. The fair officials appreciating the fact that North Dakota is rapidly forging to the front among other states of the union along the lines of livestock breeding, have provided an offering of nearly twenty thousand dollars in premiums for this division of the fair alone. In the cattle department, nine thousand dollars has been allotted and the balance of the stupendous offering will be proportioned to the horse, swine, sheep and poultry divisions. Great interest has been aroused among the state's breeders for never in the history of North Dakota has the response been so favorable nor have a stronger or classier exhibits been prepared for showing. This gives a wonderful opportunity to prospective buyers who wish to place pure bred animals on their farms for by a short trip to the state fair they may come in contact with the greatest herds and breeders in America. In anticipation of the mammoth showing, the management are at present building additions to two of their barns in order to properly house the exhibits and take care of the exhibitors in the best possible manner. This outlay of several thousand dollars goes to further show the determination of the fair association to co-operate with this industry in a substantial manner and to make the 1916 exposition absolutely the best that money and effort can produce. The dates are July 17-22 inclusive.

Concerts and parades both in the city and on the grounds will be in order during the entire week making a veritable musical festival in connection with North Dakota's great annual exposition.

The famous "Kilties," featured as Canada's greatest representative concert band, will be the headliners coming here.

The Fargo band, of which H. M. Rudd is the popular director, will be on hand with all the old favorites which have endeared him to the hearts of Fargo citizens.

The Valley City band led by L. W. Hubbard, has been favored with a contract this year and will surely give a good account of themselves.

The famous Larimore band, known all over the state will be brought in from the north with a strong aggregation.

The C. A. Wortham Carnival company which has been booked, carry their own twenty-five piece silver cornet band which is touted by the show management as the best in the business.

agement and it is doubtful if anything in North Dakota has equaled it.

#### Rehearing Denied in School Case.

Attorney George Bangs, counsel for the petitioners, was given ten days in which to reply to the new points presented in the supplement.

In the meantime the board of education must withhold building operations until the matter has been disposed of.

Mr. Bangs declared another application for rehearing the school case would be sent to the supreme court within the required time. If the next application for a rehearing is refused, the order dissolving the injunction forbidding the construction of the proposed new high school will stand.

virulent form.

Thus it is possible for students in domestic science to put in a good share of the day in this one subject for a period of three weeks. The same can be done with elementary agriculture, nature study, manual training and some other branches.

#### Believed Innocent; Freed.

T. Carbury of Marmarth has been pardoned by the state board of pardons. This action was taken after many prominent people of the state requested it and no one had protested. Mr. Carbury was sent to the penitentiary five years ago, on a charge of murder. A man was killed in an altercation and two men were convicted for the deed, although the testimony showed that only one man could have done the act. His record at the penitentiary has been excellent.
