Vote on Legislative Ticket

The official count of the votes cast at the Primary election was made by the canvassing board last week. In the legislative ticket the vote in the two counties is as follows:

Candidate	Steele	Griggs	Total
Porter Kimball	592	363	955
R. A. Lathrop	388	276	659
A. M. Baldwin	327	271	598
E. W. Everson	652	470	1122
A. M. Hemerlin	440	185	575

This places the names of Mr. Kimball, Mr. Lathrop and Mr. Everson on the ballot at the fall election.

Built for the Business Farmer

The Dort was built for the business farmer. For 30 years Dort had been building farm vehicles. He knew what the farmer wanted for vehicles and what he needed in an automobile.

If an automobile is going to be a business asset to the farmer he must be able to use it every day in the year; when the roads are deep with snow; when the temperature is far below zero; and again in the spring when the frost is coming out of the ground and the mud is so deep and thick that the average car will sink to the hubs and be hopelessly mired.

The Dort is built for these conditions. It is a real farmer's automobile. The price, \$665, puts it within the reach of every business farmer. Its light weight insures low cost of operation.

From every standpoint of mechanical excellence and appearance the Dort merits a careful investigation of the Business Farmer.

See the Dort at our show rooms.

Taking Big Chances

It is a great risk to travel without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as this preparation cannot be obtained on the trains or steamships. Attacks of bowel complaint are often sudden and very severe, and everyone should go prepared for them. Obtainable everywhere.—Adv.

Swal the Rooster

Allowing the rooster to run with the rest of the flock during the summer months costs the North Dakota farmer several thousand dollars a year according to information received in Grand Forks. The rooster fertilizes the eggs, and fertilizing eggs develop blood rings within 26 hours. As eggs with blood rings are unfit for food they are responsible for heavy losses in marketing. Since the rooster is not necessary for egg production it is recommended that he be removed from the flock after the hatching time.

Biliousness and Stomach Trouble

"Two years ago I suffered from frequent attacks of stomach trouble and biliousness," writes Miss Emma Verbyrke, Lima, Ohio. "I could eat very little food that agreed with me and I became so dizzy and sick at my stomach at times that I had to take hold of something to keep from falling. Seeing Chamberlain's Tablets advertised I decided to try them. I improved rapidly." Obtainable everywhere.—Adv.
