

Pessimists Knock Clean-Up Campaigns

—We hope there aren't any pessimists in our community, because they would try to hinder the sale of our—Formaldehyde for disinfecting purposes, Crenoid fly-chaser and disinfectant, Paints, Varnishes, Wall Paper, Wall Cleaner, Alabastine.

Why not make this a Fly-less Community, something you read about in the papers and sometimes scoff at, but it can be done by a systematic crusade against the little buggers. Formaldehyde kills flies in all stages of growth; Borax, and Creonoid Fly-Chaser are both good larvicides. We carry all these and more in stock.

Yours for a clean city;

Constipation and Indigestion

"I have used Chamberlain's Tablets and must say that they are the best I have ever used for constipation and indigestion. My wife also used them for indigestion and they did her good," writes Eugene S. Knight, Wilmington, N. C. Chamberlain's Tablets are mild and gentle in their action. Give them a trial. You are certain to be pleased with the agreeable laxative effect which they produce. Obtainable everywhere.—Adv.

Locals

As We Heard Them

E. A. Palfrey returned last week from Rochester, Minn., where he had had a slight operation in his throat.

The M. E. Aid Society served a dairy lunch in the Bijou Theatre last Thursday evening which was very well attended.

Miss Nielson, of Finley, will give piano lessons on Monday and Tuesday of each week at McLaughlin's Jewelry Store.—Adv. 2 tp.

Auditor Mustad and family were down from Sherbrooke Friday evening to attend the closing number of the Chautauqua program.

Miss Ella Sonstrud departed Tuesday evening for Crookston, Minn., where she will enjoy a short vacation with relatives and friends.

W. J. Milligan, who was visiting here last week at the home of his son, E. J., left Monday morning for Plentywood, Mont., where he has accepted a position as grain buyer in an elevator.

Mrs. Ella McMahon has packed her household goods and will leave in the near future for points in Minnesota where she will make her home the coming year. She has leased her residence to Mr. J. F. Beckerjeck.

P. F. Orn is building a large barn on his farm north-west of town and when it is completed it will be equal to the best in this neighborhood. It is to be strictly modern and is equipped with a King ventilating system.

It is reported that there was an exceptionally heavy rain storm north of Hope Monday forenoon, appearing in some localities as almost a cloudburst. The storm struck in the neighborhood of Finley, coming from the northwest.

Mrs. J. F. Beckerjeck and children are expected to arrive shortly from Seattle where they have made their home for some time past. They will take up their residence again in this city, Mr. Beckerjeck having leased the beautiful residence of Mrs. McMahon for the coming year.

The Christy Hippodrome Shows will present a nice clean show that will please old and young. If you enjoy an evening of novel entertainment be on hand at the grounds when the show opens. A big free band concert will be given on the street. Come early and see it all.—Adv.

Robt. Saunders is adding to the value of his farming property this summer by constructing a large barn which will be second to none when completed. Bob does not do things by halves and is making this structure first-class in every particular, including a frost-proof ventilating system.

Ed. W. Hanson, Hope's efficient lumber dealer, has been supplying the material for a number of large barns which are being built in this vicinity. Among the up-to-date features he has been supplying them with is the King Ventilating System which, when properly installed, renders the barns free from the frost that usually gathers on the walls and ceiling in the winter time.

The weather the past ten days has been very much above the average temperature for North Dakota. This fact coupled with the amount of moisture which has fallen has made ideal conditions for the breeding of rust. In some fields it is reported to be quite bad and in others there is little or no sign of it. A change to cooler weather with plenty of strong breezes will prevent any great amount of damage being done.

White Sewing Machine for sale at a bargain, practically new. Call on McLaughlin.—Adv.

Miss Underberg, of Bode, Ia., arrived Tuesday and will visit for a time in our city at the home of her sister, Mrs. T. Thorsland.

Mrs. Ed. W. Hanson and children left Tuesday morning for Kenmare where they will spend their summer outing with friends and relatives.

Trained Dogs, Ponies, and other animals that will please you at the Christy Hippodrome Shows, August 3rd. Don't miss this attraction.—Adv.

Mrs. Francis and daughter, of Minneapolis, have been visiting at the home of Mr. and Mrs. K. W. Haviland the past two weeks. Mrs. Francis is Mrs. Haviland's mother.

Mrs. C. F. Husome and daughter, Winnifred, left Tuesday evening for Anoka and other points in Minnesota where they will visit for a number of weeks with relatives and friends.

Mrs. W. U. White returned Saturday from Rochester, Minn., where she recently underwent an operation. She is recovering very rapidly and will soon be in the best of health again.

Prof. Harrington, of the Manitoba Agricultural College, of Winnipeg, and Mr. Trott, of the Grain Growers' Guide, were visitors in our city last week investigating the Better Farming Movement and the work of our County Agent, Mr. A. E. Nelson. Their purpose is to establish something similar to this work in Canada.
