

Always Use High Class **STATIONERY** to Create a Good Impression

The Very Latest Styles

It's an old, old saying that the people you write to often judge you by your stationery. And there is a great deal of truth in the fact that stationery can be so chosen as to reflect the best of judgment and taste. Stationery suitable for one occasion may be entirely out of place for another. Then, too, the styles in stationery change the same as styles in clothing. To be sure that your stationery is right for all purposes, always buy it here.

Political Talk

The undersigned would like to meet the voters of the community at the City Hall (Fire Hall) next Tuesday evening, Oct. 10th, at 8:30. Feeling that there has not been a clear understanding of my position on some issues before the last session of the legislature, I would be pleased to have an opportunity to present my viewpoint. This is my "first offense" in making a political talk (not speech) so I can plead for a light sentence.
