

USL—a correct battery and complete service

Your Battery's Sturdiness

IT'S when your battery's plates wear out, that you buy a new battery. Economy for you, therefore, means the battery with durable plates.

Machine-Pasted Plates are what put the extra wear into the USL Battery. Heavy machine-pressure compresses the plate material into a tough, sturdy structure that stands up and lasts.

Jars, tops, separators, cases—all details right. The USL is a guaranteed battery.

We back the USL Battery with a SERVICE which keeps your electrical system in tune and keeps you "battery-happy."

HOPE, NORTH DAKOTA

At a meeting of the state executive board of the American Legion held at the Headquarters at Fargo on Monday, arrangements were made for the North Dakota delegation to the national Legion convention to be held at Cleveland, Ohio, September 27, 28 and 29.

Quarters for the North Dakota delegates have been secured, and instructions to the delegates compiled. It is expected that about 40 North Dakota Legionnaires will go to the National convention.

Hunting season opened today and practically all of the local nimrods have taken to the fields and sloughs. A large number went to Goose Lake near Luverne and those returning early today after the morning shooting have brought back the limit of fifteen ducks, among which are a large number of mallards. These fine ducks seem to be very numerous this year. Very few spent much time hunting the prairie chicken, but some report having bagged a few of these birds, which seem to be more plentiful than usual this year.

Through the efforts of Mrs. G. E. Martin and Mrs. H. E. Trammell a purse of money was raised and some clothing and bedding were given to the folks who suffered a severe loss by the fire on last Monday afternoon. The mother and children are being cared for at the home of Mr. and Mrs. Thompson.

Your eyes are valuable. You want the best. Then see I. E. Littig, doctor of optometry, for glasses. At Hope Friday September 24th.

Deputy Sheriff Oscar Johnson was called to Luverne recently to serve papers on several gamblers of our neighboring town. Some of the men turned states evidence, and one was fined \$10 and costs, amounting to \$50 in all. The one who conducted the joint waived preliminary examination and was bound over to the district court.

Corporal Claude Dowling arrived home the last of the week from Camp Taylor, Ky., where he spent an extra year's service with the First Division after its return from overseas. Claude is now back in civies and is through with the army for a while. He was accompanied home from St. Paul by his sister, Miss Hazel, who has been attending a business school there the past winter and summer.

We wish those people who are planning to have auction sales this fall and wish us to furnish the advertising would call at our office as soon as they have completed arrangements and let us know their wants as far ahead of time as possible. We are short of help and as we have to handle twelve sale bills the past two weeks, it keeps us busy day and night turning out the bills, and taking care of the other job work and the publication of the Pioneer. Some have already found it necessary to postpone their sales a few days in order to get their printing done. Avoid this by arranging your dates so that it will give us a week or so to plan your work before it is necessary to post the bills—about a week or ten days before the sale you should do this—making about three weeks beforehand that you should arrange for your advertising. We want your work and will do all we possibly can to satisfy you, but it will sometimes be physically impossible to take care of your work unless you notify us far enough ahead of time.

The Child's Education

THE opening of a new school term naturally directs attention to education.

WE take pride—and justly so—in our public school system; but the lessons of life are not all learned in the school room.

HOME influence plays a mighty part in shaping the child's character and destiny.

THE thrift habit, once firmly instilled by the parent's example, stands throughout the years as a guide-post on the way to success.
