RESOLUTIONS

Another year has passed, and we have enjoyed living and doing things, as much as any other year that we can remember, Life is what we make it and we try to make ours as pleasant as possible, and we believe everyone tries to do the same.

As a New Years resolution we suggest the following, let us all use every means at our command to make this a better community in which to live.

Let us all boost for good roads, good schools, and a good town, speaking for ourselves we shall continue in the future the same policy that has governed us in the past.

We shall fearlessly support any move towards the betterment of local conditions, regardless of opposition whatever form it takes.

We shall continue to serve you in our business with the utmost courtesy, and supply you with quality merchandise at the lowest prices possible,

Faithfully yours,

C. A. BECKER

THE LITTLE BROTHERS OF THE NATION

There is no phase of the achievements of our government more creditable to us than that dealing with the acquirement and handing of our outlying possessions.

A foreigner speaking of the United States colonization work says: "There never was a colonizing power which set out so fast to teach and educate the native races with which it came in contact. One great fact in development which citizens of the United States understand is that money spent on essentials is bound to pay itself back.

An interesting account of our insular and other outlying possessions is given in the latest booklet of the series of Our Government being issued monthly by this institution. Are you receiving them?

The Season's Greetings

We wish to extend to you our best wishes for a Merry Christmas and a Prosperous New Year. Our Christmas wishes are a little bit late owing to the fact that we were very busy at that time, but they are none the less sincere.

We also wish to thank you for the splendid patronage given us the past year and will endeavor to give you the service in the coming year that will warrant a continuance of the same.
