

UTAH MINES ARE IDLE AND ARMED PICKETS ARE ON DUTY

Miners Ignore the Advice of President Moyer and Walk Out—Clash in the Colorado Field

Bingham, Utah, Sept. 18.—Every mine in this camp was closed this morning and 5000 miners are idle as a result of the unanimous vote of the miners last night to strike for an advance of 25 cents a day in wages and recognition of the union. The mines are picketed with strikers armed with rifles, shotguns, pistols and clubs, who turned back all who appeared for work. There were no disorders this morning, but a small force of deputies is reported to be useless in the trouble, and Sheriff Sharp went into conference with state officials relative to the wisdom of placing the camp under martial law.

President Moyer, of the Western Federation of Miners, is here advising the strikers. He urged a postponement of the walkout in a speech last night, but his advice was unheeded.

Should the strike continue more than a week, the reduction works and smelter at Garfield, handling Bingham ores, will be forced to close for lack of material.

FINANCIAL MANAGERS OF PRESIDENTIAL CANDIDATES TO TELL CLAPP'S COMMITTEE HOW MUCH THEY SPENT BEFORE CONVENTIONS

At the left—Lieut. Gov. Cox and former Senator Dubois. Center—Wm. F. McCombs. Right—Wm. B. McKinley.

Washington, Sept. 18.—If, as Senator La Follette, Senator Penrose and other enemies of the colonel have repeatedly declared, Theodore Roosevelt got from tainted sources a large share of the campaign fund which he used in the Republican pre-convention campaign, the country will know about it long before election. Senator Dixon and Ormsby McHarg, the gentlemen who handled the finances for Mr. Roosevelt in that campaign, have come forth voluntarily and agreed to tell everything to Senator Clapp's campaign expenditure committee, which reconvenes in Washington on Sept. 30.

Not only Messrs. Dixon and McHarg have agreed to testify, but likewise the managers of all the presidential aspirants in the pre-convention campaigns except Mr. La Follette. William M. McKinley will tell about the Taft fund; William F. McCombs about the Wilson fund; former Senator Dubois about the Clark fund; Senator Bankhead about the Underwood fund; and Lieutenant Governor Cox of Ohio about the Harmon fund. They have all agreed to make a clean breast of it.

Public interest, of course, will center in the testimony of the managers of Taft, Roosevelt and Wilson, especially the two former. So many charges have been made concerning the sources of the Taft and Roosevelt funds that the public could hardly fail to be interested. Those who are high up in the councils of the president and of the colonel say these candidates do not fear the investigation, having nothing to conceal.

The campaign managers have agreed to appear before the committee on Sept. 30. Their testimony, however, will probably not be given until a late date.

ROOSEVELT TO APPEAR BEFORE COMMITTEE

Washington, Sept. 18.—Colonel Roosevelt will reach Washington Tuesday afternoon, Oct. 1, according to a telegram from the colonel's train today. Chairman Clapp will arrange a hearing that afternoon regarding the alleged \$100,000 contribution of the Standard Oil company to his 1904 campaign fund.

It is expected that Colonel Roosevelt will go direct from his train to the capitol, where the committee sessions will be held. New York Progressive headquarters plan to have the colonel remain in Washington for a mass meeting on the night of Oct. 1.

GUARDING AGAINST SEAT SPECULATION IN WORLD SERIES

Boston, Sept. 18.—Arrangements for the games in this city of the coming world championship series at Fenway park are well under way. Carpenters are rearing temporary stands in all available space. Ten thousand seats in addition to the normal capacity of 22,000 will result. Clerks each day face a huge pile of correspondence from all parts of the country regarding the 25,000 seats reserved. The Boston management has adopted an elaborate system for protection against ticket speculators. The system already has uncovered attempts to buy tickets in bunches for speculative purposes.

It is announced that all reserved seats will be distributed to individuals in person, except in general allotments to the national baseball commission and players. No tickets will be sent out by mail, registered or otherwise.

ZAPATA TELLS WHY MADERO IS FOUGHT

Rebel Leader Declares That Promises Are Not Kept

RESIGNATION OF THE PRESIDENT DEMANDED

Threat Is Made to Kill Every American in Mexico if There Is Intervention on the Part of the United States.

New York, Sept. 18.—General Emiliano Zapata, the Mexican rebel chief, explains the objects of his rebellion in a statement to the Herald. He says Madero promised to reduce the taxes of the large estates to compel the distribution of funds. The promise was not kept. He charges Madero with employing men who helped him win and putting 73 relatives into positions of trust at large salaries. Zapata demands that Madero resign immediately and leave the republic with his family, and that an "honest" election be held. He demands a revision of the laws to give the poor man a chance. Zapata claims he has 18,000 men under arms in 18 states. Accompanying the statement is the following declaration regarding the rumors pending the intervention of the United States in Mexico.

"If intervention comes I will kill every American in Mexico. Then I will join the federal army to fight the northern country."

SNEAD INDICTED FOR THE BOYCE MURDER

Amarillo, Tex., Sept. 18.—J. B. Snead, the Amarillo banker, was indicted yesterday afternoon for the murder of Al G. Boyce here Saturday afternoon, by the Potter county grand jury.

When the writ was read to Snead by Sheriff Burwell the banker maintained his composure, thanked the officer, but made no other comment. Application for a writ of habeas corpus will be filed probably today, according to Snead's attorneys. The trial of Snead for the murder of young Boyce could not be held before the January term of the district court. Before that, in November next, he will face trial at Fort Worth for the murder of his Amarillo victim's father.

Snead was visited by his attorneys and newspaper friends of the Snead clan. To them he declared he was confident of acquittal on the last charge of murder when all the facts of the tragedy became known.

No high degree of partisan feeling was yet apparent among the friends of the Boyce or Snead families.

WILSON SPEAKS ON ROOSEVELT'S TRUST SOLUTION

Annapolis, Sept. 18.—How the steel trust would benefit by the Progressive plank proposing regulation of trusts by a federal commission was discussed by Governor Wilson in a speech between Sioux City and St. Paul today.

"If you look into statistics of the United States Steel corporation," said Governor Wilson, "you will find that wherever it has competitors the amount of product it controls is decreasing; in other words it is less efficient than its competitors in its control of products, increasing only by branches of the business where by purchase and otherwise it has a practical monopoly."

"Carry out the plan of Gary and Perkins and you will have given them control in the market for labor, which will suit those gentlemen perfectly. They don't want competitors to come into the market for labor because new competitors means new wage schedules."

Border Patrol Strengthened.

Douglas, Sept. 18.—Reports that Salazar's rebels are traveling toward Hachita, N. M., for the purpose of converting into cash the bullion they stole at El Tigre caused the strengthening of the border patrol.

General Sanjines ordered Colonel Munoz, whose command of federals relieved El Tigre, to pursue Salazar. Nothing has been heard of Antonio Rojas' band for three days. They were last located at Colonia Oaxaca, 15 miles from Morelos. Mexican officials learned that Rojas and Salazar had quarreled because Salazar refused to join Rojas when the latter was threatening Agua Prieta.

Every American ranch and mine in southern Sonora has been looted by rebels, according to C. E. Booker, an American rancher, arriving here today. He reported a band of 250 rebels headed by Jose de la Torre, is at Palmito, 50 miles east of Montezuma, awaiting ammunition.

Disposition of Captured Rebels.

Washington, Sept. 18.—The disposition of the Mexican rebels, who are deserting across the boundary into the United States or are being chased across by federal forces, threaten to become a perplexing problem.

Without precise knowledge on the point at the war department it is assumed that most of the men, and certainly the members of General Oroco's personal staff, and his father, who were captured by United States troops will remain in the custody of General Steever.

He cannot keep them indefinitely, however, and it is expected at the war department that they will be turned over to the officers of the department of justice or released if no charge is lodged against them, under guarantee that they will not undertake to make American territory the base for hostile action against Mexico.

It is possible that the prisoners may be tried in the United States but on charges of violation of the neutrality laws by using American territory as a base for hostile operations against a friendly nation.

Extradition Warrants Filed.

El Paso, Sept. 18.—Preliminary extradition warrants have been filed with the local United States commissioner by the Mexican consul at El Paso against General Pascual Oroco, Sr., father of the rebel commander, who is held with six others at Prestdio, Tex.

It is said that the charge of murder is entertained against the elder Oroco.

The offense is alleged to have been committed in Juarez, Mex., in June, when it was reported that the rebels executed a number of federal spies.

No attempt has been made upon the part of the Mexican government to hold the remaining five men who fled to the American side before the federal captured Ojinaga.

However, as far as is known here tonight, the prisoners remain at Prestdio, which is on the border 60 miles below Marfa, Tex., on the nearest railway.
