

# NO MENTION OF PRESIDENT TAFT IN RESOLUTIONS

## Lincoln County Candidates Indorse Borah and Pledge Him Their Support—Organization Trouble Settled

(Capital News Special Service.)  
Shoshone, Sept. 21.—The Republicans of this county have closed up the gap of disunion, after reorganizing the county central committee. The contest went to the state central committee and it was decided there that Edward R. Dampier was the regularly elected chairman, unseating Senator Hastings. Secretary E. A. Bowler refused to co-operate with the chairman and tendered his resignation. This office was filled by ex-Governor Gooding's man, John Thomas, and the committee got down to business at once. The candidates accepted the situation and agreed to work in perfect harmony with the committee as now constituted. The candidates adopted a platform of principles for the consideration of the electors of the county.

It will be noticed that they carefully evade all mention of the president of the United States and fail to indorse the nomination of William H. Taft for the presidency. The legislative candidates pledge themselves to vote for Senator Borah. The resolutions are as follows:

"We, the Republican nominees for legislative and county offices within and for Lincoln county, state of Idaho, desiring to promulgate our political principles, do hereby make the following declarations and pledge ourselves in the following manner:

"We reaffirm our allegiance to the principles of the Republican party and we firmly believe in the ability and wisdom of the grand old party to cope successfully with all public questions in a progressive manner resulting in the future as in the past in wise and just administration of our public affairs.

**For Senator Borah.**  
"Acknowledging and appreciating the splendid services rendered to our state by our able representatives in congress we heartily endorse all their transactions and efforts in behalf of our state and our nation and in particular do we entertain and cherish a just pride in the accomplishments of our able and loyal United States senator, Borah, and fully appreciate the noble work so well performed in behalf of our commonwealth and the nation by that distinguished statesman, and we pledge our united support to his reelection to succeed himself.

"We believe in progressive policies and in carrying them into effect by active work rather than promises and declarations.

"We believe the people are the true rulers in a republic like ours and the officials from the highest to the lowest are and of right should be the servants of the people and should so conduct the affairs of their offices as to comply with the wishes of the majority of the people, and should at all times be governed by and enforce existing laws of the state and nation.

"We believe in honest and economical administration of all public affairs and strict compliance with the enforcement of the laws.

"We believe that municipal government in every branch should be conducted economically and along strict business lines and we believe that a public official in whatever capacity should attend to his duties and transact all public business along economical lines same as a prudent business man would attend to his own personal and individual affairs.

**Public Utility Commissions.**  
"We believe that public utility commissions would tend to the betterment and upbuilding of our progressive state and we urge that legislation to establish such commission be enacted as soon as conditions warrant the adoption of same.

"Appreciating the value of good roads and their tendency towards developing a community rapidly and substantially we pledge ourselves to do all within our power towards promoting

## Mrs. Della Long Unable to Stand On Her Feet More Than a Few Minutes at a Time.

Pendergrass, Ga.—Mrs. Della Long, of this place, in a recent letter, says: "For five or six years, I suffered agonizingly with womanly troubles. I couldn't sit up more than a few minutes at a time, and if I stood on my feet long, I would faint. I took Cardui, and it helped me immediately. Now, I can do my work all the time, and don't suffer like I did. Take Cardui when you feel ill in any way—weak, tired, miserable, or under the weather. Cardui is a strength-building tonic medicine for women. It has been found to relieve pain and distress caused by womanly troubles, and is an excellent medicine to have on hand at all times.

Cardui acts on the womanly constitution, building up womanly strength, toning up the nerves, and regulating the womanly organs. Its half century of success is due to merit. It has done good to thousands. Will you try it? It may be just what you need. Ask your druggist about Cardui. He will recommend it.

# LIFE SENTENCE GIVEN CAREY FOR MURDER

(Capital News Special Service.)  
Vale, Ore., Sept. 21.—Life imprisonment was the sentence imposed yesterday upon Asa Carey, who was found guilty of murder in the second degree on last Sunday for having killed Jasper Westfall, the late marshal of Westfall on May 10. Carey was still bearing the same "don't care" spirit and seemed happy as he left this city on the train yesterday afternoon in custody of Sheriff Kerfoot. In fact, he has been in the same spirit ever since the terrible tragedy.

With him in the custody of the officers were six other prisoners facing indeterminate sentences. Louis Butchick and John G. Hanson, the horse thieves who were sentenced to serve from 1 to 10 years; Phil Mink, the highway robber, 3 to 15 years; John Mullen, W. C. King and H. C. Dale, the Ontario burglars, 1 to 7 years.

The term of circuit court ended yesterday afternoon and there remain five prisoners in the county jail, some serving out sentences as the result of trials and others whose cases have been continued till the January term. Subscribe for the Capital News.

# FAREWELL PARTY AT ARROW ROCK

## One of the Big Events of the Season at the Reclamation Camp.

(Capital News Special Service.)  
Arrow Rock, Sept. 21.—Good times in Arrow Rock! Well you should have seen the crowd which assembled last Wednesday evening in response to the following ultra cordial and strikingly informal invitation:

"You are cordially invited to attend a double farewell party in honor of Miss Grace McFadden and Claude Weymouth, who are soon to depart from our midst, the one to dispense and the other to receive education. (If you have a family, bring them. We don't want to have to write a separate letter for those with and without.) Let us see your smiling faces at the Arrow Rock dance hall at 8 p. m. Wednesday evening, Sept. 19, 1912. There will be eating, dancing, music and unrestrained mirth. Let all who ever wore the semblance of a smile turn out and loosen up! Let us demonstrate to ourselves and to all outsiders who happen to be present that we can have a better time at Arrow Rock than anywhere on earth.

"P. S. It is suggested that all ladies who find it convenient add to the joy of nations by bringing a cake.

Another P. S. For the love of Mike be reasonable, and be on time."

The committee was composed of the young men of the Arrow Rock Dancing club and they were ably assisted by a number of young matrons, among whom were Mrs. Arnot, Mrs. Couenhoven, Mrs. Holden, Mrs. Steadman and Mrs. Butler.

The tent sheltered dancing pavilion erected by the club early in the season, was gay with flags and bunting and fragrant with autumn flowers of every hue. The piano was banked with brilliant asters from the camp own gardens and every available spot wreathed in nature's garlands.

The improvised lights shone over as brilliant an assemblage as ever graced the polished floors of an Astor-bilt's drawing room. Good fellowship prevailed, the fun waxed fast and furious and when Doc Shaw mounted a box to quiet the guests of honor with a choice collection of superlatives, the applause fairly reverberated through the canyon and died away in silvery echoes up Grouse creek.

At 11 o'clock the familiar call of "Everybody dance" was superseded by the welcome announcement "Everybody eat." Then Verne Clawson, Joe Markham, Joe Pope, "Mr." Wiese, the several Smiths, Dave Williams and other fellows, began to walk around the room with great trays of sandwiches,—generous with the most toothsome deck-loading white pitchers of fragrant coffee, thick cream and massive cubes of sugar followed closely and cake, such as only the reclamation ladies know how to bake, disappeared like a June frost. Then Doc Shaw set his medicine case conspicuously on the piano and urged everybody to have another round at the eats. Following the disappearance of several crates of fruit, dancing was resumed to the music of the best orchestra in the west.

"Skoots" and Oscar struck the first notes of the "Home, Sweet Home" waltz amid the protests of the tired and happy revelers and the swellest occasion of the season was over.

The guests of honor expressed their appreciation to the hosts and said goodbye for a season to the jolly good times at Arrow Rock camp.

**Arrow Rock Notes.**  
Mr. Weymouth left Thursday morning for Madison, Wis., where he will take an engineering course in the state university.

Miss McFadden will leave next week to take charge of a school in the western part of the county.

# MALHEUR COUNTY FAIR NEXT WEEK

## Aeroplane Flights and Buckaroo Sports Will Be Features Each Day.

(Capital News Special Service.)  
Ontario, Ore., Sept. 21.—The third annual Malheur County fair will open its gates to the public next Tuesday morning, Sept. 24, at 10 a. m. The fair this year will be bigger and better than ever before, and besides the splendid horticultural and agricultural display, which is insured on account of the bounteous crops this year, and the fine exhibit of livestock, the race program will be one of the best ever featured here. Aside from the regular fair program there are two special features that will not be seen at any other fair this year. One will be the exciting buckaroo sports that will take place in front of the grandstand every day during the intermissions in the regular race programs, and the other the daily aeroplane flights at the fair grounds by Elias Christofferson in a Curtiss machine between the hours of 1 and 2 p. m.

Mr. Christofferson, and his brother, H. P. Christofferson, and E. Crowley arrived last Monday from Livingston, Mont., where he has been giving daily exhibition flights. The aeroplane arrived Wednesday and was at once taken to the fair grounds. Mr. Christofferson is the bird man who made such sensational flights in Portland recently and some wonderful feats in aerial navigation is expected at the fair grounds in Ontario next week.

The leading features of the buckaroo sports will be the wild horse races, the roping contests, the bucking contests and the fete of bulldogging a wild steer. The fair management promises there will not be a dull moment during the entire program. A carload of wild horses arrived Monday from Deer Island to be used in the wild horse races and the bucking contests, and a band of wild Mexican and Texas cattle was received some time ago for the roping contests and to be used in the bulldogging exhibition, and are now on pasture and resting up for the big ordeal.

Another unique feature will be the coursing of wild coyotes by grey hounds.

With ideal autumnal eastern Oregon weather the third annual Malheur County fair promises to eclipse all previous fairs here with a record breaking crowd.

# SENER WAS ONCE PROSPEROUS MAN

## Was Well Known at Pocatello, Where He Met With Severe Accident.

Clyde A. Senter, who committed suicide in this city Wednesday night, was well known in other parts of the state, particularly Pocatello where he made his headquarters for some time. The coroner's inquest held yesterday resulted in the return of a verdict that Senter came to his death by suicide while in a fit of temporary insanity. No arrangements have as yet been definitely made for the funeral, due to the non-arrival of relatives. The body is being held at the Schreiber & Sidenfaden morgue.

That Senter was well known in Pocatello is evident from the following which appeared in the Tribune of that city:

The unfortunate young man was well known in this city. He made his headquarters here for years as representative of the Cudahy Packing company. He was then a member of the Elks lodge here but withdrew from membership about two years ago. About that time he moved to Shoshone where his mother resided and which had for years been the home of the family. An unfortunate accident caused him the loss of a leg about that time. He was in the act of crossing from one side of the town to the other when a freight train was just starting out of the station and he attempted to cross between two cars. He fell and was run over. Dependency over the loss of the leg is said to have affected him at times ever since the accident and it is thought by his many friends that the rash deed may have been committed in a despondent state.

During his residence here he was the victim of another accident which, however, did not prove so serious. A hunting and fishing party consisting of Clyde Senter, Al Norman, then proprietor of the Bannock hotel; Joe Daniger and a friend of his named P. J. McBride of Council Bluffs, went into the Henry's lake country. While in the act of cleaning a rifle a bullet discharged accidentally and shot him in the arm. He was taken to Trude's ranch and received the best medical skill furnished by the Chicago millionaire's nurses, and the same night was rushed to the nearest point on the railroad where Dr. W. A. Wright met him and attended him and saved the member from infection and possible amputation.

The deceased was a young man of splendid qualities. Sound mentally and physically while living in this city, he had a faculty of making friends and he numbered among his associates in great numbers. There is genuine regret among them at the unfortunate end of one they knew so well. The dispatch from Boise states that he ended his life by severing his jugular vein. He was probably considerably less than 40 years of age, and unmarried.

# DUBOIS IS GIVEN DIRECT SLAP BY THE COMMITTEE

## Announced That Judge King Is in Charge of Campaign in Northwest—No Mormon Issue.

That ex-United States Senator Fred T. Dubois is not directing in the Rocky mountain country, the presidential campaign of Woodrow Wilson, is the important authentic political information that has been received in Boise. It is further announced that the national committee does not propose to engage in a religious discussion of any kind, hence the so-called Mormon issue which would affect the states of Idaho and Utah in particular, is to be relegated to the background and placed on the shelf. The Democratic national committee does not believe that there is a Mormon issue and for that reason reports that had been circulated are cut off as without foundation.

**Dubois Urges Support for Wilson.**  
The advent of Fred T. Dubois as a factor in national politics was heralded broadcast over the country and particularly in Idaho, and the specter of the Mormon issue again came up. Press dispatches stated that Mr. Dubois had given out an interview tending to clearly indicate that the Mormon question would again be raised. This interview was given the coloring of having been fostered by the national committee, and Mr. Dubois was declared to be one of the prominent Democratic benchmen who had swung into line for Woodrow Wilson, a fact which is not disputed. Dubois was the campaign manager for Champ Clark and used every honorable means to advance the speaker's candidacy prior to and during the national convention at Baltimore. He went down to defeat as did Champ Clark at that famous convention, but came up smiling some weeks later and issued personal letters of appeal to his friends in the Democratic party in Idaho to rally to the support of the New Jersey governor.

**Judge King in Charge.**  
The announcement from national headquarters had its significance, for it is definite and places in the saddle for the Rocky mountain states, not a less distinguished personage than Will R. King, a lawyer of prominence who is recognized as one of the most active Democratic leaders. Mr. King is a distinguished jurist. He was formerly a justice of the supreme court of the state of Oregon and is now a resident of Portland. Press dispatches some time ago announced that Mr. King had received this appointment. These dispatches are confirmed by a letter from United States Senator James A. Reed, to Governor James H. Hawley.

Fred Flood, private secretary to Governor Hawley, furnishes the following extract from Senator Reed's letter which will set at rest a rumor that has been circulated in Idaho as to the management of the campaign in this section of the country. Senator Reed says:

**Will Not Discuss Religion.**  
"The entire western half of the United States is in charge of course, primarily, of the Democratic national committee, but for the purpose of the active work of the campaign it is in charge of the following members of the executive committee: Joseph E. Davies, Senator T. P. Gore, Congressman A. S. Burleson, Judge Will R. King and James A. Reed. By action taken yesterday Judge King was made the head of the new territory, having in charge the Rocky mountain states. However, in all important matters the men above mentioned will be consulted. This committee does not propose to engage in religious discussion of any kind. We are all trying to elect Governor Wilson and are asking for votes of all good Democrats and all good citizens."

Mr. Flood also states that he is advised by Governor Hawley that the governor is having magnificent meetings in northern Idaho and talked to fully 3000 people at Grangeville on Sept. 18. His meetings at Cottonwood and Lapwai on Sept. 17 were largely attended and much enthusiasm was evinced. At every point the governor is assured of warm support by many political opponents.

# THREE MILES OF NEW PAVING FOR CITY IS PLANNED

## Downtown Paving District to Be Connected With New Concrete Roads—Boulevard to Be Paved.

Three miles of paving giving the farmer a royal entrance into the city from the north and west and connecting up all the other now established paving districts in the city council's improvement program.

The plans have not yet reached the ordinance stage of development, but the council has mapped out a program of this kind and has been considering the streets that would have to be paved in order to connect up all of the old districts and complete the asphalt highways out to the city limits.

The farmers to the west will have a paved street connecting the city with the concrete road and will give them an entrance into the heart of the city from the other end of the concrete surface. The plans of the council would provide for the pavement of State street from Fifth street to the city limits on the west and make this connection with the new county road.

Another long strip that the council plans for the year is the pavement of Harrison boulevard. The work will begin at Sixteenth street at State and on out Sixteenth and the boulevard to Heron street.

Connections will be made with the old districts so the main streets will present a more uniform appearance and all of the divisions connected up through the most used parts of the city. Eighth street will be paved to Union street, Fifth street to Boise barracks, one block on Grove street from Fifth to Sixth, Sixth, Ninth and

Tenth streets from Jefferson to State, and Fifth from Grove to Main. The officers at Boise barracks have several times asked for the pavement of Fifth street to the gates of the post so their wagons would not get stuck in the mud during the winter when they are hauling in a large part of their provisions.

The residents on Harrison boulevard have asked for the pavement of that street. Residents along other lines of travel have several times wanted them connected with the others that are paved so the streets would be one continuous line of travel.

On State street, where the city plans to put in such a long stretch of pavement, the street car company would contribute heavily to the expense. The cost there would be divided between the company, the city and the property owners. The same is true of Thirteenth street from Bannock to State.

In spite of this division of the cost, a small bond issue may be necessary to cover the city's expense in paving the intersections. The council has been working on the problem and will probably have it in definite form within a few days.
