

MORE COUNTIES FALL IN LINE FOR SENATOR BORAH

Canyon and Cassia Are the Latest to Declare Themselves—Candidates Go on Record for Re-election.

Unqualified Indorsement.

We, the Republican candidates for the legislature of Canyon county, desiring to state our position on the most important question before the voters of Canyon county, do hereby pledge our votes and unqualified support to Honorable W. E. Borah in his campaign for return to the United States senate, believing in him as we do, and in the people whom we shall represent. If elected, we feel that this is the only right and true position to take on this most important question before the people of the state of Idaho.

H. C. BALDRIDGE,
Candidate for State Senate.

A. J. ROCKWOOD,
R. W. OAKES,
H. C. BRADLEY,
HARRY T. LEWIS,
C. S. FRENCH,
Candidates for Legislature.

The Republican legislative candidates in the various counties of the state who realize that the paramount issue in the present campaign is the re-election of Senator William E. Borah, are rallying to his support in every county prepared to fight to the last ditch the enemies of the junior senator, who under cover, are endeavoring to jeopardize his election by the next legislature. Canyon county unqualifiedly indorses Senator Borah and its legislative candidates pledged their votes to him, in the passage of the above resolution. Cassia county also fell into line and passed resolutions pledging its legislative votes to him. It is now believed that every county in the state will take similar action.

The following resolutions were passed in Cassia county:

We, the undersigned chairman and secretary of the meeting of the Republican candidates of Cassia county held at Albion Idaho, on the seventeenth day of September, 1912, do hereby certify that at said meeting the following platform was adopted:

Platform.

"We, the Republican candidates from Cassia county, in meeting assembled this seventeenth day of September, 1912, in accordance with the provisions of the direct primary law, and believing that the people of Cassia county are entitled to know our attitude on local matters in this campaign, do adopt the following platform:

"We heartily commend Senator Borah and Congressman French for their good work on the three-year homestead bill, the bill granting patents to settlers on the government projects, the \$25,000,000 irrigation bond bill, and other legislation affecting Cassia county.

"We pledge our legislative candidates to vote for Senator Borah for re-election.

"We further pledge our legislative candidates to work hard and faithfully for the Albion State Normal school and the best interests of Cassia county on matters coming up before the legislature at the next session.

"We heartily favor Congressman French's bill in congress providing for an extension of payments on the Minidoka and other government irrigation projects from 10 to 30 years.

"We pledge our legislative candidates to maintain the present county local option law and to strengthen the same by restricting the sale of alcohol, and we further pledge our other candidates to enforce the said law.

"We favor an amendment to the state constitution which will permit the sale of state land in annually increasing quantities at not less than \$10 per acre.

"We believe in good roads.

"On all other matters not covered by this platform, we believe in a progressive and economical government, in order to bring about the greatest prosperity and happiness to the people of Cassia county.

"Dated at Albion, Idaho, Sept. 17, 1912.

"LOUIS A. BAUMAN,
Chairman.

"JOHN I. BURGESS,
Secretary."

CERTAINLY ENDS STOMACH MISERY

"Pape's Diapepsin" Cures Heartburn, Gas Sourness and Indigestion in Five Minutes.

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and stubborn lumps; your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapepsin. It makes such misery vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Diapepsin. It's so needless to have a bad stomach—make your next meal a favorite food—eat, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" regulate weak, out-of-order stomachs that gives it its millions of sales annually.

Get a large fifty-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless and pleasant preparation which truly belongs in every home.

form and candidates. You cannot, gentlemen, stand for office in these stirring times with any hope of success without having your attitude on the matters which I have mentioned clear-cut. Either you must support President Taft and his stolen nomination, you must accept and abide by your standpoints and reactionary platforms, or you must publicly state your attitude, in opposition to both the platforms and the candidate. Either you are against Progressive policies and against Theodore Roosevelt, or you are for Progressive policies and for Theodore Roosevelt.

"If you are for Progressive policies, as many of you now claim, why is it that you are standing before the voters of this state on platforms which should have been written in the darkest ages of American politics? Let us get away from this sham and mock pretense and stand before the people in our true colors. If you class yourself as Progressives, call together your state central committee, have the Taft ejectors resign, cease knitting Senator Borah in the dark, inform the people of Idaho in clear, unmistakable language your attitude on the great questions now agitating the public mind. If you are not Progressives, say so, and let us take our opposing causes before the people of this great state and let them fairly decide between us."

J. H. GIPSON,
"State Chairman Progressive Party in Idaho."

DRUNKEN MAN MAKES ATTACK ON OFFICER

Still weak from a long illness Officer Edward O. Phillips was thrown on his back in the middle of the street in a free-for-all grapple with Pat Conway whom he was attempting to arrest on the charge of drunkenness yesterday afternoon. As he went down, however, he fastened his arm around the man's neck and brought him to the pavement at the same time.

In the struggle that followed the officer struck Conway on the jaw and, with the assistance of others, finally managed to bring him under control. Even after the doors of the city jail were closed upon him, the man was defiant and declared that all he wanted was a chance to get at the officer who had arrested him.

Phillips has just recovered from an illness that has kept him off of his beat for several weeks. He is not yet as strong as he was before and was hardly able to grapple with the man who tried to resist the arrest, as the witnesses say. He says he had told the man to get off of the street; that he was drunk and had been so all day, and that after repeated warnings he had started to bring him to jail.

While he had his arm on Conway's neck the man suddenly turned on him, threw him off his balance, and sent him down on the wet pavement on his back. The attack was made just as the two were crossing the intersection at Eighth and Main streets, where the sprinkling wagon has just passed. Phillips says he was entirely unprepared for the assault and that he was thrown off his balance when the man turned on him. Others who were there, however, came to the officer's assistance and helped him subdue Conway long enough to get him to the police station.

nificent welcome.

All business houses were closed during the meeting. He referred to Taft as being well-meaning and honest but as constitutionally distrustful of the people and by birth and training an aristocrat. He referred to Roosevelt as being over-trustful of himself, a man who had always been elected to office by Wall street and an eleventh hour reformer, and gave it as his opinion that he was the most dangerous man in public life in the United States. He said that his plan was to make monopolism full and thus entirely eliminate competition. He called upon all his friends to support Governor Wilson and vouched for him as being free from dangerous influences.

Bryan's speech was well received and he seemed much pleased by his reception. He departed on the 4:25 train for Los Angeles.

WOES OF UNHAPPY WIVES ARE HEARD BY JUDGE DAVIS

Decrees of Divorce Granted in Five Cases—Desertion, Cruelty and Failure to Provide Charged.

An enforced five-mile tramp ahead of a buggy in which they had been riding, threats to brain her with rocks if she refused to obey, the breaking of dishes because supper wasn't ready when he came home at midnight, the use of vile language and threats to kill her, and actual assaults on her at various times, are on the grounds for which Jacqueline L. J. Corkery yesterday asked and was granted a divorce by Judge Davis from Edward J. C. Corkery, her husband.

In addition to all of these grounds for domestic dissatisfaction, the wife alleged in her complaint that her husband deserted her just at harvest time when he knew that she had all of the threshers to feed and care for and that she was forced, as a consequence, to send them to a neighbor's home while they were working on the Corkery farm. She claimed that he came home drunk many nights during their married life, that he struck her at times and threatened to do so at others, and that once he did so in the presence of a third party, who promptly knocked him down.

She claims that conditions were so bad at home that she finally had to leave, and that she did leave in November, 1908. While he was away, she says, she was forced to feed and water all of the stock. They were married June 7, 1906. The judgment was granted on the plaintiff's demand and the failure of the defendant to appear.

Failed to Provide.

For three years Margaret H. Snyder has been forced to live upon the charity of her friends because her husband, Bertrand L. Snyder, failed to provide for her and has deserted her, according to the petition for divorce. Judge McCarthy heard her charges of cruelty, desertion and failure to provide, and finally granted the divorce for which she asked.

Mrs. Snyder claimed that her husband came home drunk many nights and that he assaulted her at times during their married life. She says they were married at Stone Ridge, N. Y., April 27, 1904, and the day seems to have been an unlucky one for her. She finally left him April 13, 1908. Her former name of Margaret H. Du Bois was restored to her.

Other Decrees Granted.

Desertion and failure to provide the common necessities of life were the grounds on which Judge McCarthy and Judge Davis each granted a divorce to Nancy J. Mizar and Ella H. Cherry, respectively, yesterday. Nancy Mizar was married to Michael C. Mizar in Boise Jan. 12, 1910. He deserted her, she says, on June 15, 1910, and has failed to provide for her since that time. She asked and was granted the restoration of the name of Nancy J. Butler.

Ella H. Cherry told Judge Davis, in her complaint, that William M. Cherry, her husband, had, through his own disposition and neglect, failed to meet her necessary expenses for some time after they were married in Carlinville, Ill., June 1904. She was granted the right to use her maiden name of Ella Van Court and was given a decree of divorce.

BOTTLING COMPANY HAS INCORPORATED

Boise has another industry. With a capital stock of \$12,000, the Western Bottling & Packing company has just been incorporated. John McDevitt, Max Mayfield and William F. Libman being the principal stockholders.

The company plans to bottle almost everything bottleable and will pack a good many things that are now on the market, but which have no packing establishment here. "Champagne Pie," a celery tonic, is to be one of the features of the new company's plant and will be bottled for sale by a home company.

At a meeting tomorrow John McDevitt will probably be elected president with Max Mayfield vice president and William F. Libman treasurer and general manager. Mustard, baking powder, and mineral waters are to come within the scope of the company's plans and are to be bottled and packed for sale here and other places over the state. The new concern expects to use only distilled waters in the preparation of its products and has the indorsement of several physicians and other authorities for the output of its plant.

Charles King of Portland is visiting with his daughter, Mrs. R. D. Clemens for a few weeks. Mr. King is a pioneer having crossed the plains on foot in 1860, going to Siskiyou county, California. He stopped there two years and then went to the Willamette valley, where he has a large farm, and has resided there ever since.

Boise business men will be the guests of Ontario on Boise day at the Ontario fair, Sept. 25. A special train will leave at 7:40 o'clock in the morning and will return at 7:30 o'clock that night. A rate of \$2.50 has been secured for the round trip. Considerable interest has been manifested in the excursion and it is thought that a large number will go to Ontario at this time. An interesting program of buckaroo sports, including a wild horse race has been prepared for the entertainment of the visitors.

CANCELLATION OF PAPERS ASKED FOR

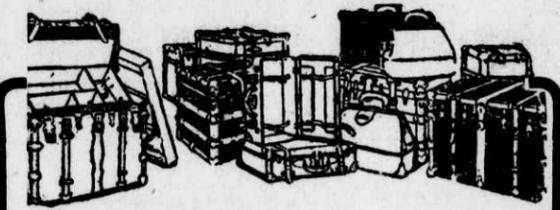

Because they are said to have transferred property to relatives on which an oral note had been made for \$1000 and the plaintiff cannot collect a judgment for \$790.90 given by the court, the Pacific National bank asks for the cancellation of the papers given by George W. Wotoring and W. L. Gile tying up the property and preventing its sale for the satisfaction of the debt.

The complaint filed in the district court yesterday recites a judgment obtained on Sept. 14, 1912, against the defendants for \$790.90 for the payment of the note. It says the agreement was made Sept. 5, 1911, and that the transfer was effected Jan. 19, 1911. The complaint asserts the defendants asked for \$1600 on the property they claimed to have owned and charged Wotoring with transferring his piece of property valued at \$3500 to his relative, Volney C. Whiting, for \$10, and W. L. Gile with selling his, valued at \$4500, to his daughter, Katherine E. Gile, for \$1.

It mentions an execution made Sept. 18, 1912, on the property. After the

discovery was made, another execution was issued on the same property said to belong to these defendants under the names of their relatives on Sept. 29 of this year. The plaintiff asks for a cancellation of these transfers so it may obtain satisfaction of a judgment that has already been granted.
