

FIRST METHODIST CHURCH TO LOSE PRESENT PASTOR

Rev. W. S. Matthew, who for the past two years has officiated as pastor of the First Methodist church in this city, will preach his farewell sermon Sunday and will leave next week for Vallejo, Cal., to which place he was assigned by the California Methodist conference, which just closed its conference and notified him of the appointment by telegram last night.

Some time ago, Rev. Matthew had thought of making a change and returning south and had spoken of the matter, but was urged to continue his work here and had practically decided to remain in Boise, but the order from the California conference places him again in the southern field and close to his former pastorate there at Berkeley.

The new pastor is a young man who has been very successful in his ministerial work in California.

SINGLE TAX SYSTEM POPULAR AT CALGARY

The single tax and the municipal ownership of light and water works and the street car systems are among the strong points which appeal to the immigrants who are flocking into Canada, states L. W. Thraillkill, who recently became associated with R. C. Bosworth in selling land in Canada for the Canadian Pacific Railway Lands company, and who returned yesterday from his first trip into that country, where he sold to several parties, who accompanied him from this section, a considerable amount of land.

Something of the growth in that country can be gleaned from Calgary, states Mr. Thraillkill, as the population of that city in 1902 was 4000 while today it numbers 65,000. In 1909 the city began operating its own street car system with two cars, which in 1910 was increased to 17, the following year 22

Link's Modern Business College NIGHT SCHOOL STARTS WEDNESDAY NIGHT, OCTOBER 2d. All Enrollments Should Be Made This Week. A. T. LINK, Gen. Mgr. Telephone 1055-J. 1223 Main Street. Boise, Idaho.

and today the system has 46 cars and has increased its employees from 16, the first year to 56 at present. Last year, according to reports which he took from the city books, the railroad turned into the city government the sum of \$107,000 and since its operation it has netted the city above all expenses, \$200,000. The city also operates an observation car which cost \$1500 and which is a good paying proposition.

Residents of that city, he states, have found the single tax a fine thing and declares it has done much toward the upbuilding of the city and works to the advantage of all. At present, he states, The Hudson's Bay company is putting up a million dollar building for its own use and the Canadian Pacific is building a million dollar hotel.

Mr. Thraillkill expressed his surprise at the heavy immigration into that country and states a majority of the immigrants are from America and nearly all are making land investments there.

Leader of Progressives

(Continued from First Page.)

nor of Iowa, and I was a loyal supporter of him in that and subsequent campaigns, and I helped him in every way that I could help him to smash the railway machine, which had dominated Iowa politics for a quarter of a century.

Public Utilities Commission.

"We have in our city of Sandpoint a water company which has a monopoly of the water supply of the city. Under the vicious statute enacted by the Idaho legislature providing for the fixing of rates to be charged by such companies, this particular company has been able to juggle the figures of the cost of its plant, and keep in force rates that are double what they should be. For the city of Sandpoint, I am assisting without cost to the city, in the prosecution of a case to set aside the rates recently fixed, and I have pending another suit in my own name for the same purpose. Because of such condition, I heartily favor a public utilities commission.

"Last winter the city council of my city proposed to sell \$44,000 of bonds to take up outstanding warrants. The city made a contract for the sale of these bonds without advertising for bids, as the law requires. I instituted a suit in my own name for the purpose of preventing the city from completing that sale. The suit was successful, and on the sale of the bonds in the manner provided by law, the bonds were sold at prices and on terms which saved to our city approximately \$5000.

"My position has always been with those who are seeking to bring about equality of privilege and opportunity, and it has always been against those forces in politics which have sought to use official position and power for the benefit of special persons or classes of persons.

"Senator Borah is very popular in the north end of the state. The Republican candidates to the legislature in the county, after the senator's Meridian speech, made and signed a written pledge of support to him."

Smock Praises Martin.

P. Monroe Smock, nominee for congress upon the Progressive ticket, who is also in the city in conference with other candidates and the state chairman and secretary, adds a few words in behalf of Mr. Martin and declares that Canyon county will give Martin a big plurality in the coming election.

Mr. Smock said: "Every succeeding day shows clearly the star of the Progressive party in Idaho is in its ascendancy. This is true in Canyon county, not only for the Roosevelt electors, but for the Progressive state ticket as well. This movement seems to be manifested in the progressive wing of the Democratic party as well as those who have hitherto worked for progressive legislation in the ranks of the Republican party.

"In New Plymouth, for example, Walter Burke, the first man to open up a business in the village, and who has been a lifelong Democrat, is out and out for Roosevelt and the cause he represents. B. F. Swatman, the druggist, is precinct committeeman for the Progressive party and has hitherto been a champion of progressive principles in the Republican party.

"The people feel they have been burdened by unjust taxation and are ready to support a ticket made up of men who have always stood for economy, efficiency and equality, in all things.

"When such men as W. C. Annett, D. R. Hubbard and W. H. Thompson vouch for the Progressive candidate for governor, Mr. G. H. Martin of Sandpoint, having known Mr. Martin from a young man in Spencer, Ia., the people are awakening to the fact that the Progressive party, this year in Idaho, is the people's party, and the party which is bound to win in November.

If your watch passes through our repair department and does not give satisfaction we will give a new movement in exchange. CON W. HESSE, Jeweler.

THE BUCKAROO SPORTS.

Genuine Bare-Devil Riders Give Exhibitions—The Race Summary. (Staff Correspondence) Ontario, Sept. 25.—The buckaroo sports at the Malheur county fair, in progress all this week, are the real article. They are the real, genuine, old time, bare-devil, wild west sports. No better or harder bucking, wild horse races, roping contests, bull-dogging events, etc., have been seen in a generation than those seen every afternoon this week at the big Malheur county fair.

Chicago Moving Picture Men Here. Such widespread interest is being shown in the great Vaquero festival and buckaroo sports that a moving picture machine and operator were sent to Ontario this week from Chicago to take pictures of the most thrilling events—the buckaroo sports. These pictures will be seen in many of the moving picture shows in the cities of the United States, and the probabilities are they will be sent abroad to Europe, too.

Thus will Ontario and Malheur county receive a widespread advertising campaign. Freeman Owens, Chicago, representing the Industrial Moving Picture company of Chicago, was at the Malheur county fair Tuesday and Wednesday of this week taking pictures of the great buckaroo sports. These pictures will first be made for the Western Film company of Boise, in which company C. E. Harvey, one of Boise's photographers, is interested. Mr. Harvey was here with Mr. Owens Tuesday and Wednesday of this week.

Coyote Escapes Buckaroos. An amusing feature of Tuesday afternoon's program was the coyote drive. A full grown, wild coyote had been secured for the fun. The coyote was released from a big box in the center field of the race course, and eight skilled mounted buckaroos each equipped with a lasso, made a dash after the coyote in an effort to lasso him. The coyote took a short cut through the center field, ran across the race track and entered a sage brush field nearby. Several of the riders dismounted and made a chase on foot through the sage brush after the coyote, and finally succeeded in surrounding him and lassoing the "critter." He was put back in the box and will be used again for the sport. The moving picture man ground his machine at a lively rate during the coyote drive, and got a number of pictures.

Jacking Mules. Two wild bucking mules were ridden by W. Reed, a buckaroo of Brogan, and created much merriment. Again the moving picture man got busy.

The exhibition of a drunken rider, as depicted by Wallace Padgett of Dodge City, Kansas, a famous buckaroo, was an interesting feature.

The fact is, there are so many thrilling features during the giving of the buckaroo sports, they must be seen to be properly appreciated. These are the great amusement events of the Malheur county fair.

Summary. First event—Special pace, purse \$300. The Magnet, Williamson..... 1 1 1 Jost Bond, G. E. Noble..... 3 3 2 The Co-Ed, F. C. Erwin..... 4 2 0 May Davis, Budd Davis..... 2 5 0 Dennis, Willoumne..... 5 4 5 Goldie, C. E. Wayne..... 6 6 4 Time—2:24 1/2—2:25—2:27 1/2.

Second event—Running, half mile, purse \$100. Beauman..... 1 Sydney Peters..... 2 Alexia..... 3 Redan..... 4 Shrimp..... 5 Sorrel Strip..... 6 Time—:51.

Third event—Five-eighths mile, purse \$100. Suppveda..... 1 Getz..... 2 Titus..... 3 La Taranta..... 4 Red Royal..... 5 Time—1:03 3/4.

Fourth event—Half mile saddle horse race—Chas. Chapman, first; M. A. Woodruff of Juntura, second.

The race course officials are: Starter, Joseph Waddell of Baker City. Judges: Wm. Jones, A. Reed, C. E. Kenyon. Timers: Gus Goldberg of Winnemucca, Christ Hendrickson, Payette. Clerk: Harry E. Grovel.

The best and fastest bunch of horses in the history of the Intermountain fairs are at Ontario this week.

100 Boise People at Fair. About 100 Boise people came to Ontario on the Wednesday morning Pony to see the fair. The Pony picked up good delegations at each stopping place between Boise and Ontario, arriving here with over 300 people. The visitors were much pleased with the pretty exhibits, and they keenly enjoyed the great Wednesday program of buckaroo sports and the horse racing.

MILK DEALERS FAIL TO TAKE OUT LICENSE

Every person selling milk in Boise, either from one cow to family trade, or from a dairy, must pay a license of \$1 per year for the privilege and failure to do so will likely cause arrest and the assessment of a fine of not more than \$200 or 60 days in jail. The ordinance is one which was fathered by E. H. McAuley and was passed under the Pence administration, but which has never been rigidly enforced. Complaints have been made to the present administration by milk dealers that all milk sellers were not paying the license and notice was given that all must comply with the requirements of the ordinance at once or quit selling milk in the city. The section of the ordinance requiring a license is as follows:

"Every person, firm or corporation vending milk or cream to family trade, individual customers, hotels, cafes, restaurants, etc., must pay a license of \$1 per year." Failure to pay such license carries with it the severe penalty given above.

A class ad in these columns will reach 50,000 readers.

Let the People Rule

This column is edited by the Democratic State Central Committee.

DEMOCRATIC TICKET.

For President—Hon. Woodrow Wilson of New Jersey.

For Vice President—Hon. Thomas R. Marshall of Indiana. State Ticket.

For Presidential Electors—Frank Martin, Boise. D. Worth Clark, Coostello. Frank L. Moore, Moscow. J. D. Millspa, St. Anthony.

For Representatives in Congress—Perry W. Mitchell, Nez Perce. Edward M. Pugmire, St. Charles.

For Justice Supreme Court—Arthur M. Bowen, Twin Falls.

For Governor—James H. Hawley, Boise. For Lieutenant Governor—Ernest L. Parker, Cottonwood.

For Secretary of State—Freeman Daughters, Sandpoint. For State Auditor—John L. Overman, Grangeville.

For State Treasurer—Robert W. Farris, Boise. For Attorney General—James R. Bothwell, Shoshone.

For Superintendent of Public Instruction—Mary Z. Harper, Weiser. For Inspector of Mines—George A. Lambrix, Boise.

Democrats throughout Idaho are requested to contribute to the state campaign fund in sums of one dollar or more. These contributions should be mailed to George E. Hill, secretary Democratic state central committee, Boise, Idaho. Checks and drafts so mailed should be made payable to the treasurer of that committee, Mr. T. Regan.

Reports on the political outlook in various counties of Idaho show that Wilson will poll the full Democratic strength, while in northern Idaho, Roosevelt will poll 60 per cent of the Republican strength to 40 per cent for Taft. This ratio will run the other way in southeastern Idaho, where Taft will lead for second place.

Colonel Theodore Roosevelt does not deny the authenticity of a letter to a friend in London, published in a newspaper there, predicting the overwhelming election of Wilson, which shows the colonel is a good judge of the political situation.

As the Coeur d'Alene Press, staunch Republican, points out, Senator Borah is running for re-election and openly bolting the presidential nominee of his party. And furthermore, in the language of Bill Tweed, the senator is asking the Taft Republicans, "What are you going to do about it?"

If Senator Borah had not lent the use of his name and popularity to Colonel Roosevelt's cause and thus enabled the colonel to capture the Ada county delegation by the slimmest of majorities, Taft would have secured the Idaho delegation and there would have been a united Republican party in Idaho today. Democrats have cause to feel grateful to the senator.

The Salt Lake Herald refers to the Bull Con party, while the Parma Herald uses the term Bull Moochers.

State Chairman Day boasts that President Taft gave the state of Idaho 100,000 acres of land in compact bodies in exchange for the school sections in the forest reserves. While the president Taft is entitled to thanks for his part in this transaction, it should not be overlooked that it was the persistent efforts of Governor Hawley that brought the matter to the attention of the president and won over the opposition of the national forestry department. Of this vast area, 60,000 acres are of white pine lands valued today at \$50 per acre. As state land selector, Mr. Day does not hesitate to give the credit for this good stroke to Governor Hawley, but as state chairman of the Republican party, why, that's different.

If you have any business with the national committee of the Democratic party, communicate with Hon. Will R. King, care National Democratic Headquarters, Chicago, Ill., as Judge King is in charge of the campaign in the Intermountain and Pacific coast states.

Since 1895 prices have increased about 50 per cent, in not a few commodities as high as 83 per cent. This increase has proceeded progressively during nearly fifteen years. The high cost of living as it is called, has been correctly attributed to combination. The tariff has enabled the combinations to fix prices at these top notches, by shutting out the foreign competitor. The highest prices were attained in high protection Austria, Germany and the United States. In free trade England, prices rose only a shade over 25 per cent.

Beginning with the first week in October the campaign will be in full swing with a large number of state speakers in the field.

Democrats visiting the city are cordially invited to visit state headquarters in the Overland building.

The Shoshone Examiner says that for the first time since statehood we have a state administration against which the cry of graft has not been uttered. The most careless critic has not had the hardihood to say that the chief executive of our state has been anything but honest, able and efficient.

The balance of the state administration, though opposed to him politically, accord to him the utmost confidence and respect. They recognize his ability and integrity in the atmosphere of graft and speculation which in these latter days seem inseparable with officialdom and they accord to him a respect akin to awe.

MISSIONARIES FROM THE ORIENT TO SPEAK AT BAPTIST CHURCH

Sixteen missionaries of the Baptist denomination, who are to work for the church in the Orient and the Philippines, will arrive here this evening and will be guests of the local Baptists until tomorrow afternoon at 5 o'clock when they will leave for Portland. A big meeting will be held at the church tomorrow afternoon at which addresses will be made by the newly appointed missionaries and tomorrow afternoon at 3 o'clock the two mission circles of the church will tender the party a reception in the east room of the church. The personnel of the party and the fields in which they are to work are as follows:

For East China—Rev. J. T. Proctor, D. D., Kansas City, Mo.; A. T. King, M. D., and Mrs. King, Brooklyn, N. Y.; Rev. A. L. Nasmith, Hyattsville, Md.; Miss Alma G. Broadhead, New Castle, Pa.; Miss Alma L. Pittman, Philadelphia, Pa.

For Central China—Miss Leontine J. Dahl, Minneapolis, Minn.; Rev. W. E. Bailey and Mrs. Bailey, Rochester, N. Y.; E. H. Clayton and Mrs. Clayton, Red Bank, New Jersey.

For West China—Rev. W. R. Taylor and Mrs. Taylor, Toledo, Ohio.

For the Philippines—Rev. F. H. Rose and Mrs. Rose, Lowell, Mass.; Miss Alice M. Standard, La Moille, Ill.

MARCONI INJURED IN AN AUTO ACCIDENT

Spezia, Italy, Sept. 26.—William Marconi, of wireless fame, was injured yesterday in an automobile accident near Borghetto, in the valley of the Vara river.

While the extent of his injuries has not been disclosed, he was brought back to this city suffering from a wound of the right eye, and his right cheek and temple was badly bruised. He also was severely bruised about the body.

Mr. Marconi was motoring with his wife, and in turning a sharp curve his machine came into collision with another automobile. Both cars were overturned. Mrs. Marconi was not injured, but Mr. Marconi's secretary and chauffeur received slight injuries. In the other car were five women, all of whom received severe bruises and suffered from shock.

Marconi was brought here to the hospital of the naval department. An eye specialist said he hoped the optic nerve was not injured, but that it was impossible to say definitely until the swelling had been reduced.

Had Restless Night. Spezia, Italy, Sept. 26.—William Marconi, inventor of wireless telegraphy, passed a restless night as a result of his injuries in an automobile accident yesterday. He complained of pains from a slight wound in the head, while the injury to his right eye and his many bruises caused him considerable irritation. Mme. Marconi, who was not hurt, sat up nursing her husband throughout the night.

A really effective kidney and bladder medicine must first stop the progress of the disease and then cure the conditions that cause it. Use Foley Kidney Pills for all kidney and bladder troubles and urinary irregularities. They are safe and reliable. They help quickly and permanently. In the yellow package.
