

FREMONT COUNTY CONVICT GIVEN A PARDON BY BOARD

Frank W. Trimmer Granted Freedom and the Sentences of Two Other Prisoners Are Commuted.

The state board of pardons today granted one pardon in the case of Frank W. Trimmer serving from one to 14 years in the penitentiary for assault with intent to murder, and commuted John Brown's sentence of from one to 15 years, to six years and Frank Clay, serving sentence from one to 14 years, to three years. Brown was sent up from Bannock county, Trimmer from Fremont county and Clay from Bannock. The board continued the cases of William Woods, convicted of assault with intent to murder; W. H. Thomas, assault with a deadly weapon; George W. C. Ewing, convicted of murder in the second degree. It was still in session this afternoon. Mrs. Felthousen appeared before the pardon board to request commutation in behalf of her husband who was charged, convicted and sentenced to serve from 2 to 10 years in the penitentiary for setting his house on fire. The case was before the board at its last session. Felthousen was sent up from Ada county and is well known in Boise. No action was taken on the case at the first session today. Mrs. Felthousen was asked to state to the board a legal reason why the case of her husband should be considered further. In the case of Frank W. Trimmer, who secured a pardon, the board voted it on the recommendation of the prosecuting attorney, the presiding judge and all the court officials in fact.

Peculiar Case Presented. The case of William Woods sent up from Bannock county for assault with intent to murder, which was continued, presented a peculiar condition of affairs. Wood has an idea that the laws are all wrong. It seems he committed the assault in a heat of passion because a former business partner at Downey had collected some money in which both had a mutual interest and appropriated it. Wood claims that his partner assaulted him first, but at any rate he fired five shots from a revolver at the partner, several of them taking effect. Woods could not understand then why he was forced to go to the penitentiary when he tried to collect money due him. This idea seems to have worked upon his mind until he is possessed with it. Warden Snook informed the board the prisoner seemed to be the same way about the prison rules. The board considered the prisoner's condition such as to warrant continuance of service in the penal institution. The recommendation for pardon was signed by all the members of the jury that convicted him.

Many Cases Up. Senator Poole of Fremont county was before the board in behalf of William Ace, whose case was taken under advisement. Ace was sent up from Fremont county when convicted of rape. Warden Snook informed the board that the prison authorities were in possession of information that Ace, who is now on parole, had violated the terms of that parole. Strong recommendations were presented by Senator Poole in behalf of the pardon petitioned for.

WEDNESDAY IS BABY DAY AT STATE FAIR

Wednesday is baby day at the Idaho Inter-Mountain fair and as reports this year show that the crop compares favorably with other crops in this state, it is likely that fully 199, babies will be exhibited at the fair, especially as arrangements have been made whereby the show will be held in a warm room and not in front of the grandstand, where the infants would be exposed to the weather. Thus far some 25 entries have been made and many entry blanks have been sent out to parents desiring to place their babies in the show. Mrs. Clara Gish Ewing is superintendent of the department and has as assistants T. L. Martin and John W. Veatch, any of whom will receive entries. A somewhat notable change has been made this year in the prizes, whereby baby boys and girls are placed on an equal footing and a first prize for each is offered. The list of prizes this year in the baby show are as follows: First prize, baby girl, \$10.00; First prize, baby boy, 10.00; Second prize, baby girl, 5.00; Second prize, baby boy, 5.00; Youngest baby, 2.50; Smallest baby, 2.50; Youngest baby with most teeth, 1.00; Heaviest baby girl, according to age, 1.00; Heaviest baby boy, according to age, 1.00; Youngest baby with most hair, 1.00; Youngest baby with least hair, 1.00.

Twins. First prize \$10.00; Second prize 5.00; Third prize 2.50.

NEGRO LYNCHED BY CONVICTS IN RAWLINS PRISON

Had Been Placed in the Penitentiary for Safe Keeping After Having Assaulted an Aged Woman.

Rawlins, Wyo., Oct. 2.—Convicts in the Wyoming state penitentiary lynched today Frank Wigfall, a negro and ex-convict who last night was put in the prison for safe keeping. Wigfall was arrested yesterday and charged with assaulting Mrs. Ether Higgins, aged 78, on Sunday. He was arrested at Fort Steele, 15 miles from here.

Wigfall was placed in a cell of the third floor. As other convicts passed his cell the negro laughed and boasted about his deed. This incensed the prisoners, who quietly perfected their plans at breakfast. While 150 were in the prison yard and as half of them had started for the cell house, they overpowered the keeper and locked him in the cell. A rope was produced, half hitched about the negro's neck and he was dropped from the cell house balcony, 30 feet. His neck was broken.

The time of the lynching was less than five minutes and none but the cell keeper knew what was happening. The lynchers then returned to their work. Warden Alston at once started an investigation but at noon stated it was impossible to identify anyone participating. He expressed the opinion that had Wigfall's assault been on anyone other than Mrs. Higgins, the lynchings would not have occurred. "Granny" Higgins was known among the convicts for her kindness to the sick and afflicted. The aged woman is said to be recovering.

Bert Benninger Indicted. Bert Benninger faces three indictments returned by the Ada county grand jury yesterday afternoon. Two of them charge him with selling liquor without a license and the other with maintaining a nuisance. The bonds in each case were fixed at \$250 and were signed by Henry Kral, George Van Sicker and J. W. Smead.

All three charges are based on what he is said to have done Sept. 25 of this year. On the first count, he is charged with selling liquor without a license and in violation of section 1506 of the revised codes of the state. He is said to have sold one glass of whiskey to Alex Moldal on that day.

The charge of maintaining a public nuisance is as general as they usually are and claims that he has run a place that was unpleasant to those living in the same community. One bottle of beer said to have been sold to Roy Anderson on the same day is the basis for the third indictment against Benninger. This is also said to be a violation of section 1506 of the revised statutes of Idaho.

The hearing will be held in this city. The record of the case which is now being placed in shape will be laid before the board at that time and the interested attorneys will be given a hearing before the board, presenting their clients' cases.

LABOR STIRRED OVER ETTOR TRIAL

Joseph J. Ettor.

Labor is stirred as it has not often been before over the trial of Joseph J. Ettor and Arturo Giovannitti, industrial workers of the world leaders who were arrested during the strike at Lawrence, Mass., last winter, charged with being accessories to the murder of Annie Lopess. Annie Lopess was killed during a strike riot. Labor leaders declare the fatal shot was fired by a policeman, and that the two men charged with the murder are innocent.

WOMAN EMPLOYEE OF BOISE STATE BANK INDICTED

Mrs. Eugene Payne Must Answer the Charge of Making False Entries in the Bank's Books.

Mrs. Eugene Payne, wife of Eugene Payne, one of the officers of the Boise State bank, has been indicted by the Ada county grand jury on charges of making false entries in one of the books of the institution.

This afternoon she filed her \$500 bond and will be arraigned in court on the morning of Oct. 5. George W. Fletcher and P. H. Quirk are her bondsmen. She was a bookkeeper in the Boise State bank at the time of its failure and is said to have made an entry in the "Daily Balance book" on the page dated Sept. 1, 1911, and marked "Friday" the item of \$289.52, \$1 as the grand total of the resources of that day when she knew that the entry was false, according to the tenor of the indictment.

Five witnesses are named in the paper and Edward Payne, the president, is indicted at the same time on a charge of aiding and abetting her to make the alleged false entry.

Bert Benninger Indicted. Bert Benninger faces three indictments returned by the Ada county grand jury yesterday afternoon. Two of them charge him with selling liquor without a license and the other with maintaining a nuisance. The bonds in each case were fixed at \$250 and were signed by Henry Kral, George Van Sicker and J. W. Smead.

COLORED MEN'S CLUB CLOSED BY POLICE

The H. & S. Colored Men's club, which has been operated about a month on South Ninth street, was closed today by order of Chief of Police Webb Reeves and those operating it were glad to close up rather than stand prosecution for running a disorderly house, which would have been the result had they not agreed to the order made by the chief.

A number of complaints had been made against the place recently and two detectives of the city force yesterday afternoon raided the place and captured seven negroes playing cards. While they did not secure evidence enough to prosecute on the charge of gambling, the negroes admitted playing stud poker but said the game was not for money. This morning they were ordered to close the club and agreed to do so.

WILSON AND THE TRUSTS.

"Men do not cease to be individuals by becoming the officers of corporations. The responsibility for violating the law, or for neglecting public interests, ought to fall upon them as individuals."—Woodrow Wilson.

This shows that we are candidates do not rely on tariff revision only as a means of curbing the trusts. He would bring home the penalty of the law to those who actually violate the law in the interest of the trusts and corporations. This is the only penological principle that can reach the seat of wrong doing in trust and corporation management and control.

He says further: "It should be recognized as a fundamental principle of our law dealing with corporations that though we call them artificial persons, the only persons we are really going to deal with in imposing the penalties of the law upon them are the persons who constitute their directors and officers."

"We ought by this time to have seen the futility—I might even say the silliness—of trying to punish illegal action by penalizing corporations as such. Fines punish the stockholder; forfeiture of charter and of the franchise which they are exercising, paralyzes industry and confuses business."

The average yearly earnings of operatives in the highly protected woolen and worsted manufacturing industries are: For men over 18 years of age, \$346; for men, heads of families, \$400; average family income \$81. Another fact connected with these miserably low wages, is that only 1-25 of the foreign born and only 1-5 of the native born operatives are affiliated with labor unions. This means the open shop. The wool trust, while coveting absolute protection for itself, foils its operatives in their effort to protect themselves through unionism.

President Taft is absolutely right in saying that candidates and committees of the Republican party who are not supporting the national ticket should be driven from the party. Such action has been taken by the national Republican committee in removing members who are supporting Roosevelt. The president's position is that the candidate or committee man who is not supporting the national ticket is as much a traitor as any army officer, who in time of war, gives encouragement and assistance to the enemy. In view of these opinions of the Republican presidential candidate it would seem to be up to Senator Borah and Congressman French to give support to the Republican candidates or else get off the ticket.

DEMOCRATIC RALLY AT SOUTH BOISE.

The people of South Boise and vicinity should turn out to hear Mayor George H. Williams and Mr. Charles Winstead discuss the issues of the day. Both are forceful speakers. The rally will be held at the Mission hall in the Odd Fellows' building in South Boise Thursday evening.

"The main object of what we are attempting both in state and nation, is to establish a close connection, a very sensitive connection between the people and their governments, both in the states and in the nation, in order that we may restore, in such wise as will satisfy us again, the liberty and the opportunity in whose interests our governments were conceived."—Woodrow Wilson.

Senator Borah assured the editor of the Coeur d'Alene Press that he is supporting the Republican state ticket; and yet, up to date, it has been absolutely impossible to get the senator to give public expression in favor of any candidate upon the Republican ticket.

It took Addison T. Smith two interviews to announce his support of Taft. Quere, isn't it, that even this standpat candidate for congressman had to screw his courage to the sticking point in order to mention the presidential candidate of his own party.

Where does Candidate Martin get his alleged facts? He asserts the assessor of Canyon county assessed the Nampa Electric Light Co.'s plant at \$100,000, which was reduced by the state board of equalization to \$30,000. This would be interesting if true, but it is not true, as the state board did not change the assessment in the least.

The tariff in its present form is class legislation. A good many men in northern Idaho are tarred with the pitch of the Potlatch Lumber company and, in denouncing Governor Hawley for voting against the sale of a large tract of state lands to that company, Candidate Martin evidently desires to advertise the stand he would take in a similar case.

And all the Bull Moose tribe are now "a gunnin'" for one Joe Peterson. "Go it Betsy, go it b'ar."

Governor Haines will occupy the executive chair next year, all right; but it will be in Maine—not Idaho.

It will be of especial interest to Carey act settlers to read Major Fred R. Reed's very warm indorsement of Candidates Haines, Gifford and Shepherd. The major appears to have a special interest in the membership of the next land board. Wonder why?

Democrats throughout Idaho are requested to contribute to the state campaign fund in sums of one dollar or more. These contributions should be mailed to George E. Hill, secretary Democratic state central committee, Boise, Idaho. Checks and drafts so mailed should be made payable to the treasurer of that committee, Mr. T. Regan.

FOR THE OPENING OF GROVE STREET

At yesterday's meeting of the city council a resolution introduced by Councilman Woodcock providing for the opening of Grove street from Third street to Reclamation avenue was adopted and referred to Councilmen Woodcock and Finegan to investigate concerning the right-of-way.

Miss Nettie Castor, stenographer in the office of the building inspector, park and street commissioners, tendered her resignation, as she is to accept a position in the Pacific National bank. The resignation was accepted and while two applications for the position were on file they were not acted upon.

A resolution by Finegan providing for the acceptance of the bid of the Idaho Hardware & Plumbing company for laying the sidewalk in district No. 34 and for the closing of the contract, was adopted by unanimous vote.

A resolution was also introduced providing for the assessment made for local main sewer improvement in district No. 2, and was adopted.

The Idaho Electric Supply company made a proposition to the council to install an electric ornamental luminous arc lighting system about the city hall for \$84 per lamp, which was taken under consideration. Two bids were received for 1000 feet of fire hose to be added to the fire department, one for 86 cents per foot from an eastern company and one for 80 cents per foot from a San Francisco company. The bids were referred to Councilman Woodcock with power to act.

The council voted unanimously to pay \$356 to Mr. Roles for an alley right in the northwest part of the city and with the exception of Eichelberger, voted to pay him \$76 for a strip of land adjoining the alley needed by the city.

The council agreed to light Main street from Seventh to Eleventh with stringer lights during fair week and Eighth street from Main to Jefferson street.

Beulah Maurina was selected to fill the vacancy in the building inspector's office.

The salary list was allowed and adjournment was taken until Friday afternoon at 2 o'clock.

CANALAN OUT FOR SENATOR BORAH

Lifelong Democrat Says That He Will Support Junior Senator.

Hon. Thomas D. Cahalan, one of the old-timers of the state, a lifelong Democrat and one of the hardest workers and supporters of that political organization, is straight out for Senator Borah. In an interview given to the Capital News, he declares that it makes no difference to him about the politics of the situation, he proposes to support Senator Borah because he believes the senator can do and will do Idaho more good than any other man the state has to elect to that position. Mr. Cahalan said: "It makes not a particle of difference to me what his politics may be. I still believe that Senator William E. Borah can do more good for the state of Idaho and her people as a senator from this state in the United States senate, than any other man that could be elected would be able to do."

"I have known Senator Borah since he first came to Boise. In fact, I believe it was in my office that he earned his first fee. I had been called out of the city on some legal business and I invited Mr. Borah, then just a young man who had but arrived in the city, to remain in my office during the day. On my return he offered me \$10 which he had received as a fee in a small matter during my absence. I, of course, told him to keep the money and I believe that was the very first fee that he ever received in Idaho as an attorney."

"I have been intimately acquainted with him from that time to this and I have never known him to do a mean act or take a mean advantage of anybody and I know that so long as the state of Idaho has him as one of her senators, her people will never have cause to be suspicious that his acts are not in their interests to the very best of his ability to see and understand their interests. I shall heartily support him for re-election and hope to see him returned to serve the state for another six years and as much longer as he may desire to remain in that capacity and as long as he shall continue to serve the state as well as he has done in the past, and I have every confidence that that will be just so long as he remains in office."
