

CROPS GROWN IN APPLE ORCHARDS

An Interesting Intertillage Exhibit at the Canyon County Fair.

(Staff Correspondence.) Caldwell, Oct. 2.—Very interesting results from growing intertillage crops by R. C. Sleeper in Henry Griffiths' 40-acre, 2-year-old apple orchard at Fargo, on the slope of the Snake river, are shown at the Canyon county fair, in progress this week. This intertillage crop brought the grower a return of \$1000, at the same time the fruit trees had a growth this year of a little better than five feet. It is interesting to note the large variety of crops Mr. Sleeper this year grew between the tree rows. It is also worthy of mention to say that Mr. Sleeper is a carpenter by trade and that this is the first year he ever grew crops by irrigation.

President Griffiths of the fair association, who owns this 40-acre orchard, tells the following method of successfully growing potatoes and onions: "Plant a row of onions and then a row of potatoes. The onions make the potato eye water, and that irrigates the two rows."

Fargo District Exhibit. One of the interesting exhibits in the big exposition hall is that shown by the Fargo district, which is made up of two really meritorious individual exhibits. One is that of R. C. Sleeper, who is the manager of the 40-acre orchard owned on the Snake river slope by Henry Griffiths, who is the president of the Canyon county fair. The other exhibit is that made by Miss Mercer, who owns an 80-acre ranch on the same slope, 40 acres being in cultivation.

The exhibit of Mr. Sleeper is the result of intertillage between the tree rows in the Griffith 40-acre apple orchard, planted two years ago last spring. The exhibit contains watermelons, the largest weighing 48 pounds; cantaloupes, muskmelons, squash, pumpkins, field corn, sweet corn, popcorn, cabbage, onions, carrots, parsnips, alfalfa, millet, clover, broom corn, potatoes, cauliflower, beets, endive, garden lemon, kale, soy beans, huck and cherry tomatoes, table beets, mangel wurzel, rhubarb, samish, peanuts, sage, radishes, summer squash, parsley, European grapes, etc.

Splendid Intertillage Results. Potatoes are shown that yielded 300 bushels per acre; yellow globe Danver and red Wethersfield onions yielded four tons per acre. They are worth \$20 per ton. Popcorn made 40 bushels per acre, and field corn 60 bushels per acre. One potato in the exhibit weighs 3 1/2 pounds. There are 42 potatoes shown, Early Ohio, that weigh 100 pounds. Eight parsnips are shown that fill a peck measure. A stalk of corn measures 12 feet and has two large ears. White Elephant field corn is shown where one kernel produced six large ears, and three nubbins. One kernel of popcorn produced 16 developed ears and five silks. Soy beans are shown that stand three feet high. One bunch of Tokay grapes weighs 3 1/2 pounds and fills one plate. The exhibit contains the following varieties of European grapes: Muscat, Tokay, Black Hamburg, Thompson's Seedless. The last named grapes make the finest seedless raisins.

This 40-acre orchard from intertillage crops this year is bringing a return of \$1000. The trees in this orchard this year had a growth of better than five feet, which is excellent for trees so young. Most of the orchard received only two irrigations, and part of it three irrigations. Only 25 feet of water were used this year on the 40 acres. Mr. Sleeper is a carpenter by trade, and this is the first year he has raised crops by irrigation. Tuesday's Race Winners. First event—Saddle horse races, Canyon county horses only. Headlight, owned by C. Davis, first; Charlie, owned by Crowther, second; Toots, owned by Underkoffer, third. Time for the half mile, 1:01.

Cream Cake

Makes You Hungry to Look at It By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine. When company arrives unexpectedly, this cream cake often covers an otherwise embarrassing situation, for it answers the place of any other dessert as it can be stirred up quickly.

K C Cream Cake. One-half cup butter; 1 cup sugar; yolks of 2 eggs, beaten light; 1/4 cups sifted flour; 2 level teaspoons K C Baking Powder; 1/4 cup cold water; whites of 2 eggs, beaten dry. Cream the butter; add the sugar, yolks of eggs and water; then the flour, sifted three times with the baking powder; lastly the whites of eggs. Bake in two or three layers; put these together with cream filling, and dredge the top with confectioner's sugar.

Cream Filling. One-fourth cup sifted flour; 1/4 teaspoonful salt; 1 cup hot milk; 1 egg, beaten light; 1/2 cup sugar; 1 teaspoonful vanilla extract; 1 ounce chocolate. Mix flour and salt with a very little cold milk; stir into the hot milk and cook ten minutes; add the chocolate and stir until it is melted and evenly blended with the flour mixture, then beat in the egg mixed with the sugar, and lastly the vanilla.

You need the K C Cook's Book, containing this and 89 other delicious recipes—sent free upon receipt of the colored certificate packed in every 25-cent can of K C Baking Powder. Send to the Juggs Mfg. Co., Chicago.

HERE'S DUTCH GIRL, NOW IN AMERICA, WHO IS TRAMPING AROUND THE WORLD

Miss Dora Rodriguez.

Washington, Oct. 2.—Wearing a chic walking suit, two bright and shining medals and a 38-calibre revolver, Miss Dora Rodriguez, globe-trotter and just 19, walked into Washington the other day. Miss Rodriguez, whose folks live in Amsterdam, Holland, always walks, she always wears the revolver and she generally wears the medals. The latter were awarded her for prowess in athletics. The revolver is kept handy for protection.

About three and one-half years ago Miss Rodriguez saw Europe first. Then she plunged into a corner of Asia and down into Egypt. Besides visiting Cairo and Alexandria, she crossed about 250 miles of the Sahara desert in a camel caravan, and that she regards as one of her greatest experiences. Nearly two years ago she sailed into New York harbor and since that time she has been walking through Canada, Mexico, and the United States. She crossed the continent to the Golden Gate, turned north until she reached Vancouver and then progressed through a part of Canada and the United States back to the east. She has recently been in New York, Philadelphia and Baltimore. From Washington she goes south to Florida and then will go to Cuba. She yearns to see South America, but as she does not speak Spanish she hesitates about sailing to Buenos Aires of Rio Janeiro.

"A woman's place is in the home," she said on being asked her opinion of equal suffrage. "She ought to know how to govern the home and her children before going out to try to govern the nation or the city. This tendency

owned by Underkoffer, third. Time for the half mile, 1:01.

Second event—Half mile pony race, 14 hands and under. Buck, owned by Ed Turner, first; Dan, owned by Ray Turner, second; Bill, owned by Klmpfle, third. Time: 1:06 1/4.

Third event—Bucking horse exhibition by Bob Cavin, of Star, the champion bronco-riider of the state. Bob is the official wild horse tamer for C. H. Turner of Caldwell, who is the largest dealer in horses in the northwest. Bob showed his cleverness as a rider by using only one stirrup in riding a hard buckler. Bob last week won the championship in a big contest at the Ontario fair, as the best buckaroo at that exhibition.

Fourth event—Half mile dash, free-for-all, purse, \$75. Sepulveda, first; Arthur Hymon, second; Beauman, third. Time: 51 2/5.

Fifth event—Potato race between five contestants on horseback, each rider provided with a long stick with a nail in one end. A box full of potatoes was placed a hundred yards down from the judges' stand. The rider putting the most potatoes in his box with the spear, won. Tom Gribble put 19 potatoes in his box and won the potatoes. Bob Cavin was third with 16 potatoes. This race was by odds the most interesting and mirth-provoking event of the day.

Sixth event—Bucking horse exhibition by Bob Cavin. The race course officials this week are: Starter, A. N. Salisbury, Payette. Judges, C. L. Robbins, Nampa; J. S. Harrington and J. B. Gowan, Caldwell. Official timer, George Froman, Caldwell. Clerk, W. R. Wilkerson, Caldwell.

The splendid Idaho State band of Caldwell furnished the music the opening day of the fair. 'Twas Ever Thus. (From Judge's Library) "Pa, what does it mean when you say that prices fluctuate?" "It means, my son, that they go up and down. When it's something you've got to buy, the price goes up; and when it's something you've got to sell, the price goes down."

of women to neglect their home and the training of their sons and daughters—particularly the daughters—is showing itself in the school training of today.

"They are taking special pains in the schools today to teach housekeeping and cooking and things like that. That is what the mothers ought to do. The schools ought to teach girls about countries and how to speak and write correctly. It is at home that girls should learn to cook and to be good housewives and good mothers."

"Of all the countries you have visited which do you like the best?" Miss Rodriguez was asked. "I like the western part of the United States pretty well," she replied. "The people out there are warm-hearted and treat every one alike."

"I didn't care for Mexico, although I went through it to Mexico City," she added.

"Were you there during the revolution?" "I think there is always a revolution there, isn't there?" was her reply.

Her big revolver, carried in a holster on a leather belt around her waist, suggested a question whether or not she had been molested during her long tramps.

"I have never been molested or insulted," she replied. "I haven't had occasion to use the gun, but when I am on the road I keep it loaded with real cartridges. I have been through some pretty wild places but was not harmed. Out in Oregon I went through the Grant Pass, where the howls of the wolves could be heard. But I didn't travel at night."

IF YOUR CHILD NEEDS A PHYSIC

If Cross, Feverish, Tongue Coated Give "Syrup of Figs" to Clean the Stomach, Liver and Bowels.

Look at the tongue, Mother! If coated, it is a sure sign that your little one's insides, the stomach, liver and 30 feet of bowels are clogged up with putrifying waste matter and need a gentle, thorough cleansing at once.

When your child is listless, drooping, pale, doesn't sleep soundly or eat heartily or is cross, irritable, feverish, stomach sour, diarrhoea, breath bad, has stomach ache, sore throat, or is full of cold, give a teaspoonful of Syrup of Figs, and in a few hours all the foul, constipated waste, undigested food and sour bile will gently move on and out of its little bowels without nausea, griping or weakness, and you surely will have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna, and aromatics it cannot be harmful, besides they dearly love its delicious taste.

Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed. A little given today will save a sick child tomorrow.

Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the famous "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. "Refuse anything else offered."

Can You Blame Him? (From Judge.) "It's triplets!" announced the nurse. "Really!" said the astonished father. "I can scarcely believe my own census!"

GOVERNOR SEES A WILSON VICTORY

Is Sure That the Democrats Will Carry Idaho at Election.

That Woodrow Wilson will carry north Idaho and in fact this state is the belief of Governor James H. Hawley, who has returned from the panhandle section after a most strenuous campaign tour that occupied exactly two weeks. The governor stated, when interviewed, that he found Wilson support on all sides. He also discovered that the electors apparently had settled in their own minds what they proposed to do with regard to the national issues, and preferred to have state questions presented and discussed.

"Woodrow Wilson looks to be very strong in the northern part of the state and will, I believe, carry that section and, in fact, the state of Idaho in November," stated Governor Hawley. "I found Wilson sentiment everywhere I went. The people apparently have settled the national issues in their own minds. I found that they wanted to discuss state issues and were anxious to have speakers addressing them keep well upon these subjects. The result was that I discussed state questions almost entirely. It was noticeable that in some sections the people wanted the taxation question discussed. In other sections they cared little about the tax question and what they wanted was a discussion on convict labor and state roads. And so it went all during my tour. I was received with good attendance almost everywhere I went and spoke some times in the morning, often in the afternoon but usually at night. I was able to get into every county in the northern part of the state and speak at several places in each one of them.

"North Idaho is a wonderful country. Those of the south are little aware of the vast resources of that section. It is one of the finest that can be found out of doors, I care not where you go. "The people there are prosperous. They have had great big crops this year and business has been good. I found the most optimistic of conditions."

(From Judge's Library) Damocles saw the sword suspended by a hair. "Very secure!" he remarked. "Suppose it hung by a wire that could be pulled?"

AVOID DANGEROUS OPERATIONS FOR YOUR STOMACH TROUBLE

One Dose of Mayr's Wonderful Stomach Remedy Will Bring Quick Relief and Convince You of a Cure.

If you suffer with Stomach, Liver and Intestinal Affections, Gastritis, Indigestion, Dyspepsia, Pressure of Gas around the Heart, Sour Stomach, Distress After Eating, Nervousness, Dizziness, Sick Headache, Fainting Spells, Constipation, Congested and Torpid Liver, Yellow Jaundice, Appendicitis, and Gall Stones, obtain a bottle of this Wonderful Remedy and put it to a test at once.

AVOID THE KNIFE

One dose will positively prove its great powers to cure. Over one hundred thousand sufferers have taken it; some had undergone dangerous surgical operations with but temporary relief, who now state that Mayr's Wonderful Stomach Remedy completely cured them. It is the most widely known and successful remedy for all Stomach, Liver and Intestinal ailments.

Ask for interesting literature and convincing testimonials regarding this remarkable Remedy. Give it a trial today. You will be convinced of its great curative powers no matter how skeptical you may be now. Prepared by Geo. H. Mayr, M.D., Chemist, 154-155 Whiting St., Chicago.

NOW, GENTLEMEN

You all know that a Jewel Heating Stove is not the cheapest stove on the market, but one of the very best and there is not any part of them that is not just a little better than all others. The Nickel Plating is real nickel, not just washed over. The castings don't warp out of shape the first time they get red hot. There are some on the market that are made so cheap that you could sit on them when they are red hot and it would not hurt you so bad as it would the stove. Even the cheapest Jewel will last for years and don't ever sit on one without you expect to move.
