

# PARADE OF THE RAINMAKERS TO BE GIVEN TONIGHT; THE INDUSTRIAL PAGEANT

## The Business Houses of Boise Unite in Mammoth Parade Through the Streets of the City

one of the most original floats in the entire parade. A deer drawing a plow on which was seated a gaily dressed young lady surrounded by flowers and decorations in the carnival colors.

**Negroes in Line.**  
The negroes illustrated the development of their race since the emancipation by a large float on which were exhibits in the educational, scientific and industrial field. Inventions that have been of special benefit to the negroes, children who have been educated in negro schools and many other things that showed the race's development in the last 50 years were on a beautiful float, decorated in Rainmakers' colors and lighted with Japanese lanterns.

The Falk grocery had one of its wagons decorated in colors while colored fire burst from the top and sides of the big van.

The growth of Alexander's stores in this state and in eastern Oregon was shown by a large and well decorated float preceded by the names of the float preceded by the names of the parade and the dates of each. Baker, Caldwell, Ontario and Boise were all represented in the procession.

A gigantic pipe organ that played selections in every block of the long march was placed on a well decorated float by the Ellers Music company.

J. Weil & Co.'s float consisted of a smoking room surmounted by a gigantic cigar, the whole being fastened into an automobile decorated with the usual carnival colors.

With darkies singing some of the old melodies and girls attractive in dress in some of the newest styles, the Organ-heel grill had a float that attracted considerable attention as it filed slowly through the streets. The grill had planned and worked out a dining room scene with banks of flowers and purple and gold streamers forming the principal decoration.

**"See Idaho First"**  
"See Idaho First" by pack train. The movement that has been attempting to get a large park in the Boise national forest reserved by congress had two pack trains in the procession last night. Cakes and cakes of ice into which were frozen fruits and vegetables and around which were stacked cases of more fruit formed an attractive feature of the exhibition of the Boise Ice & Commission company. A live hog was in a cage just out of reach of the ceery which he was trying in vain to eat.

Ten little girls, all children in the families of the members of the order, were eagerly peering over the top of a gigantic eagle's nest, on which were perched several of the national birds. The float was beautifully decorated. The girls were all dressed in white and well carried out the design representing the protection of the home guaranteed by the Fraternal Order of Eagles. The float was well lighted and carried behind it the engine that generated the light for the illumination. The high school band was in line and was followed by 100 more bands, members of the order, all dressed in white and carrying "F. O. E." pennants.

The George A. Anderson store had a large mermaid suspended in front of a highly decorated electric runabout. In the machine were seated several girls surrounded by banks of flowers.

The Idaho Candy company's float distributed some of its products to the crowd as it went through. It was piled high with candy palis decorated in the high with candy palis decorated in the several young ladies who bowed and smiled to the crowd as the float went by.

**Fine Electrical Display.**  
Flashes of lightning zigzagged back and forth across the face of the great float of the Idaho-Oregon Light & Power company. Highly decorated with carnival colors, lighted by a powerful dynamo concealed inside of it, the crowd gave it one of the first honors in the entire parade. The four coal black horses wore white harness studded with small electric lights, while the name of the company was given in large electric letters on the side of the float.

The Pioneer Tent & Awning company drove a great tent mounted on an auto and well lighted, while the Sweet-Teller Hardware company followed with a kitchen scene and distributed biscuits to the crowds as they passed through. A great paint bucket in green was the principal feature of the exhibition of the Globe Paint & Wall Paper company. The float had three well filled and highly decorated autos for its exhibition. Children, dolls, toys and employes of the store were crowded into the machines that were banked with flowers and carnival streamers.

Murphy's Cigar store was in the parade with a big cigar mounted on an auto. The Goodman-Jones trade mark in red and white rolled down the street in line with the parade. A mounted horizontal bar and horse on which a class led by K. E. Smullin, physical director, and W. H. Beach, boys' secretary, were exercising formed part of a float by the Y. M. C. A.

Thirty newboys, some of them riding horses and bicycles, while others followed on foot, were part of the exhibit of the Capital News in the parade. The boys were carriers and newbies and were under the direction of Austin Drake, assistant circulator. The boys all had their paper bags thrown over their backs and followed in the parade as they carry papers every afternoon through every district of the city.

Friday's Program.  
9:00 a. m.—Fair gates open.  
10:00 a. m.—Concerts at Eighth and Idaho streets by Columbia band. Concerts in downtown district by Pelz' band.  
1:30 a. m.—Racing program at the Inter-Mountain fair. Indian pony races, motorcycle races, free acts, band concerts.  
8:00 p. m.—Masked Carnival Parade and ball with King Ohadi and Queen Eslob. The Mardi Gras of the northwest. Band concert by Pelz. Free acts at Eighth and Main streets. Carnival.

**Industrial Parade.**  
In all of the gorgeousness of their war paint and feathers, a dozen Indian braves last night led the procession that typified the industrial development of this city and state during the last few years.

Electrically lighted floats, most of them generating their own current, were worked out with remarkable ingenuity by some of the largest industries in the city. Lights and color blazed from every float, the carnival streamers decorated every design as the great procession, one of the best that the city has yet had, moved down through the densely packed throngs along the line of march.

Ed Peasley, one of the members of the Rainmakers' committee was marshal in charge of the parade. Behind him came the police squad, consisting of "Smily" Hunt and "Big" McDonald, the biggest men on the police force and the ones who are always assigned to lead the processions and parades through the streets.

The combination of the Columbia and Pelz bands in the third section was excellent and the music that the two organizations furnished was the subject of comment all of the way through the crowd. A dozen of the Indians, decorated in the full war paint and feathers of the early days immediately preceded the line of floats that illustrated the development of the city and state since the day when the fathers of these braves rode wild and free over the sage brush deserts that have since been made to bloom by the energy and care of the white invader.

The Sampson Music company was the first in the line of floats with a beautiful new piano, a Victrola, palms and chairs. It was decorated in purple and gold colors of the Rainmakers. Close behind it was that of the Davidson Grocery company with a gigantic coffee can and samples of coffee and other products that the company sells.

The John Deere Plow company has

**How to Make Better Cough Syrup than You Can Buy**

A Family Supply, Saving \$3 and Fully Guaranteed.

A full pint of cough syrup—as much as you could buy for \$2.50—can easily be made at home. You will find nothing that takes hold of an obstinate cough more quickly, usually ending it inside of 24 hours. Excellent, too, for croup, whooping cough, sore lungs, asthma, hoarseness and other throat troubles.

Mix one pint of granulated sugar with 1/4 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle, then add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

This is just laxative enough to help cure a cough. Also stimulates the appetite, which is usually upset by a cough. The taste is pleasant.

The effect of pine and sugar syrup on the inflamed membrane is well known. Pinex is the most valuable concentrated compound of Norway white pine extract, rich in quassal and all the natural healing pine elements. Other preparations will not work in this formula.

The Pinex and Sugar Syrup recipe is now used by thousands of housewives throughout the United States and Canada. The pins has been imitated, but the old successful formula has never been surpassed.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will send you a sample. If not, send to The Pinex Co., St. Wayne, Ind.

# DECLARES THAT EVEN UTAH WILL BE FOR COLONEL

## Well Known Traveling Man Sizes Up the Situation and Says Taft Will Lose the State.

President Taft will not even carry Utah, the one and only one state of the 48 in the union that political prophets of all political faiths have been willing to concede him, if the cool calculation and prediction of G. B. Schwieger, a well known traveling man in Idaho and Utah, is correct, for in an interview given out by him today he declares that Taft has dropped to second in the race and Utah will be found in the Roosevelt column. Mr. Schwieger gives as his reasons for making this prediction that the Roosevelt Mormons, and there are many of them, will not blindly follow the lead of President Smith of the Church of the Latter Day Saints, who declared for Taft in the Improvement Era, but instead resent his interference in politics as a church dictator. A review of the situation in southern Idaho counties is also made by Mr. Schwieger, who has headquarters at Twin Falls, as a representative of the J. I. Case threshing machine company, the main headquarters of which for the west are at Salt Lake.

**Strong for Progressives.**  
"I am confident that Utah will be carried by Roosevelt at the November election and not by Taft as has been often claimed," said Mr. Schwieger. "You can find more Progressives in Salt Lake than would be thought possible. Out in the country where the rural residents are located the same feeling prevails and you can find it among the Mormons just as strong as among others. My work takes me out with the threshing crews and I found most of the people were for Roosevelt. While the Utah state fair was in progress at Salt Lake I had charge of the automobile section booth, we maintained there and took advantage of the opportunity to pin Bull Moose buttons on those passing by and visiting the booth. Practically everyone was gladly willing to wear them."

**Resent President's Attitude.**  
"Mormons high in the church do not like the attitude of President Smith, shown through his statement published in the Era in which he declared for Taft. They are for Roosevelt and propose to support him for president. I found that Mormons who are for Roosevelt and against Taft have made it plain they do not approve of the stand taken by President Smith. This is particularly true of the younger Mormons, who feel they have a right to vote for whom they please for president and should not be dictated to by the church authorities. The very best people in Utah are with the Bull Moose party and Roosevelt will have that state."

"Down in Twin Falls county the Bull Moose party is strong. Mr. Martin, candidate for governor, has made a very good impression. Twin Falls county will go Progressive. It will also give Addison T. Smith a good vote. Upon the fact Mr. Smith is looked upon as a home candidate and the people believe they should support him. They also believe it will be a mighty good advertisement for Twin Falls to have a congressman elected from that county."

**Reviews Idaho Counties.**  
"I have gone over the political situation in Oneida county. It will be carried for the Progressive ticket, but not by as large a vote as Twin Falls county. I found that in American Falls 75 per cent of the people are for the Progressive party. Bannock county is without question standpat and will be for Taft and against the third party ticket. Bear Lake county, I believe, will be found in the Progressive column. The people there talk that way. It should be an even break in Lincoln county. Governor Gooding has publicly stated he would be with Taft, but his family would be for Roosevelt. The county division fight has split things there and it would only be safe to figure that county will return a substantial majority for the Progressive ticket. Blaine county will be Democratic."

**What Straw Vote Shows.**  
"Straw votes taken on the train give an indication of Roosevelt's strength. On the Salt Lake Pullman coming to Idaho we took a straw vote which stood, Roosevelt 7, Wilson 4, Taft 3. On a passenger train on the Minidoka & Southwestern another straw vote was taken again showing Taft to be a very poor third. This vote stood as follows: Roosevelt 17, Wilson 10, Taft 5. As I find it Taft is generally conceded to be a poor third everywhere."
