

TWO GREEKS ARE KILLED IN CLASH WITH THE GUARDS

Sheriff Declares That None of His Deputies Did the Shooting-Parade Planned at Salt Lake

McGill, Nev., Oct. 17.—In a clash at the gates of the Steptoe smelter where strike sympathizers gathered today, Nick Pappas and George Barnosas, Greeks, were shot and instantly killed and another Greek wounded. A crowd of strike sympathizers had been marching toward the company office and were halted by mounted deputy sheriffs. Sheriff Crane says none of his deputies did the shooting. The strikers claim armed guards from Salt Lake are responsible and have sworn out warrants for the guards and for Manager Lokenan of the Nevada Consolidated and C. V. Jenkins of the Steptoe smelter as accessories. Governor Odde has said he will insist on the arrest of Guy E. Miller, executive committee man of the Western Federation of Miners on the charge of inciting to riot.

Demonstration Planned.

Bingham, Utah, Oct. 17.—Brass bands are playing this morning in Bingham and the striking miners are busy preparing for a parade scheduled for 2 o'clock this afternoon. Following the parade, the strikers and their friends will board the afternoon train for Salt Lake City. A big labor demonstration in which union labor men from all parts of the state are expected to take part, is promised at the state capital tonight. The Utah Copper company has nearly 1000 men employed in its workings this morning and seven steam shovels are in operation.

QUESTION JOHNSON ABOUT WHEREABOUTS OF YOUNG WHITE GIRL

Chicago, Oct. 17.—Jack Johnson, the negro champion pugilist, was questioned for more than two hours by the police today as to the whereabouts of Lucile Cameron, a 19-year-old white girl, whose mother, Mrs. E. Cameron-Falconet, a wealthy widow of Minneapolis, has asked the police to find the girl.

Johnson admitted that Lucile had been employed in his Thirty-first street cafe as a cashier, but declined to tell where she is now, although he said he knew her address. He pleaded that Miss Cameron was anxious to avoid further notoriety because of the recent suicide of his wife. Miss Cameron, he said had been a companion to his wife. "Is it true that you have the young woman in hiding?" asked Police Captain Nootbaar. "There is no foundation for such a story," the pugilist shouted.

USE OF MONEY IN THE MICHIGAN CAMPAIGN

Washington, Oct. 17.—The lavish use of money by the supporters of Taft in the Michigan primary campaign was charged before the Clapp committee today by James O. Murfin, a Detroit lawyer. "It is a matter of general knowledge," Murfin testified, "that the primaries in Detroit this year were the most corrupt on both sides ever known. They were as bad on one side as on the other, but our people were the most skillful and we got the delegates. Both sides bartered for those delegates like so many sheep. Some of them accepted money from both sides." Murfin said not more than \$250,000 could have been used honestly but \$500,000 was raised before the start was made.

Chairman Clapp placed on record a copy of the bank account of the Republican committee in 1904. It showed deposits corresponding to the amounts collected for the "Harriman" fund. George B. Cortelyou was questioned again about Archbold's testimony that the Standard Oil company contributed \$100,000. Cortelyou said he never asked Morgan for any contribution for any purpose.

Frank A. Munsey testified that his total contributions to the Roosevelt campaign this year had been \$118,000.

GOVERNOR MARSHALL AT COEUR D'ALENE

Governor Thomas R. Marshall, Democratic candidate for vice president, is to speak in Coeur d'Alene on the afternoon of Oct. 26, according to advices received here today by Ben R. Gray, chairman of the Democratic state central committee, who has wired Mr. McDonald in north Idaho to arrange for a big rally on the occasion of Governor Marshall's visit for all north Idaho.

Governor Marshall's itinerary takes him into California, Oregon, Washington and Idaho and on into Montana and through other northern states. It is likely that a number of candidates on the Democratic ticket from the southern part of the state will be in attendance at the meeting.

Success of Progressives Means Idaho's Redemption

(By Spokane Spokesman Review)

State control and regulation of utilities and natural monopolies stand well to the front among issues of paramount importance to the welfare of the public. Nowhere is this issue of more consequence to the people than in young and relatively weak states like Idaho.

Two years ago the Republicans of that state declared themselves in favor of a railroad commission. The Democrats opposed it and won.

It was not to be expected that they should pronounce in its favor this year and they did not. But it was to be hoped that the Republicans would stand by their former declaration. This, however, they failed to do, thus reacting from their progressive policy of 1910. In fact, their platform convention announced opposition to a railroad commission.

The Progressives promptly showed themselves the champions of the public welfare on this as on other issues. They demanded the formation of a railroad or public utilities commission with the fullest powers.

The people of Idaho, notwithstanding all assertions to the contrary, want such a commission. They realize to the utmost how badly they need it. The experience of the blessing an appointive railroad commission has been to the robbed people of California, the sight of the success of the utilities commission in this state in protecting the public interests against the railroads have convinced them that state commissions on public utilities are indispensable.

The Progressive party is the means through which the people of Idaho will redeem their state this autumn from the malign influence of private interests over the state government.

ALLEGED PICKPOCKET MUST STAND TRIAL

Ed Sullivan, the professional pickpocket, who was caught red handed picking the pocket of W. V. Ferris, a Wejser poultry man, during the fair, was last night bound over to stand trial in district court on the charge of larceny from the person and placed under a \$500 bond, which he was unable to furnish and will remain in the county jail until his case is heard. Sullivan was represented by C. H. Edwards, but no evidence was put in for the defense.

Ferris testified that as he was boarding a street car at Eighth and Main streets Wednesday afternoon about 3 o'clock, he felt a hand in his pocket and putting his hand down found his pocket book gone and wheeling around saw Sullivan retreating and grabbed him. When he did so Sullivan threw his pocketbook under the car, where it was recovered later. A knife, which worked by a spring like a pair of scissors, which was taken from Sullivan, when he was searched at police station, was admitted as evidence.

Last year during the fair Sullivan was arrested on Oct. 17 by Deputy Sheriff Ballard, who caught him in the act of attempting to pick a man's pocket. While the deputy caught Sullivan, the man whose pockets he was attempting to pick was not aware that he was being fleeced and could not be located. A charge of attempted larceny from the person was filed against Sullivan, but he was acquitted at the preliminary examination.

Policeman Is Witness

Salem, Mass., Oct. 17.—Michael A. Barry, a Lawrence policeman, at the trial of Ettore, Giovannitti and Caruso, testified today that Giovannitti said when told the picketing should be peaceful: "If they don't quit work we'll break their heads." In further conversation, Barry testified, Giovannitti spoke defiantly of the police, militia and federal troops.

STOLE EYE GLASSES; QUICKLY ARRESTED

A man, who refused to give his name, but who had cards in his pocket bearing the name of Professor M. H. Ramage, entered the store of the Idaho Hardware & Plumbing company just before noon today and, in plain sight of Mr. Jones, picked up his eye glasses and made away with them. He was followed by Jerry Jones and when apprehended was attempting to sell them at a pawn shop. The police were called and the professor placed under arrest and taken before Judge Adams, where he entered a plea of guilty to the charge of petit larceny and will be sentenced tomorrow.

It is said that Professor Ramage has been posing as an Odd Fellow and for several days has been working members of that order for money.

Dilatory Tactics.

(From Judge.)
"The question of what to eat is never settled."
Husband—"Well, why don't you settle it, then, instead of laying it on the table every time?"

BREVITIES

The W. C. T. U. will meet at 2:30 o'clock tomorrow afternoon at Y. W. C. A.

The county commissioners met this morning, looked over some bills and adjourned until Saturday morning.

Bud Driscoll has gone to Smith's Prairie to distribute literature in the interest of John M. Haines for governor.

Edgar Wilson left last night for Hot Lake, Ore., where he will spend a week or 10 days taking the baths for his health.

The Ladies Guild of Christ church will serve dinner this evening from 5 to 8 o'clock in the Bishop Tuttle church house.

Dr. Loree, former city physician, who with his wife, spent a portion of last

NO DECISION IS GIVEN BY BOARD

Action on Investigation of the Industrial School Is Again Delayed.

The board of control of the Idaho Industrial Training school of St. Anthony postponed reaching a verdict as the result of the investigation of that institution until October 18 and sliced the stenographer's bill for taking and transcribing the evidence in two, refused to appropriate the amount out of the school's appropriation and passed the bill up to the board of examiners and Governor Hawley to allow and pay it through deficiency warrants if they so desire. The board virtually washed its hands of the big bill. There is keen disappointment over the failure of the board to reach a decision.

State Superintendent of Public Instruction Miss Grace Shepherd and Mrs. Worthman demurred over taking final action in the alleged inhuman treatment in the beating of the Greer boy and other inmates of the school by the employees, on the grounds they had not been given sufficient time in which to properly read and study the evidence and were unprepared to do justice in the case, due to this fact.

Delays Are Asked.

Governor Hawley renewed his former statement that he stood ready and willing to render a decision and protested against further delay. O. O. Haga, president of the board, and Mrs. Pugmire were both prepared to reach a decision. Governor Hawley said that he would write out his opinion, place it in a sealed envelope and turn it over to the board to be opened at the time the board holds its final meeting when a vote is taken on the investigation matter. He voted against adjournment yesterday when the board met.

Mrs. Worthman declared that she had not read the evidence in its entirety and was unprepared to render a verdict. It was her wish that more time be given, that the case be not rushed through and the hearing go over until next month. Miss Shepherd said she had been so busy with the work of her department she had not found time in which to read all of the record in the case or to give it the attention it should have. She was also in favor of the delay. With Governor Hawley voting against the motion to adjourn the board meeting until Oct. 18, it passed, all other members voting for it.

Big Bill Is Cut.

Before the board ended its session here it sliced the stenographer's bill for transcribing the record in two and caused somewhat of a sensation in so doing. Members of the board expressed their indignation over the contraction of so large a bill, some of them thinking it was entirely unnecessary. The bill presented was over \$8000, and it was cut down to a small amount over \$4000. Then the board refused to make an appropriation covering the amount because the members claimed it could not out of the institution's appropriation, none of which, they claim, can be used for anything except maintenance of the school.

Instead the board sent the bill over to the state board of examiners and Governor Hawley for them to take care of, either to allow it in its entirety or the amount to which the board cut it. The governor is held responsible for authorizing the contracting of the bill. There is no state fund it can be paid from, it is said, so that if allowed deficiency warrants will have to be issued to meet it.

WIFE OF GUNMAN IS CALLED AS WITNESS

New York, Oct. 17.—Lillian Rosenberg, wife of "Lefty Louie," one of the gunmen charged with the actual slaying of Herman Rosenthal, testified at the Becker trial today. She told of meetings between her husband and the other gangsters charged by the state with participating in the plot to murder Rosenthal.

Mrs. Rosenberg's testimony was corroborative of that given by Jack Rose. The gunmen were brought into court and William Reilly, the next witness, identified Whitey Lewis and Dago Frank as the men who rented apartments from him under the name of Gordon after June 10.

COUNTY SEAT FIGHT WILL BE CARRIED TO THE SUPREME COURT

Montour and Waverly are not yet satisfied over the decision of Judge McCarthy in the district court and they will carry their fight for the county seat of Boise county up to the supreme court of the state at Lewiston.

Montour filed a petition some time ago asking the district court to call an election for the removal of the county seat from Idaho City to Montour. Shortly afterwards, Waverly came in with a similar petition signed with the requisite number of names. Montour objected to the Waverly petition on the ground that the state law does not contemplate the voting on more than one place at a time for county seat and as the Montour petition had been filed first it was the only one the court could consider.

Judge McCarthy held that he did not think the legislature intended to make the contest a race for the county seat nor that the prize should be given to the town that could get to the clerk's office with its petition first. He held that the legislature made the provisions for the benefit of the people of the county and was in favor of an arrangement that would give them the most desirable town for their seat of county government.

The question will be presented to the supreme court at Lewiston and arguments will probably be made on it Saturday. Cavanah, Blake & MacLean represented Montour, while Karl Paine was counsel for the people of Waverly.

Cause of Typhoid Outbreak.

Washington, Oct. 17.—A typhoid outbreak along the Mississippi river has been found by the public health service to have been due to water supplied to passengers on an excursion steamer. The investigators found that 800 passengers were made ill on the steamer in July.

SALE OF STATE LOTS AT PAYETTE LAKES

Nearly 60 beautiful lots along the water front of the Payette lakes will be placed under the hammer at 10 o'clock next Monday morning and sold to the highest bidder. George A. Day, state land commissioner, will conduct the sale that will bring thousands of dollars into the school fund of the state. The auction will be held on the steps of the Ada county court house.

The property has all been assessed by appraisers appointed by the state and the value of each lot has been determined. Nothing below the set price for each piece will be accepted by the state. One separate tract of land in the parcel to be sold comprises about 32 acres and is valued at about \$22,000. Another strip of about 3 1/2 acres is valued at about \$2000, while in block 10 there are five lots each appraised at \$500. Blocks 11, 12, 13, 14 and 15 contain 28 lots valued at \$500 each and comprising about 25 to 687 acres.

Five of the eight lots in block 25 are appraised at \$450, while the other three will go for not less than \$400 each. Ten of the 12 lots in block 26 will have a minimum price of \$300, while the other two must not go for less than \$250 each. There are also six lots in block 27 appraised at \$550 each. The sales will be made subject to the harvesting of the crops on all the land previously leased. Two-tenths of the purchase price and the first year's interest on deferred payments must be cash. The rest will be paid in 16 annual installments at 6 per cent interest.

Oct. 28 has also been fixed for the sale of lands at Twin Falls, approximately 1400 acres. The state commissioner will place under the hammer 1000 acres in Owyhee county at Homedale Oct. 26.

WIFE OF GUNMAN IS CALLED AS WITNESS

New York, Oct. 17.—Lillian Rosenberg, wife of "Lefty Louie," one of the gunmen charged with the actual slaying of Herman Rosenthal, testified at the Becker trial today. She told of meetings between her husband and the other gangsters charged by the state with participating in the plot to murder Rosenthal.

Mrs. Rosenberg's testimony was corroborative of that given by Jack Rose. The gunmen were brought into court and William Reilly, the next witness, identified Whitey Lewis and Dago Frank as the men who rented apartments from him under the name of Gordon after June 10.

BIDS FOR FLUSHING THE CITY SEWERS

The city council this afternoon voted to ask for sealed bids from the water companies for flushing the city sewers for a period of five years, the companies being obliged to lay all necessary pipe and erect standpipes where needed to comply with the specifications and contract submitted by the city. Bids for the flushing will be received up to 2 o'clock on the afternoon of Oct. 24.

An ordinance by Councilman Finegan providing for the trading of certain portions of Main, Eighteenth and Nineteenth streets, for lots 1 to 4 and 7 to 9, in Fairview addition, with L. L.
