NO SORE SPOTS OVER DEFEAT AT HANDS OF BOISE

Salt Lake Players and Coach Attribute the Disaster of Last Saturday to Overconfidence.

Although blue over their defeat at the hands of the fast Boise high school team, Salt Lake high school players proved to be game to the last and on their return to Salt Lake they had nothing but praise to offer for the treatment given them here by officials in charge of the gridiron battle and the Boise team. Salt Lake high school players and their coach say the result was all due to overconfidence. They believe that could they meet Boise again they would win easily.

Commenting on the return of the defeated team, the Salt Lake Tribune says: "The Salt Lake high school football eleven returned from Boise last night, where the team was defeated Saturday by Boise high school. The boys feel blue over their defeat as they are sure it was over confidence that beat them, and not the northern team's superiority. However, there is no kick coming from the local boys and they are unanimous in praise of Boise's treatment of them both previous and after the game. Regarding the officials the boys said they got an even break all the way with no discriminations, and all claimed the loss to be their own fault. One of them said: "It was an off day. We started fast but being slowed down we could not regain form."

Speaking of the game, Coach Richardson said: "It was over confidence that lost for us, and despite the fact that we were outweighed 20 pounds to the man, I am sure we would have won had we not been so confident of victory. One thing that had a tendency in that direction and which shows the sentiment at Boise, was the betting which, up to the end of the first quarter, was five to two in our favor. Asked if he thought the local team could win in a return game the coach said: "I know they could. We went through their line for the first few minutes so fast that the boys expected a walkaway and when Boise did take a stand we couldn't move them."

Of the Boise forward pass which played so important a part in winning the game, Harvey Ward said: "The passes were speedy and accurate; it seemed impossible to break them up though we did succeed in this sometimes. It was undoubtedly the passes that won for them; they outclassed us there."

Still confident that he has the greatest scoring machine in the western high schools, Coach Richardson feels certain of victory when the Indians meet the freshmen next Saturday. He regards the game of last week as merely a case of being off-color, and

not as a serious setback. None of the boys were injured in the game, it not being necessary to use a substitute. Training for the east-benchers will begin this afternoon, and the boys will profit by their loss of Saturday and will not again be too sure of victory.

It will not be decided until this afternoon whether the second team will play All Hallows today, as the Saints played Ogden Saturday and may not be ready for another game so soon. If they are, Captain King of the second squad, says his men are ready for them and from the recent showings of the youngsters the game should be interesting.
