YOUNG DIXON IS GIVEN KNOCKOUT BLOW IN SECOND

Montana Kid Proves Too Much for His Opponent and Sends Him to Floor in Second.

A right to the solar plexus, a left to the jaw—two short, fast and powerful punches—and Montana Kid disposed of Young Dixon with a clean knockout in the second round of the scheduled 10-round exhibition put on at Forest park last night. The Kid's execution of the trance route was one of the best seen by Boise fans. Dixon doubled like a jack knife, snapped back with a spring and went to the canvas for the count. He never had a show against Montana Kid, the cleverest lightweight seen in Boise for many years. The preliminaries were fast and interesting. Jimmie Larkin had a shade on John Drew and both mixed constantly. Roy and Harry McNell, two of the cleverest youngsters who have gone through the ropes for a preliminary in this city, staged one of the best matches and received the enthusiastic support of the faithful present. Larkin Proves Cleverness. The third man in the ring for the Larkin-Drew fight was G. F. Gahan, better known as "Ged" Fitzgerald, one of the old time warriors of the roped arena, who has been before the people of the pugilistic world since he was 15 years old. He is the man that fought 129 battles without being defeated, in a single instance. The boys were under his able control at all times and were well satisfied when he gave the decision to Jimmie Larkin. "Little Jim" was the aggressor at all times and did his closein fighting with fairness, and met his sturdy opponent with all the good will possible. At times it seemed that they were working for a pass-out slip and then again it was a series of clean uppercuts and heavy blows.

Main Go Short.

Montana Kid entered the ring first, with Young Dixon following within a few seconds. Mickey Morton was the master of ceremonies.

The first round came into life with Dixon missing a hard swing with his left to Montie's stomach. Sparring followed and Montana Kid landed his right and left to the face and body. The next few seconds were taken up with both men doing effective work on the face and sides. Then they fell into a momentary clinch, breaking and each using uppercuts. The going sounded the end of a very even round.

The second round opened amid the cheering of the crowd and personal advice of each man's friends, scattered here and there through the house. Hardly had the round begun, and before the fans could get a good line on the men, Montana Kid shot a swift right to the solar plexus and in a flash crossed a left to the jaw, while the spectators were amazed to see Young Dixon double and then straighten, falling to the floor in a limp way. Mickey Morton counted the decisive "ten" that declared Montana Kid the winner of the bout. It was all over in a second. Dixon never had a chance.

Challenges Are Numerous. Jack Carpenter issued a challenge to Montana Kid. Morton said he would allow him to fight if he would put up a forfeit for his good behavior, which he agreed to do.

The Battling Dane issued a challenge to the winner of the last fight, or any other man of his weight, 133 pounds. A telegram was read announcing the challenge to the winner of the Montana Kid-Dixon fight by the well known "Knockout" Al Schrader of Salt Lake.

Too much credit can not be given to Mickey Morton for the effort he put forth in securing for the Boise fans good exhibitions, and clean management of them. Last night he was very careful not to allow any one to start anything that would confuse the men in the ring, and requested every one to help make the game in Boise a credit to the town instead of a disgrace.

WILSON CARRIES MALHEUR COUNTY

Dr. Harry Lane Also Has Majority Over Selling—Other Results.

(Capital News Special Service) Ontario, Nov. 9.—Wilson has carried Malheur county by over 100 and Harry Lane won over Ben Selling in the county by about the same figure.

D. H. Kerfoot, Democrat, has been re-elected sheriff by over 200. Kerfoot was the only candidate that stood for re-election who was successful both at the primaries and election. His re-election by such a large vote in the face of over 600 Republican majority in a county that casts only about 2200 votes is a strong endorsement. His opponent was S. R. Copeland, who was backed by ex-Sheriff Odell.

John P. Houston, Democrat, has probably defeated David Graham for county ticket. Houston, who was tax deputy in Sheriff Kerfoot's office, is leading his opponent by about 80 votes. George McKnight, Republican, has probably defeated W. S. Lawrence, Democrat, for county judge.

John F. Weaver, Republican, has defeated Commissioner C. W. Mallett, Democrat, for re-election by a large majority, and his nephew, J. R. Weaver, Republican, has defeated C. O. Thomas, Democrat, for county treasurer, by an overwhelming majority.

The race for assessor is very close between A. M. Lackey, Democrat, and L. E. Hill, Republican.

A. B. MacPherson, Democrat, has probably defeated N. P. Conkling, Republican, for school superintendent.

Dr. R. O. Payne was re-elected coroner without opposition, having been nominated by both the Democrats and Republicans.

W. H. Brooks has defeated Leslie J. Aker for district attorney for Malheur, Grant and Harney counties.

The race for state senator in these three counties between James Mahon, Democrat, and L. V. Stewart, Republican, is very close.

W. F. Homan, Democrat, has probably defeated J. A. Hurley, Republican, for joint representative of Malheur and Harney counties. Homan is leading Hurley by 213 in Malheur and Hurley is 30 ahead in Harney.

BOISE AND PAYETTE IN GRIDIRON CONTEST

The Payette and Boise high school football teams met this afternoon at Cody field in their annual scheduled interscholastic football match and while Boise, undefeated and winner of the Intermountain championship, was confident of winning, the fact that Payette might have a number of surprises to spring on Coach Worthine's mole-skin wearers was not overlooked. The game was called at 3 o'clock.

The last game of the schedule Boise has to play to settle the interscholastic championship takes place a week from today with Weiser, the team that has, like the Boise high, defeated the other teams in the league. It will be a hard match and Boise will have to play fast football to take care of the Weiser team, known to be one of the most tricky in the league, always ready to spring something new in the great college game.

My little boy had a bad case of whooping cough, some times he was blue in the face. I gave him Foley's Honey and Tar Compound and it had a remarkable effect and cured him in a short time. Remember the name, Foley's Honey & Tar Compound, and do not accept any substitute. Children like it, grown folks are quickly helped by it, and it contains no opiates.—McCrum & Deary, Ballou-Lattimer Co.—Adv. T H S

PRODUCTS FROM THE NORTHWEST WILL BE SHOWN

Big Exposition to Open at Minneapolis Tuesday—One Day Is Given Over to Idaho.

Program of drills and folk dances by Y. W. C. A. gymnasium classes.

JOLLIFICATION OVER ELECTION OF WILSON

The Woodrow Wilson club of Boise will meet at the city hall next Monday night to make arrangements for a great jollification meeting over the election of Wilson. Now that it is a certainty that Idaho's electoral vote will be cast for Wilson it is expected that the ratification meeting will be more heartily entered into than might have been the case had the electoral vote of this state gone to Taft, as at first claimed.

It is hoped that there will be a large attendance so that as many members of the club as possible may be represented in the preparation and discussion of the arrangements for the ratification.

AMERICAN PRISON CONGRESS TO MEET

Baltimore, Md., Nov. 9.—Delegates appointed by the governors of nearly all the states, among them many noted authorities on criminal law and penology, are in Baltimore for the annual congress of the American Prison association, which opens tonight and continues in session through the greater part of next week.

The objects of the association are the improvement of the laws in relation to public offenses and offenders, and the mode of procedure by which such laws are enforced, the study of offenders and their social surroundings, and the best methods of dealing with offenders and of preventing crime. The improvement of penal, correctional and reformatory institutions, and the provision of suitable and remunerative employment for discharged prisoners.

Mrs. Maud Ballington Booth, a leader in the movement for the care of discharged prisoners, will address the congress tomorrow afternoon.

Trials in Headless Woman Mystery. Providence, R. I., Nov. 9.—The case of Henry Deslovers, who is charged with the murder of the woman whose headless body was found in the Blackstone river last June, will come up for trial in the superior court here Monday.

The victim of the murder is supposed to have been Angelo Delmarie, but the failure to find the missing head has prevented positive identification.

The Delmarie woman disappeared shortly before the discovery of the body and witnesses testified that she had last been seen walking towards the river with Deslovers, with whom she lived. Both the man and woman were France-Belgians and were employed in the mills at Woonsocket.

A week or so ago Desire Canner, a friend of Deslovers, was arrested as an accomplice in the alleged murder. He was given a preliminary hearing in court today.

TURKS WILL REFUSE

(Continued from First Page) war be continued. The common danger seems to have united all parties.

This is shown by the perverid outbursts of the newspapers of all political shades, urging a fight to a finish. The explanation of this newborn unanimity may be found in the suggestion by a high government official that if it is found impossible to hold the lines at Tchatalja, other defenses are possible before the enemy can reach this city. Every male who has reached the age of 19 years will be expected to be ready to perform his share in the duty of protecting the capital.

Mahmoud Scheffek Pasha, ex-minister of war, saw Kiamil Pasha, the grand vizier, yesterday. It is reported that Scheffek will be appointed inspector general of the army.

According to Turkish official reports, Musselman villages in the Palassa and Kirjare districts have been burned by Bulgarian troops and Daoud and Topukul and surrounding villages also were destroyed.

An official dispatch from the Vail of Saloniki, says two squadrons of Bulgarian cavalry Thursday attacked the troops guarding the railway station at Orlu, three hours' journey from Adrianople, but that the Bulgarians were repulsed.

Adrianople Can Hold Out. Hademkuil, Nov. 9.—(By wireless from the staff of the Turkish army at Tcherkeskeul headquarters here) The Ottoman troops occupied Viza, south of Tirnovo, and have advanced as far as Kavakly. The Bulgarians have not occupied Tchorlu. Reconnaissances in that direction have resulted in finding thousands of Bulgarian dead.

Tcherkeskeul is in wireless communication with Adrianople, where the situation is declared to be favorable. It is asserted that the city may hold out several months.

Fresh troops are reaching Tchorlu from Makrikeuk, and reinforcements landed at Midia, on the Black sea, to join the right wing of the Turkish army.

The reservists from Constantinople have proved excellent soldiers and are fighting with great courage.

Abdullah Pasha is in command of the Turkish forces at Tcherkeskeul and Mukhtar Pasha at Viza.

Bulgarians Near Black Sea. Sofia, Nov. 9.—It is reported here that the Bulgarian army has reached Derkas, situated on the northern end of the Tchatalja line and about two and a half miles from the shores of the Black sea.

Adrianople still is holding out. It is believed the bombardment there has been suspended temporarily.

Albanians Want Independence. Vienna, Nov. 9.—Ismail Kemal, the Albanian leader, who is in Vienna, in an interview yesterday said the conquerors of the Turks would make a grave mistake if they try to enrich themselves at the cost of Albania. Europe would never enjoy the blessing of peace, Kemal added, if Albania is divided. Albania demanded independence.

"The Malissori tribes are fighting against Turkey," continued Kemal, "but not for Montenegro. They are fighting for the independence of Albania."

American Cruisers to Sail. Washington, Nov. 9.—While active preparations are being made to get the armored cruisers Tennessee and Montana headed toward Turkish waters within 48 hours to protect Americans, the revenue cutter Unalga, now at Port Said, probably will be turned back from the Suez and ordered to rush to the Turkish coast, where, after a three and one-half days' sail, she could arrive a full fortnight ahead of the big cruisers.

Acting Secretary of State Wilson is considering using the Unalga as a fine craft, commanded by Captain R. O. Crisp. She carries a crew of

CELEBRATION OVER ELECTION OF WILSON

celebrated Crown Prince Constantine's telegram announcing the fall of Saloniki at Ghent and immediately started for the captured city by special train. A solemn Te Deum was celebrated in the cathedral here and the streets were filled with cheering throngs.

Details of the battle of Yenidje received here today from Volo show that 30,000 Turkish troops were engaged. Fighting lasted throughout the morning and ended in favor of the Greeks, two divisions of whom attacked the Turks in the rear and gave a decisive turn to the battle.

Conditions Bad at Capital. Constantinople, Nov. 9.—Pitiful scenes continue to be witnessed daily with the arrival of train loads of wounded from the front. It is significant that most of these men are slightly injured, which would indicate that the badly wounded have small chance of being picked up. Almost without exception the wounded are on the verge of collapse from exhaustion.

Many have been without attention for days and a majority of them without food or water for 24 hours. The hospitals are overcrowded and symptoms resembling cholera have appeared. Those suspected of having the disease are isolated in a special shed. If the dread scourge should reach Constantinople where already there is so much distress and suffering among the wounded and refugees, the consequences are too horrible to contemplate.

It is impossible to estimate the number of refugees in the capital. There are fresh arrivals each day and every mosque in Stamboul and the suburbs is crowded. Families from various villages and districts are striving as much as possible to keep together. All the refugees seem resigned to their fate and anxious to go to Asia Minor.

Acting Secretary of State Wilson is considering using the Unalga as a fine craft, commanded by Captain R. O. Crisp. She carries a crew of

70 men and could furnish refuge for 500 or more Americans.

The Tennessee, the flagship of Rear Admiral Knight, who will command the expedition, and the Montana each will carry 700 sailors and a company of marines.

A special train is now taking 400 bluejackets from the Norfolk navy yard to fill out the ships' crews. Captain Harry A. Field will be in command of the Tennessee while Captain W. B. Fletcher will command the Montana. Both vessels will carry six months' supplies and they could feed a vast number, should famine be in the train of disaster that now threatens Americans in the orient.

Save for the little gunboat Scorpion, station ship at Constantinople, these fine cruisers will be the first American vessels to pass through the Dardanelles since the old Hartford of civil war fame was allowed to anchor in front of Constantinople by special decree of the sultan.

A Night of Terror.

Few nights are more terrible than that of a mother looking on her child choking and gasping for breath during an attack of croup, and nothing in the house to relieve it. Many mothers have passed nights of terror in this situation. A little forethought will enable you to avoid all this. Chamberlain's Cough Remedy is a certain cure for croup and has never been known to fail. Keep it at hand. For sale by all dealers. Adv. T H S
