

TAX SALE CASE IN SUPREME COURT

Interesting Points Raised in Arguments on Bonner County Case.

Because the session extraordinary of the Eleventh legislature passed a law providing that notice shall be given to the owner of property delinquent because of failure to pay the taxes on it, before the tax deed can be given by the county to the purchaser of a tax title, an interesting legal entanglement grew out of a case that originated in Bonner county, gathering enough strength to pass through the district to the supreme court where it was argued this morning. The argument heard by the supreme court was for and against an application for a writ of mandate to compel Assessor Defenbach, senator-elect, of Bonner county, to compel him to issue a tax title to J. G. Lawrence. The case is entitled, J. G. Lawrence versus Byron Defenbach.

From the facts as recited by C. L. Heltman, of Rathrum, attorney for Defenbach, who appeared before the supreme court to present the application which was opposed by Assistant Attorney General J. H. Peterson, the and involved was sold to Lawrence after the taxes had become delinquent in the property. The usual procedure in the sale of property of this kind was followed. The property was originally bid in by the county and later was sold to Lawrence, who met the

expenses the county had been put to in handling the property and the payment of the delinquent taxes. When the matter of the delivery of the tax deeds came up, it was after the session extraordinary of the legislature had convened and that body had passed a law providing that notice shall be given prior to the passage of the deeds. Acting under its authority Mr. Defenbach refused to deliver the deeds to Lawrence and the latter promptly made application to the courts for a writ of mandate to compel him to do so. The case was argued and submitted.

MESHKIND ON TRIAL IN DISTRICT COURT

The trial of Abraham S. Meshkind on the charge of receiving stolen goods was begun before Judge Davis in the district court this morning. Shortly before noon the jury list was completed.

The defendant is charged with receiving in the United States Loan office several razors, a stick pin and other goods said to have been stolen from the Daly-Brown Furniture company several months ago. The state will try to show that he knew the goods were stolen when he bought them, that proper advertisement had been made by the city police force at all of the pawn shops and a description of the goods had been provided the pawn dealers in order to protect them when the property was offered to them for sale.

The jury is as follows: J. M. Hatfield, H. D. Richardson, G. S. Sargent, E. G. Wilson, Edward Schwend, J. W. Cannon, Frank Newlands, John Cuddy, W. F. Tuttle, Joel Marcum, F. G. Wathers and George W. Scharf.

STATE TREASURER IN NEW BUILDING

The Cash, Bonds and Securities of the State Safely Moved.

Several millions of dollars in actual cash and securities was today safely transferred from the old state capitol building to the new one, for the state treasurer's office was moved and the state's effects are now safely confined in modern and improved steel vaults located in the grade floor of the capitol, where the state treasurer has fine apartments. The treasury department of the state will remain on the grade floor of the new building until such a time as the wings of the capitol are finished, when they will be transferred to the executive, or second, floor and placed in one of the wings.

The securities were transferred without trouble. State Treasurer O. V. Allen and his deputy, Fred Coleman, supervised the task and assisted in the moving of the effects of that department. Within a day or two they will be well organized to handle the state's business in the new building.

The vacation of the old quarters of the treasurer's department in the old building has caused activity in the state land department for the latter is to be quartered in the rooms occupied by the governor and the state treasurer in the old building, and for the purpose of moving from the annex this week the land officials are busy packing up. The entire annex of the state house is to be vacated just as soon as state officials can leave the old capitol building to become installed in the new edifice. For the next two weeks all state and appointive officers will work overtime assisting in the moving.

Tomorrow The Day

Mammoth Closing Out Sale of Fall Millinery

**GOODS MUST BE SOLD
MONEY MUST BE RAISED**

Every Hat in the House at a Big Sacrifice

Ladies without doubt you will find the largest and best stock of high grade millinery ever shown in Boise at our mammoth closing out sale of fall millinery. CASES OF SMALLPOX NUMEROUS IN COUNTY

Smallpox is in its open season now. Several cases have already been reported in some of the towns of the county, but none of them have as yet become serious. Five cases are said to be under surveillance at Dry Creek, while another is being closely watched at Eagle, it is said.

So far, there have been no cases reported at the government camp at Arrow Rock, nor any at the contract camps along the project. This is the season of the year, however, when the disease often breaks out among the men at the construction camp and was the time last season when there were several cases reported in many sections of the country.

MOTLEY REFUSES TO ANSWER GOLDSTEIN

S. W. Motley, of Twin Falls, state organizer of the Socialist party in Idaho, will not meet David Goldstein, the anti-Socialist lecturer, in a debate here Wednesday night as was scheduled, he having sent word today that if he was limited to a half hour, he would not meet Goldstein, but would gladly do so if given as much time as the other speaker. The local Socialists were highly elated at the prospects for a debate between one of their champions and the noted lecturer, who is one of the bitterest enemies the party has, and they do not propose to let his address go unchallenged and will appoint a local man to ask Goldstein questions at the close of his address.

GOMPERS MAKES

workmen for injuries. In conclusion, Mr. Gompers' report urged more extensive organization work among the workers of all industries and the general extension of the federation.

The report of Secretary Frank Morrison of the federation showed total receipts of \$297,373 for the year and expenditures of \$277,479. The federation began the year with a balance of \$189,579, and closed the year with \$79,105 less. In discussing the strikes of the year Mr. Morrison's report said: "Reports from 64 national and international organizations and from local unions directly affiliated with the American Federation of Labor show that there were 716 strikes, in which there were 74,969 involved. Of that number 66,892 were benefited and 6177 not benefited. The total cost of the strikes reported on was \$1,986,263. Adding to that amount \$156,889, donations made by local unions to other unions we have a total of \$2,143,153 expended to sustain members on strike during the past year."

Similar figures were set forth in the report of Treasurer John B. Lennon.

Cement for Arrow Rock.
Washington, Nov. 11.—The secretary of the interior has authorized the reclamation service to accept the proposal of the Ogden Portland Cement company of Ogden, Utah, for furnishing 130,000 barrels of cement for use on the Arrow Rock dam, Boise irrigation project, Idaho. The contract price is 99 cents per barrel f. o. b. cars at Bakers, Utah. The engineers are also authorized to enter into negotiations for proposals for an additional 130,000 barrels in the event they are unable to secure a similar favorable price.

BODY IS CARRIED ON AUTOMOBILE TRUCK

The sight of an automobile truck transformed into a hearse and followed by 25 automobiles draped in black and heavily loaded with friends of Herman Estes, the young automobile driver, who ended his life at Mountain Home Friday, attracted considerable attention yesterday afternoon, it being not only the first automobile funeral ever held in the city, but also one of the largest in many months. The deceased was well known in Boise and many of his friends attended the services at the Christian church and followed the body to its last resting place.

Warner's Rust Proof Corsets

A medium bust and long, double skirt model, made of coutil; pair \$2.00

This is a medium bust and very long skirt style; made of a good quality of coutil; pair \$2.50

The best for Comfort Style and Price

For comfort they offer the most as they are very flexibly boned, and cut to lines of comfort. Style is shown also. The new styles allow a more comfortable corset than formerly and Warner's give the maximum amount of both style and comfort in one corset. The prices are very moderate as we sell them, and you are assured of perfect satisfaction.

The Warner corsets are made of the best materials possible at the prices we ask for them. As a matter of dress the corset is an important item. No gown or suit will look at its best until the figure is properly corseted and Warner's is just the corset to properly corset the figure. To the many women who find the wearing of a corset a bit tiring or uncomfortable, a trial of a Warner's will soon convince that there is such a thing as comfort in a corset.
