

SOCIALISTS GAIN RIGHT TO BALLOT AT THE PRIMARY

By Receiving 10 Per Cent of Total Vote Cast Socialists Secure Distinction of Being "Political Party."

It now is practically certain that the Socialists of Idaho have become a legal primary party and that at the next primary election, instead of only two parties participating, as in the past, there will be four, the Progressives having attained in the one campaign legal position as a primary party.

The primary law defines a party as follows: "Sec. 2. A political party, within the meaning of this act, is an affiliation of electors representing a political organization under a given name, which at the last preceding general election cast for any candidate on their ticket for office within the state at least 10 per cent of the total vote cast for all candidates for the same office within the state, and upon which there were at least three nominees for state office."

Thus this section, unless some reason should arise for a different construction, means that if any Socialist candidate for state office received 10 per cent of the total vote cast for that office, then the Socialist party becomes "a political party."

The total vote received by Coblantz, Socialist candidate for governor, was 10,549, with three counties, Boise, Cassia and Oneida, not reported yet on that office. The total vote for governor in the state, unofficially reported from the official count by counties, was 103,996, not including the vote that the Socialist candidates received in the three counties named. Ten per cent of that vote would be 10,400, so it will be seen that even without the vote from Boise, Cassia and Oneida, the Socialist candidate had 10,549, or more than the required amount. The total vote given for the other three candidates for governor is for all counties complete so that all the number yet to be received for the Socialist candidate will be all to his good. According to reports sent to the Capital News from all counties in the state, Hawley received 34,024, Haines 35,071, Martin 24,342, and Coblantz, 10,549. As before stated, three counties are not included in the Coblantz vote.

Prohibition Vote Light.
The Prohibition vote has not been reported, but from partial reports received it is estimated that it will not exceed 1500 for the state. This should be added to give the total vote for governor, but even then the Socialists cannot be shut out of becoming an official and legal political party.

Conrod, Socialist candidate for secretary of state, received a few more votes than Coblantz. The candidate receiving the highest vote will be the one to figure from. It will be found that the Socialists gain in two ways here, because the total vote cast for secretary of state will not be as great as the total vote for governor, while the vote received by Conrod, Socialist candidate, is greater than the vote received by Coblantz for governor. Conrod received 10,600 votes, with Boise, Cassia and Oneida counties not reported on the Socialist vote.

NINE QUARANTINED ON A PULLMAN CAR

Denver, Nov. 22.—Eight passengers and a Pullman porter from four western states will be compelled to live in a Pullman car on a side track at the small town of Castle Rock, Colo., for the next two weeks and to eat their Thanksgiving dinner there with a guard stationed at either end of the car. They have been quarantined as the result of the discovery that one of the passengers, R. C. Jones, of Denver, had the smallpox.

Those quarantined were: W. J. Stillebower, wife and child, of Los Angeles; L. W. Nichols, Greeley, Colo.; Charles E. Harris, Baton, N. M.; Mrs. E. W. Fox, El Paso, Tex.; Mrs. Perry Gallop, Littleton, Colo.; C. G. Thomas, Denver, and Walker Hawkins, the porter. A ninth person had been a member of the party but getting wind of the intention of the state health officers, he leaped out of a window, leaving his baggage behind. Several other passengers on the train did likewise, fearing that the whole train would be quarantined. Jones was brought to the pesthouse here in an automobile.

Mrs. Gallop was within 15 miles of her home, having traveled all the way from Los Angeles, when she was quarantined.

FRANK CONFESSION BRINGS ACQUITTAL

New York, Nov. 22.—Fabian McKinney's frank statement to a jury that he tried to bribe a policeman because he thought it was "the way they did business in New York," was followed by his acquittal on a charge of bribing Patrolman Arthur Carmack, a member of the strong arm squad of Charles Becker, the police lieutenant sentenced to death for the murder of gambler Herman Rosenthal.

McKinney, a negro real estate dealer of Waterbury, Conn., said he gave Carmack \$100 in the basement of the criminal courts building to "fix matters up" for a friend who had been arrested in a gambling house raid last February.

MADAM! IF YOU DON'T FEEL RIGHT TAKE DELICIOUS "SYRUP OF FIGS"

Waste-clogged Bowels, Torpid Liver and Decaying Food in Stomach Cause the Sick Headache, Gas, Backache, Sallowiness, Biliousness and Indigestion.

All women get bilious, headachy and constipated—simply because they don't exercise enough. They don't eat coarse food, or enough fruit and green vegetables. Those are nature's ways of keeping the liver and thirty feet of bowels active; but very few women employ them. The next best way is delightful, fruity Syrup of Figs.

Nearly all ills of women can be overcome with Syrup of Figs alone. There is no need to have sick headache, backache, dizziness, stomach sour and full of gases, bilious spells, sallowness, coated tongue, bad breath, bad complexion, nervousness and depression. The surest and safest remedy is one or two teaspoonfuls of delicious Syrup of Figs. Try this tonight—you'll feel splendid in the morning

when the sour bile, clogged up waste and poisonous matter have been gently but thoroughly moved on and out of your system, without nausea, griping or weakness. Your head will be clear, complexion rosy, breath sweet, stomach regulated; no more constipation, gases, pains and aches.

It is simply a matter of keeping your stomach, liver and bowels clean and regular. Then you will always be well—always look and feel your best. But get the genuine—the old reliable. Ask your druggist for "Syrup of Figs and Elixir of Senna." Refuse, with contempt, the so-called Fig Syrups sometimes substituted to fool you. The true, genuine, bears the name California Fig Syrup Company; look for this on the label. Adv.

TWO MORE HATS MAY BE THROWN INTO THE RING

It Is Reported That Colonel Thomas R. Hamer and E. A. Burrell Will Become Senatorial Candidates.

The short term senatorial roster can have two more names attached to it, for the announcement was made last night by those thoroughly cognizant with the situation that Edgar A. Burrell, former lieutenant governor of this state, a resident of Paris, Bear Lake county, and Thomas R. Hamer of St. Anthony, Fremont county, former congressman from this state, defeated after one term of service, will very likely toss their hats into the ring. In fact it is claimed they are candidates and their friends expect to perform the marvelous feat of transforming their hats into senatorial togas.

Colonel Hamer, and this title is given to the colonel because of valiant services in the Philippines as a member of the National Guard, will be a candidate of the reactionaries, the conservatives, that wing of the party responsible for the disastrous national defeat experienced Nov. 5. The friends of Mr. Hamer believe he is the man of the hour and his one term in the lower house of congress is conclusive proof he will, if given the short senatorial term, become a power in the senate.

Opposition to Hamer. The St. Anthony stamener will, however, have the same opposition to his possible candidacy within the party as he had when, following one term in the house, he was a candidate for reelection. Few candidates in the history of Idaho politics, it is said, have suffered a more disastrous defeat. This was due, at least it was so claimed at the time, to the shabby manipulations that took place in the 1908 Republican convention when Burton L. French, then congressman, was a candidate for the nomination, and lost it regardless of the fact that two-thirds of the delegates seated in the convention were pledged to him. The Hamer deal was put across, it is said, and the convention was stampeded for him, resulting in the defeat of Congressman French.

It was this convention deal that is said to have forced the passage of a direct primary law in this state by the next legislature. Two years later the people had still fresh in their memory the convention deal, and they nominated and elected Mr. French, repudiating Hamer.

Just what effect Mr. Hamer's proposed candidacy will have on the senatorial situation remains to be seen. It will result in bringing out an eastern Idaho candidate at least.

Burrell Has Backing.
It is claimed by party leaders that Mr. Burrell will go into the next legislature with strong backing. His friends assert he is a Progressive and that he manifested his progressiveness when in an interview during the recent campaign he refused to stand for the theft of the Chicago nomination and declared he would vote for Roosevelt. During the pre-election campaign he was mentioned as a Progressive candidate for governor but his boom failed to bear fruit.

Mr. Burrell was lieutenant governor of the state during the second term of Governor Frank R. Gooding and by virtue of that office was president of the senate, presiding over the ninth session. He was succeeded as lieutenant governor by Lewis H. Sweetser of Burley who for four years has held that office, having served during the administration of Governor Brady and the present administration of Governor Hawley.

Costly War of Labor Unions.
Chicago, Nov. 22.—James A. Anderson and Charles Cameron, principals in the war of arson and murder alleged to have been waged by the two rival local unions of the International Brotherhood of Electrical workers, were given a preliminary hearing in court today. Many sensational disclosures are expected when the two defendants are tried. According to the police, Anderson and Cameron have admitted that they were delegated by their unions to destroy the rival unions by burning buildings in which the rivals were employed. One business agent was killed in the "war," and buildings aggregating \$100,000 in value were burned, it is asserted.

STUDENT VOLUNTEER MOVEMENT MEETING

Princeton, N. J., Nov. 22.—The annual convention of the Student Volunteer Movement, representing a world-wide constituency of missionary students and workers, begins its sessions at Princeton university this evening and continues them over Sunday. Several hundred students and professors, representing scores of colleges and universities, have registered as delegates. Foreign missionaries from many parts of the world are on hand. Representatives from most of the mission boards in the United States and Canada are also here.

Prominent among those who will address the conference are Rev. John H. Lowell, D. D., pastor of the Fifth Avenue Presbyterian church, New York; Harlan F. Beach, professor of missions at Yale; Rev. C. R. E. Janvier, pastor of the Holland Presbyterian church, Philadelphia; William T. L. Oldham, bishop of the M. E. church; Robert E. Speer, secretary of the Presbyterian board of foreign missions; Isaac T. Headland, formerly a professor in the Felkin university, and Edward Hume, D. D., for many years a missionary in China.

Fought to a Draw.
Buffalo, Nov. 22.—Gunboat Smith, of California, and Jack (Twin) Sullivan, of Cambridge, Mass., fought a 10-round draw here last night. The men ran into clinches constantly and no blows of consequence were exchanged.

ANNUAL DINNER FOR MEMBERS OF Y. M. C. A.

With a lively program and a jolly good time, 90 pounds of turkey will disappear before the onslaught of the hungry members of the Young Men's Christian association on the evening of Dec. 2.

A committee has been appointed to make this the best annual dinner that the association has had in years. The program has not yet been completed but a committee of expert program makers is at work upon it and expects to have it ready within the next few days.

The dinner is a regular feature of the Y. M. C. A. work and has been an established institution for several years. It will probably be held at 6:15 o'clock and every member of the organization will be invited.
