GOVERNOR VERY MUCH PLEASED OVER PROSPECT

The mission that called Governor Hawley and Land Commissioner Day east is one that has been hanging fire during the entire administration of the governor and relate to approximately 500,000 acres of lands principally composed of school indemnity sections 16 and 36 included within forest reserves and to which the state has for years been endeavoring to secure title of. A lieu selection plan was finally agreed upon, the government permitting the state to relinquish title to the sections 16 and 36 after title had been granted to the state, and taking in place thereof other government lands in various parts of the state insofar as possible, making the change equal in the selection.

APPEALS TAKEN BY PRISONERS TO SUPREME COURT

Charles H. Allen and Reece C. Clevenger, two life termers in the Idaho state penitentiary, who were convicted of murder in the first degree and escaped the death penalty through the option of the jury which elected to give them life in the penal institution, have had their case on appeal before the supreme court and that tribunal will be called upon to decide if they are entitled to new trial. The transcripts are exceptionally large ones and are now of record in the supreme court. The state of Idaho is named as plaintiff.

C. H. Allen and Reece C. Clevenger, Life Termers, Seeking New Trials—Convicted of Murder.

The victim of Allen and Clevenger was M. J. Crowley. The crime was committed at Hailey, Idaho, on Sept. 21, 1911, in a resort known as the "Dot Alton" house within the restricted district. Evidence given during the trial proved to be sensational. The record shows that Allen and Clevenger frequented the resort during the night of the crime and were seen not only inside but out on the streets by both men and women. The evidence in some instances seems to be conflicting as to just how the murder took place. One of the women inmates tells that the resort was held up by the defendants and that when the shooting occurred a general alarm was given that bandits were raiding it.

APPEALS TAKEN BY PRISONERS TO SUPREME COURT

Following the trial and verdict of the jury, the trial opening Oct. 30, 1911, the defendants moved for a new trial. This was denied and they appealed. The case on appeal is now before the supreme court.

MACLEAN WILL LEAVE HIS POST AT UNIVERSITY

Board of Regents Reluctantly Accepts the Resignation of the President of the Moscow Institution.

President James A. MacLean, of the University of Idaho, tendered his resignation as president of that institution to the board of regents in session at the Owyhee hotel yesterday and it was informally accepted. The board today formally accepted the resignation and passed strong resolutions of regret at his loss and at the same time commended him to the new field which he enters in accepting the presidency of the University of Manitoba at Winnipeg. President MacLean filed notice of his acceptance of the presidency of the University of Manitoba with the board yesterday.

President Thanks Regents.

President MacLean's letter to the board announcing his acceptance of the presidency of the University of Manitoba is as follows: "Boise, Dec. 2, 1912. "Mrs. S. H. Hays, "Secretary of the Board of Regents, "Boise, Idaho. "Dear Madam: In view of my recent acceptance of the presidency of the University of Manitoba, I hereby tender my resignation as president of the University of Idaho, to take effect Jan. 31, 1913, with leave of absence during the Christmas vacation. "In resigning the position which I have held under your board since Sept. 21, 1906, I wish to take this, the first free moment when I may do so with propriety, to express my appreciation of the value of the services which the members of the board have been performing for the cause of education in Idaho. There are few responsibilities in life as great in importance to yours and I have never seen, and never expect to see, greater fidelity in their discharge. I wish also to thank each of the regents, personally, and the whole board, for the kindness, consideration and full measure of confidence that has been accorded me. Except for a brief period after the fire that destroyed the administration building in 1906, I think I have been almost ideally happy during my daily work at the university and I shall always remember in gratitude, the regents and the people of the state who created the conditions and surroundings in which we have worked. I shall always consider myself fortunate that the last 12 years of my life have been spent in your service and in Idaho, and not elsewhere nor in any other line of work. "Very respectfully, "James A. MacLean. "JAMES A. MACLEAN." The board drafted its resolutions too late for publication today. It is giving serious consideration to a number of men prominent in educational work with a view of extending them a call to the University of Idaho presidency to succeed President MacLean.

CASES TRANSFERRED TO PROBATE COURT

Although bordering on the age when they could be held to stand a preliminary examination in justice court on the charge of larceny from the person, the mercy of the law was extended this morning to Harry Mundy, Ray Valentine and Paul Dorsey, who were arrested Sunday night on the serious charge on complaint of Park Waa, a local Chinese, and their cases were transferred to the probate court. Judge W. G. Bower made the ruling this morning. Mrs. Mundy states the Capital News was misinformed relative to her son being sent to the industrial school, and declares he was never given a term in the school.

The court adopted formal orders, setting the hour of meeting daily at 2 o'clock, and providing that the opening statements of the case should be made by one person on each side. That will confine the opening statements to Representative Clayton, who had been designated by the house managers, and A. S. Worthington, chief of the counsel for Judge Archbald. The court took a brief recess.
