HAIL OF BOMBS THROWN IN FORTRESS BY AN AVIATOR

Janina Is Given Severe Punishment By Greeks—Today's Conference Comes to an Abrupt Ending

Paris, Dec. 19.—A veritable hail of bombs was thrown into the Turkish fortress of Janina by the Greek military aviator, Moutoussis and his accompanying comrade who yesterday flew over the city in a biplane, according to official advices. The bombs were hurled down upon the principal buildings, to which they caused serious damage. The population was terrorized.

London, Dec. 19.—The peace conference of the Balkan allies and Turkey was in session less than an hour today. Then Rehad Pasha and Salih Pasha hurriedly left the palace and went to their hotel. They refused to give their reason. Later it was announced that the conference had adjourned until Saturday.

It is thought that should Turkey carry her point in regard to revictualing the garrison of Adrianople, it would imply that possession of the fortress would ultimately remain with the Turks. As soon as the question of Greek participation in the peace conference shall have been settled, if that is possible, the demands of the allies will be unfolded and the crucial stake reached, when the food offices of the powers may be needed. Without outside mediation, it appears impossible now to bridge the gulf dividing the minimum demands of the allied Balkan nations, and the maximum offer of the Turks if their demands and offers are to be accepted at their face value.

DE LUXE BOOK GAME CASE IS IN COURT

New York, Dec. 19.—The de luxe book game, the promoters of which are alleged by the government investigators to have victimized wealthy men and women in various parts of the United States to the tune of more than \$20,000,000 during the past few years, was given its first airing in court today, when William B. Scott was given a preliminary hearing on a charge of having been concerned in the alleged frauds of the Kelly-Farmer company, dealers in de luxe editions of books. The indictment against Scott specifically charges him with the larceny of \$30,000, obtained from Mrs. Ambernette M. Crombie of this city through an alleged rare-book swindle. According to Mrs. Crombie's statements, she advanced \$20,000 to Scott to obtain a collection of books said to have belonged to Charles W. Morse, \$10,000 to obtain a rare edition of Roosevelt's works and \$2500 for a set of Mark Twain's writings. For these books, she alleges, Scott told her a western millionaire was ready to pay \$150,000. The prospective purchaser, however, failed to materialize.

MANY KILLED IN FIERCE BATTLE; TOWN IS SACKED

Guadalupe, Mexico, Dec. 19.—A hundred rebels and 40 rurales and townspeople were killed in a fierce battle at Huajuja yesterday. The town was sacked by the rebels who committed many outrages.

A force of 600 rebels, commanded by General Checho Campos yesterday attacked the little town of Huajuja in the state of Jalisco. The garrison, which consisted of 50 rurales and guards, with the assistance of armed citizens, held them off for 36 hours until the store of ammunition was exhausted. Then the rebels forced their way in, burned many buildings in the town, and committed every kind of outrage. Some hours later reinforcements of federal troops arrived and routed the robbers after killing a large number.

Lean Christmas in Wall Street.

New York, Dec. 19.—Present indications point to a rather lean Christmas in Wall street, as concerns the matter of bonuses to employees of the big banking and brokerage houses. Stock trading throughout a large part of the year was at an unusually low ebb, and many a broker is thankful that he has been able to keep his head above water. Some of the managers and clerks of the big houses who, in the "fat" years, received Christmas presents of thousands of dollars as a matter of course, will be surprised, as well as pleased, if they are handed a quarter of that amount at the distribution this year.

Most of them called simply to say goodbye to the president, who leaves at midnight tonight for his fifth visit to the Panama canal zone. The presidential party is to include Mrs. Taft, Secretary Hilles and several friends and newspaper correspondents. The sea trip will begin at Key West, from which point the party will sail on the battleship Arkansas on Saturday afternoon. It is expected that Colon will be reached in time for the Christmas celebration.

HERBERT HOCKIN CALLED "LAGO" OF CONSPIRACY

Assistant District Attorney Noel Continues His Argument to the Jury at the Dynamite Trial.

Indianapolis, Dec. 19.—Assistant Attorney Noel, in continuing his argument to the jury at the dynamite conspiracy trial today, said Herbert S. Hockin was ambitious, and wanted to get out of the way those who opposed him. Ortle E. McManigal and J. B. McNamara complained that Hockin was holding out part of the fees allowed them for explosions. The dynamiters were about to ditch him, so Hockin decided to betray them. The attorney said Hockin was the "Lago" of the dynamite conspiracy.

Jones, with her two surviving followers and Mrs. Jessie Stubbs, who rejoined the ranks last night, said it was Albany "if it takes all winter."

Seattle, Dec. 19.—The police today began a thorough investigation of the murder last night of Wong Song, a Hop Sing Tong man, who was shot to death in Chinatown. Interest in the investigation centers about the report made by Chinese agents to the police that the murder was in the nature of reprisal for the trunk murder in Portland a year ago of Seid Ring. Two men and a woman, said to be members of the Tong to which Seid Ring belonged, are held by the police.

PRINCE REGENT OF BAVARIA IS BURIED WITH KINGLY HONOR

Munich, Dec. 19.—The body of the late Prince Regent Luitpold of Bavaria was carried this morning to the sepulchre beneath the altar of the Church of the Theatines, where it was laid beside that of King Maximilian II. The German emperor, the king of the Belgians, the king of Saxony, Archduke Francis Ferdinand, the heir apparent of Austria-Hungary, and a number of princes representing the royal houses of Europe followed the coffin in the procession which passed through streets crowded with silent mourners. Although during his life the aged prince regent declined to adopt the royal title because, as he said, the real king was still living but was unable to rule on account of insanity, Bavaria treated the dead Luitpold with kingly honors. The heart of the dead regent was embalmed separately and interred with those of many preceding Bavarian rulers at the village of Alt-Obetting, where it reposes in a silver case beside the famous shrine of the Virgin Mary.

MORGAN TELLS OF DEALINGS IN STOCKS

Financier Gives Interesting Testimony Before House Committee

TELLS OF DEPOSITS IN NEW YORK BANKS

Approximately One Hundred Million to Their Credit—Admits That He Fixed Prices of Subsidiary Companies.

Washington, Dec. 19.—"There could be no money trust. All the banks and all the money in Christendom could not control the money. The question of control is personal as to money and credits," declared J. Pierpont Morgan to the house money trust investigation committee today.

Washington, Dec. 19.—J. P. Morgan today resumed the witness stand before the money trust investigating committee. The financier's lawyers held a whispered conference as he began his testimony. "Can you give the committee a statement of the deposits of your banking firm in New York on November 17?" asked Undermyer, counsel for the committee. Morgan approximated it at about \$100,000,000. He said he would furnish a statement showing the figures. He said he and his partners were directors in some of the interstate corporations that have accounts with J. P. Morgan & Co. He agreed to furnish a list of these directorships. In response to a question Morgan produced copies of fiscal agreements between his company and the New York Central railroad and the New York, New Haven and Hartford railroad companies. He said there were no other such agreements made by his house.

For Other Corporations.

"Are you not acting for a number of other corporations, including the United States Steel corporation?" asked Undermyer. "Yes, but that is by resolution of the board of directors of the steel corporation," said Morgan. As to other agreements whereby the Morgan house became fiscal agents for corporations, he said they were by word of mouth or by correspondence. Morgan said his firm was acting for the American Telegraph & Telephone company and the Northern Pacific and Southern railroads.

Undermyer looked at the reports Morgan presented and asked if they were not "arguments," by voting trustees, in behalf of their good management. Morgan replied that they were the reports of trustees, and Attorney R. V. Lindbergh interposed to say that they were accounts of stewardship of voting trustees.

Morgan did not think securities should be sold in open competition, as (Continued on Page Ten)

"NO PETTICOAT" ORDER OFF IN NAVY; PRINCESS RULES CRUISER MARYLAND

Miss Priscilla Elliott

Bremerton, Wash., Dec. 19.—Miss Priscilla Elliott, daughter of Captain J. M. Elliott, commanding officer of the United States armored cruiser Maryland, enjoys the distinction of being the first female passenger upon an American seagoing man of war in the last 21 years—in other words, since Secretary of the Navy William H. Hunt issued his famous "no petticoat" order of 1881. Save in such rare emergencies as offering refuge to women threatened with death during disturbances in barbarous or semi-barbarous ports, no woman has ever been permitted since that date to remain overnight on board a regular cruising vessel of the fighting navy. If they have done so, it has been surreptitiously done.

Miss Elliott, who has been visiting her sister, the wife of Lieutenant Ross S. Kingsbury of the marine corps, stationed in Honolulu, has just made the trip from the islands to the Puget sound navy yard at Bremerton, as a passenger on her father's ship, the Maryland. As she expresses it to her friends, she "had the time of her life" during the voyage—a lone princess on a floating kingdom, of which her parent was monarch, with the young nobles of the wardrobe and junior officers mess as her subjects.

CHILD KIDNAPED BY NEGROES AND HELD FOR RANSOM

Eleven-Year-Old Girl Being Searched for by Police of Kansas City—Disappeared From Playground.

Kansas City, Dec. 19.—Irene Justin, the pretty 11-year-old daughter of Frank Justin, who recently came here from California, has been kidnaped, and is being held by negroes for ransom, according to the belief of the police who are searching the city. Her mother left Irene at the playground for children and when she returned the girl was gone. Irene's playmates said a negro man and woman told them her mother was ill and wanted her at once and she walked away with them.

CITY PROSECUTOR OF LOS ANGELES PLACED ON TRIAL

Los Angeles, Dec. 19.—Two of the state's principal witnesses, D. F. McLaughlin and D. A. Johnson, testified against Guy Eddie yesterday in the trial of the suspended city prosecutor on the charge of having contributed to the delinquency of Mrs. Alice Phelps. McLaughlin, who is connected with the humane society, had charge of the raid on Eddie's office in October and Johnson was one of the men in his party. Johnson's cross-examination was not concluded at yesterday's session. It developed during the examination that the woman whose alleged relations with Eddie led to the trial is no longer a minor as she became 21 years old three weeks after Eddie's alleged offense.

ADA COUNTY IS IN LINE FOR FRENCH

Delegation Indorses the Canyon County Man for Speakership

CAUCUS IS HELD BY THE TWO DELEGATIONS

C. S. French Given Assurance of Support and Takes Leading Position in the Race for the Leadership of the Lower House.

The candidacy of C. S. French of New Plymouth, representative-elect of Canyon county, as speaker of the house of representatives of the Twelfth session of the Idaho legislature, was given strong impetus last night through the decision of the Ada county delegation to support him for that position and from now on conduct an active campaign in his behalf. A joint caucus between the Ada and Canyon county delegations held in the Sonoma building, covering a period of several hours, resulted in this decision being reached. It is conceded by those close to the political situation and party leaders that the move makes Mr. French the most formidable candidate in the race for the speakership.

Strikes Common Ground. Striking common ground immediately following the recent election, the delegations from the two counties held several joint caucuses, it being comparatively easy for them to meet due to the close communications that exist between Boise and Canyon county cities. From the start Canyon county was, has been and still is, solidly behind Mr. French. The support of Ada county was asked by Canyon county for its candidate. Due to the fact that Ada county had two tentative candidates for speaker the report was circulated that the delegation was badly split and would never be able to get together. The report was made capital of by candidates outside of these two counties, it is claimed.

Ada Indorses French. When the joint caucus was held last night between the two delegations the Ada county delegation by majority vote agreed to give its strength and support to Representative French for speaker of the house. Mr. French was at that time authorized to announce to those counties to which he will make overtures for support that he not only has his home delegation solidly behind him but he as well has the support of the Ada county delegation in the race for the speakership. In order to correct the reports that have been given wide publicity over the state as to the division in the ranks of the Ada county delegation and to show that the representatives-elect from this county by majority vote indorses Mr. French, it was decided to give publicity to the action taken.

Conceded to be Strong Man. With two of the largest counties in the state backing him, and coming as he does from a county that has not had the speaker of the house of representatives and is asking for nothing else, Mr. French is believed to be by far the strongest candidate in the race (Continued on Page Ten)

WILSON TO VISIT THE PLACE OF HIS BIRTH

Staunton, Va., Dec. 19.—Governor Woodrow Wilson has sent word here that he would arrive at 7:50 p. m., Friday, Dec. 27, to celebrate his 55th birthday on Dec. 28, in his native city and be entertained in the house of his birth. Mr. Wilson will leave Trenton about 11 o'clock Friday morning, passing through Washington shortly after 3 p. m. Along the rail route through Virginia to this city, bonfires will blaze a welcome at various points as soon as darkness falls. Preparations for the "Wilson home coming" are well completed. The city will be in gala attire. Two hundred 16-foot columns each surmounted by white electric globes will line the principal streets. From these will be swung garlands of evergreens entwined with electric lights. Thirty thousand visitors are expected in Staunton on Wilson day. The railroads have decided on a reduced rate of a cent and a half a mile from all Virginia points. Governor Mann and Mrs. Mann are expected to be among the guests of the city for the occasion.
