Cotton Goods Market. New York, Dec. 28.—The primary cotton goods market was quiet and steady throughout the day. Cotton yarns were firm. The jobbers are in the midst of the year-end clearing up and have about finished taking stock. Domestic and foreign fine goods were dull. The Southern American and Australian markets are closed for the holidays. A fairly good amount of China wools was sold.

Boston, Dec. 28.—The Commercial Bulletin says today of the wool market: A very limited quantity of business has been transacted in the Boston wool market during the week and that consisted very largely of odds and ends of stock on which prices were possibly shaded fractionally to induce quick cleanups rather than because of any loss in the intrinsic value of the wool.

Good wools of staples and character are held at firm quotations and dealers have no hesitation in turning down low offers without a second thought. Stocks of wools here are very light.

Reports of Agencies. New York, Dec. 28.—Dun's Review says today: The notable development at the close of the year is the tremendous expansion in exports, which are breaking previous records, the movement from the port of New York for the last week amounting to \$25,000,000, \$4,156,000 larger than in 1911. There is some slowing down of domestic operations in the closing weeks of the year as those of foreign commerce. Bank clearings about the best measure of activity available. Increased this week 11.9 per cent, as compared with 1911 and railroad gross earnings for the first half of December gained 3.3 per cent.

Retail holiday trade was of impressive proportions, and this had a favorable effect of wholesale trade and on industrial lines.

CHILD BADLY BURNED ON LEG

Between Knee and Ankle. Skin Loose. Leg Dark Red. Cuticura Ointment Entirely Cured Her.

200 Fuller St., Redwood, Cal.—"My two-year-old daughter tipped a basin of hot water on her leg between knee and ankle. She was burned so badly, in places as large as a man's hand, that the skin was loose. The appearance of the leg was dark red. I applied the Cuticura Ointment at once and put on a bandage. I removed the bandage twenty-four hours later, opened the water blisters, applied more Cuticura Ointment and bandaged again. The skin did not come off and I did this until she was completely cured. I did not let her walk much until it was healed. She did not complain after the first day, and after the Cuticura Ointment was put on, sleep was usual. The scars are gone; Cuticura Ointment entirely cured her." (Signed) Mrs. E. O. Chapman, Mar. 12, 1912.

ITCHING AND BURNING SPOTS

Spreading All Over Face. Sometimes Sores. Gaston, Ore.—"I had itching and burning spots all over my face. It came out in rough places and itched and burned all the time. It was spreading all over my face. Sometimes there were sores, and they were red and inflamed. I washed the affected parts off with the Cuticura Soap, then applied Cuticura Ointment. I only put it on three times and the sores were all gone." (Signed) Chas. Wahl, Dec. 27, 1911.

Cuticura Soap and Cuticura Ointment are sold throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T., Boston."

Tender-faced men should use Cuticura Soap Shaving Stick, 25c. Sample free.

holiday quietness generally prevails.

New York, Dec. 28.—Breadstree's says today: What is described in most sections of the country as a record holiday trade has crowned a year which had had few equals and fewer superiors in nearly every line of human endeavor.

This, of course, refers directly to the values of production or value of output rather than to margins of profit which are conceded to have been cut in many lines.

Best report as to holiday and retail trade came from the west, north-west, most parts of the southwest and the pacific coast. In the eastern states trade has been good, and there are many large centers reporting the year and trade as breaking all records.

Less buoyant advices came from the southwest of the Mississippi, but here shorter yields are held mainly responsible. In the wholesale trade and industry there has been a quieter tone.

As the year closes the feeling is one of cheerful conservatism, but not of pessimism, because of the fact that three to seven months orders are in hand.

Holiday dullness prevails in the New York stock market, the renewed firmness of money due to end of the year requirements also checking relative activity. A somewhat improved sentiment is displayed, however.

Business failures for the week ending December 26 were 253 against 322 last week and 304 in the like week of 1911. Failures in Canada for the week were 19 in number.

Wheat, including flour, exports from the United States for the week ending December 26 aggregate 4,550,550 bushels, against 6,697,540 bushels last week and 2,855,530 this week last year.

Corn exports for the week are 762,395 bushels against 1,356,355 last week and 1,239,735 bushels in 1911.

The Secret Terror. The haunting fear of sickness and helplessness is the secret terror of the working man. Health is his capital. Kidney diseases sap a man's strength and vitality. They lessen his earning capacity. Foley's Kidney Pills bring back health and strength by healing the disease. They are the best medicine made for kidney and bladder troubles. They act quickly and thoroughly. You can buy nothing better. John McMaisters, Streator, Ill., says: "I feel better and a great deal stronger than I have for many years and Foley Kidney Pills did it." NEGOTIATING FOR CLUSTER LIGHTS

A communication has been received by the city council from the Northrup-Manungum company offering to furnish 250 standard ornamental posts for the cluster lighting system at \$57 each, f. o. b. Boise, or less ornamental posts, at a cost ranging from \$10 to \$20 less.

As bids had not been called for no action was taken on the communication.

The matter of the illuminous arc was brought up at the meeting yesterday, but Councilman Woodcock declared he did not favor it as he considered it too expensive and would not vote in favor of installing it until both companies had furnished bids for maintenance.

He stated that both had informed him that it was the most expensive light the city could put in.

California Woman Seriously Alarmed. "A short time ago I contracted a severe cold which settled on my lungs and caused me a great deal of annoyance. I would have had coughing spells and my lungs were so sore and inflamed I began to be seriously alarmed. A friend recommended Chamberlain's Cough Remedy, saying she had used it for years. I bought a bottle and it relieved by cough the first night, and in a week I was rid of the cold and soreness of my lungs," writes Miss Marie Gerber, Sawtelle, Cal. For sale by all druggists. T. Th.
