

MINORITY BILL LAID TO REST BY THE DEMOCRATS

Substitute for Measure Giving the Governor Power to Remove Sheriffs Meets Quick Death in the Lower House.

CANYON DIVISION BILL INTRODUCED

Would Create New County Out of the Lower Payette Valley—Question of Visitors on Floor of House Causes Discussion.

The Democratic majority in the house of representatives was working like a well oiled and manned steamroller today and it got into action immediately after the lower house opened its session.

The Democratic majority stood to a man for the killing after an interesting parliamentary maneuver that created not a little excitement.

When Representative Shearer of Nez Perce moved that visitors be admitted to the house by card another conflict was started. Shearer's motion included Monday to Friday.

Johnston asked that each member be given 50 visitors' cards, but when put to a vote the request was denied.

Johnston then asked that the motion with regard to the visitors' cards be laid to rest.

IT'S YOUR STEP THAT ATTRACTS!

Says Women Pay Too Much Heed to Their Face Instead of Their Corns.

Watch your step! A brisk, lively step is what charms more than a lovely skin, but your high heels have caused corns and you limp a little.

A few drops applied directly upon a tender, achy corn relieves the soreness and soon the entire corn, root and all lifts right out without pain.

Talks Only When He Has Something to Say

SENATOR R. J. HARDING. The Man Who Represents Oneida County in the Upper House of the Present Legislature.

Senator R. J. Harding of Oneida county is serving his second consecutive term in the Idaho state senate. Two years ago he was on the minority side of that body.

"I stand for Idaho as a whole with special reference to her growth and development," declared Senator Harding two years ago when he took his seat in the senate.

MERCHANT AND RANCHER. Senator Harding is a merchant and rancher. His home is at Malad.

The man who represents Oneida county in the upper house has no particular legislative hobby. He is interested, however, in school, agricultural and stock raising affairs.

Senator Harding is not going to drag the senate record with countless bills, but he will be found one of the most careful inspectors of measures that reach that house and an advocate of those standing for a broad policy of development in Idaho.

hung by the ear on the chandelier. Speaker Alfred held that the motion "had no ear."

LATER the house got down to business and after little debate passed house bill No. 20, by Lewis, Daughters and Kiger, which repeals the road poll tax.

Among the more important bills introduced were the following: Payette county division bill, creating Payette county out of Canyon county, with Payette as the county seat.

House bill No. 107 by Bennett—Extending the time of lien by filing with clerk of district court an abstract of judgment rendered in probate or justice court.

House bill No. 112, by Lucas—Relating to the organization, consolidation and change of boundaries of school districts.

House bill No. 113, by Bennett, Sims and Barker—Appropriating \$45,000 for bridge across Snake river at Ousley's ferry.

House bill No. 114, by Sims—Defining duties of state board land commissioners in the enforcement of Carey act contracts and appropriating \$10,000 for legal service in enforcing contracts.

House bill No. 115 by committee on education—Relating to enrollment of school children.

House bill No. 116 by committee on education—Empowering county commissioners to employ probation officers.

House bill No. 117, by committee on education—Relating to the granting of certificates to teachers.

House bill No. 118, by committee on education—Relating to tuition for pupils.

State Bureau of Accounting Is Provided for In Measure

The administration bill providing for a bureau of accounting of inspection and supervision of public officers places the bureau under a comptroller with power to inspect, supervise and audit the books, accounts, records and reports of all state officers including state educational benevolent, pena, and reformatory institutions, public institutions and the offices of each county, city, town, village, school, road district or other taxing district in the state.

The several classes of the state government are classified under the act. The comptroller is to be appointed by the governor with the approval of the secretary of state and attorney general, who, with the governor, are to constitute an accountability board.

The comptroller is to hold office for four years and must execute a \$10,000 bond. He may appoint a deputy.

SYSTEM OF ACCOUNTING. The comptroller's salary is to be \$4000 per annum; that the deputy and clerks is to be fixed by the comptroller. He is empowered to install a complete system of accounting for the state government and uniform system so that a check may be made on the counties. The records of the respective

wish that you would do so. I would suggest that you put in a bill to have it removed and get it voted on.

"Respectfully yours,"

SENATE RESOLUTIONS AND MEMORIALS. Senate resolution No. 5, by Thomas, Whitcomb, Rockwell, Love of Cassia and Grant—Asking governor to transmit to the senate a full and detailed report of all sums of money disbursed by the Panama-Pacific International exposition committee.

SENATE BILLS. Senate bill No. 58, by Cummings—Vesting commitments of insane to district courts in the probate instead of the district court.

Senate bill No. 59, by Hill—Authorizing road overseers to install culverts under dams, dikes and levees.

House bill No. 60, by Love of Cassia—Creating a state board of examiners of architects of five members appointed by governor.

Senate bill No. 61, by Mitchell—Empowering city councils of cities and villages to grant leases by ordinance upon veins, lodes or other mineral deposits underlying the surface of townships.

House bill No. 62, by Nelson—Providing a wife may obtain alimony from her husband to enable her to support herself and family.

HOUSE BILLS. House bill No. 107 by Bennett—Extending the time of lien by filing with clerk of district court an abstract of judgment rendered in probate or justice court.

House bill No. 108 by Ross—Organizing the county of Payette out of Canyon county, naming Payette as county seat.

House bill No. 109 by McMullan—Providing for election of city engineer and city bandmaster at city elections.

House bill No. 110 by Goehry—Appropriating \$300,000 for construction of electric power plant on Boise river to generate power for Gem irrigation district.

House bill No. 111, by appropriations committee—Appropriating funds for state departments for 1917-18.

House bill No. 112, by Lucas—Relating to the organization, consolidation and change of boundaries of school districts.

House bill No. 113, by Bennett, Sims and Barker—Appropriating \$45,000 for bridge across Snake river at Ousley's ferry.

House bill No. 114, by Sims—Defining duties of state board land commissioners in the enforcement of Carey act contracts and appropriating \$10,000 for legal service in enforcing contracts.

House bill No. 115 by committee on education—Relating to enrollment of school children.

House bill No. 116 by committee on education—Empowering county commissioners to employ probation officers.

House bill No. 117, by committee on education—Relating to the granting of certificates to teachers.

House bill No. 118, by committee on education—Relating to tuition for pupils.

counties in the state are to be audited under the bureau. The bill carries an appropriation of \$10,000. All budgets for the various state departments are to be submitted by the comptroller to the governor on or before the first day of September.

MEETING OF AUDITORS. By the terms of this bill the comptroller is required to fix a date not later than July 1, 1917 to convene county auditors in convention in Boise "for the purpose of conferring and being informed as to the operation" of the proposed system of accounting.

The attorney general is given power to prosecute cases against county officers who fail to make an account of moneys received by them or in cases where there are alleged misappropriations. County attorneys are also empowered to assist in the prosecution of these cases.

The launching of the resolution immediately started a lively conflict on the floor of the senate. The Republican members sought to have the resolution sent to the committee of the whole for general debate and consideration. The Democratic majority held it to be a subject matter that the state affairs committee should first consider and by a majority vote sent it to that committee.

House Resolutions and Memorials

House joint resolution No. 10, by Daughters, Johnston and Lucas—Proposing an amendment to the constitution vesting the legislative power of the state in a single house of representatives to consist of 21 members.

MILK DRINKING ONE SOLUTION OF COST OF LIVING PROBLEM

Pure Food Commissioner J. K. White says much could be done to reduce the high cost of living if people would study the relative values of the various food products.

"I would suggest that a glass of milk with every meal," Mr. White said, "is the best possible prescription for lower priced living. In a greater use of all dairy products, including butter and cheese, would cut both the daily menu cost and the fuel and preparation expense, as they are ready to eat as bought."

In proving that milk was not only cheap but nourishing he gave the following comparisons: A quart of milk costing eight cents is equivalent in food value to eight eggs at 45 cents per dozen, or 32 cents worth; three-fifths pound of ham at 25 cents per pound, or 21 cents worth; two pounds chicken at 25 cents per pound, or 50 cents worth; three-fourths pound of best steak at 24 cents per pound, or 18 cents worth; or four-fifths pound pork chops at 25 cents per pound, 20 cents worth.

Passed by the Legislature

Senate bill No. 1, by Cummings—Authorizing the governor to appoint an additional judge for the Fifth judicial district.

GIVE CONCERT TO BUY A WOODEN LEG

Lynn, Mass., Jan. 25.—A charity concert was given in the Haverhill city hall, the proceeds of which will be used to purchase a wooden leg for Miss Annie Earle, 50 years old, an inmate of the city farm.

Three years ago the city bought an artificial leg for Miss Earle, but she refused to wear it because it did not fit. On vote of the board of aldermen another leg was purchased, but it, too, was unsatisfactory. Miss Earle consented, however, to wear a new leg if up to a certain standard, and the concert was decided upon as a means of raising the necessary funds.

The two other legs will be sold or contributed to one of the military hospitals in Europe.

QUAINT BONNET AND FANCY BAG FOR THE PRETTY SPRING MAID

An Australian has invented a process for irrigating, aerating and fertilizing soil, by perforated pipes laid in it thereby avoiding waste.

FOR STIFF NECK

Apply Sloan's Liniment without rubbing to the sore leaders and the pain will soon be relieved.

For rheumatic aches, neuralgia, gout, lumbago, bruises, strains, sprains and muscle stiffness, have a bottle handy.

Quickly penetrates and soothes, cleaner than musky plasters or ointments, does not stain the skin.

At all druggists, 25c, 50c, and \$1.00.

Sloan's Liniment KILLS PAIN

A charming bluebird model by Smolin is this mushroom sport shape in gold khaki-kool trimmed with blue chenille embroidery and inserted squares of multi-colored silk curia.

The bag matches the hat in color and has a large Chinese tassel. Although the hat is daintily trimmed, not profusely, it is very neat in appearance and no doubt will be one of milady's favorites during the spring season.

REPUBLICANS ASK FOR INQUIRY INTO EXPOSITION FUND

Resolution Introduced in the Senate Causes Lively Discussion—Bill for State Board of Architecture.

The Republican minority in the senate today introduced a resolution asking the governor to submit to that body a detailed account of the expenditures made out of the \$100,000 appropriation authorized by the legislature four years ago to build a state building at the Panama-Pacific International exposition and properly display Idaho's exhibits. The purpose of the resolution is not specifically stated. The subject matter, however, sets forth that the law requires such an accounting and that the senate desires to look over the detailed expenditures.

The launching of the resolution immediately started a lively conflict on the floor of the senate. The Republican members sought to have the resolution sent to the committee of the whole for general debate and consideration. The Democratic majority held it to be a subject matter that the state affairs committee should first consider and by a majority vote sent it to that committee.

DEATHS—FUNERALS

MENDENHALL.—A. W. Mendenhall died this morning at the home of his son, Charles D. Mendenhall, in Ash Park, at the age of 75 years.

NO MONEY IN THE MOVING PICTURES DECLARES BRADY. New York, Jan. 25.—The moving picture business today is almost cruel and there is no money in it, William A. Brady, theatrical manager, testified today before the legislative committee which is investigating the industry to determine if it should be subject to state tax.

FORMER LIEUTENANT GOVERNOR OF ILLINOIS DIES SUDDENLY. Excelsior Springs, Mo., Jan. 25.—W. A. Northcutt, of Springfield, Ill., former lieutenant governor of Illinois, died here today of heart trouble.

DRY FARM LAND. 160 ACRES, no waste, lays well, near Boise and in dry farming section. Price, \$10 per acre if taken soon; some improvements. Address P. O. Box 1408. B O D FV

8-HOUR DAY NOT RECOMMENDED BY THE COMMISSION

Report to Governor and Legislature States That the Present Nine-hour Day Statute Is Satisfactory.

The minimum wage commission, the report of which is now in the hands of the legislature, did not recommend eight hours as the limit for a day's work for women in Idaho, reports to the contrary notwithstanding. The confusion apparent with regard to this is due to the fact that the Idaho State Federation of Labor at its state convention in this city recommended that eight hours should constitute a day's labor for women employees and in resolutions to the legislature urged the passage of a law so providing.

"It has been erroneously reported that the minimum wage commission recommended an eight-hour day limit," said Senator George E. Hill, a member of the commission discussing the matter. "The only reference the commission's report made to the limited number of hours women should work to constitute a day's labor was in stating that under the nine-hour a day limit conditions in this state seem to be satisfactory as between the employer and employee."

GOVERNOR'S MESSAGE.

The following excerpt is taken from the message of Governor Alexander in submitting the report to the legislature:

"It is gratifying to me to submit this report showing the women wage workers of Idaho to be in excellent condition. While this report does not recommend any legislation that will be of immediate benefit, I still think it wise that the minimum wage-scale recommended in this report be embodied in the law. Times are now prosperous, and increase of wages is the order of the day, and the sooner the wage earner and the wagepayer arrive at some amicable understanding, the better it will be for all concerned."

"This report treats the matter fairly, and the minimum wage herein stated ought to be the least possible amount to be earned, and the necessity of such a law is so apparent for the better upbuild of society that I hope that early action may be taken by your honorable body."

BAD COLD? TAKE "CASCARETS" FOR BOWELS TONIGHT

They're Fine! Liven Your Liver and Bowels and Clear Your Head.

No Headache, Sour Stomach, Bad Cold or Constipation by Morning.

Get a 10-cent box. Colds—whether in the head or any part of the body—are quickly overcome by urging the liver to action and keeping the bowels free of poison. Take Cascarets tonight and you will wake up with a clear head and your cold will be gone. Cascarets work while you sleep; they cleanse and regulate the stomach, remove the sour, undigested food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

Remember the quickest way to get rid of colds is one or two Cascarets at night to cleanse the system. Get a 10-cent box at any drug store. Don't forget the children. They relish this Candy Cathartic and it is often all that is needed to drive a cold from their little systems.—Adv.

WHAT IS CHIROPRACTIC?

(KI-RO-PRAK-TIK)

It is not Medicine; not Surgery; not Osteopathy. It is a scientific method of removing the cause of disease (acute or chronic) without Knife or Drugs, based on a correct knowledge of anatomy, and especially the nervous system. The nerves go to every organ and tissue of the body, and carry every impulse that governs life and action—the growth, repair and reproduction of every cell that constitutes your body depends upon them for life-giving impulse and stimulus. Pressure on a nerve at the opening where it leaves the spine, will cause disease in that organ or tissue at which the nerve ends. The chiropractor adjusts, by hand, the subluxated (displaced) vertebrae which removes the pressure and enables "Nature" to restore Health. If you are sick, no matter what your ailment, call and see me, I can prove to you the philosophy of my statements. Thorough investigation much is brought to light that would otherwise remain obscure.

CONSULTATION AND ANALYSIS FREE. DR. C. L. BURT, Chiropractor 3-4 BRAND HOTEL BLDG.—PHONE 1848. Corner Tenth and Idaho Sts., Boise, Idaho.
