

# URGE IDAHO FARMERS TO JOIN IN CAMPAIGN TO ELIMINATE FOOD SUPPLY SPECULATOR

Secretary of the Non-Partisan League of North Dakota Delivers Stirring Address to Idaho Federation of Agriculture.

## TELLS OF REFORMS IN HIS HOME STATE

Fifty Organizations Represented at the Meeting Being Held Here for the Purpose of Taking United Action for Betterment of Conditions.

### TO ENTERTAIN FARMERS.

The members of the Idaho State Federation of Agriculture will be entertained at the Boise Commercial club tonight at 8 o'clock. An entertainment program will be given after which Iray McKaig, of North Dakota, who came here to speak to the farmers, will make a short address. Invitations to business men to hear Mr. McKaig this afternoon were extended, but as many could not be at the meeting at which he spoke, he will be asked to speak briefly tonight.

A boom for independence and freedom from the yoke of the food speculators and grain market gamblers was launched among the farmers of the Idaho State Federation of Agriculture this afternoon by Ray McKaig, secretary and campaign manager of the Farmers' Non-Partisan League of North Dakota.

In an address delivered straight from the shoulder, Mr. McKaig informed the business men that the farmers were not after them, but that they were after the food speculators and proposed to bring the prices of produce down to the consumer and up to the producer. He explained that the farmers of North Dakota had cut the skirts under the political grafters of that state and now proposed to help the farmers of other states put laws upon the statute books which would do away with food speculation and gambling.

If gambling with cards is wrong, if gambling at the race track is wrong, he declared, then it is a million times more wrong to gamble on the food products of a nation, which feed the stomachs of children.

### THE NORTH DAKOTA FIGHT.

After telling how vicar in North Dakota was purchased by the grain speculators for a No. 3 grade and taken over in North and sold for a No. 1 grade, he proceeded to tell how the 45,000 farmers of North Dakota got busy and put the politicians out of business.

First, they framed their program, he explained, they enumerated their demands in behalf of the agricultural interests of the state, citing the measures they desired to better marketing conditions, eliminate petty grafting, a commission men and similar bills.

Then after thoroughly organizing their own people so they were certain of their ability to swing a majority vote in the state, they began the selection of their candidates. After picking a man for his ability, choosing a farmer where possible, but not confining themselves strictly to the clan, they asked him to pledge himself to carry out their program. Obtaining his signature and his consent to become a candidate, they nominated him by petition at the primaries of the party with which he had previously been affiliated. At the primaries they named their men almost without exception.

Prior to the opening of the afternoon session several selections were rendered by the Kuna orchestra, which were highly enjoyed.

At a business meeting held Wednesday night, the farmers discussed ways and means of increasing the membership and adding to the finances of their organization. It was given out that there were 59 farmers' organizations represented at the session, which represented approximately 4000 members. It is anticipated that the membership will more than double this year. The matter was finally left in the hands of a committee composed of T. B. Jones of Shoshone, C. W. Randalman of Midvale, S. J. Klepper of Rathdrum, A. E. Wade of Nez Perce and W. D. Harris of Burley. This committee represents practically every section of the state and are members of the Farmers' Society of Equity and the Farmers' Union and Grange. The committee is to make its report before the close of the session.

### CO-OPERATIVE MAN SPEAKS.

G. A. Nahstoll, a specialist in co-operative business practices, connected with the federal office of markets, addressed the farmers this morning. He pointed out the need of co-operation between the farmers' organizations of different states, the acquiring of a uniform system of bookkeeping for such organizations, packing and shipping of products.

In the discussions Wednesday afternoon the farmers showed their sentiment against the costly abstract system required in Idaho in giving title to lands. The farmers favor some shorter and less expensive method by which title to land may be deeded to the state and then deeded to the purchaser, thus eliminating abstracts and cutting down the cost of doing business in the transferring of property.

John Engleson, state treasurer, explained his land loan plan, a bill for which has already been introduced in the state legislature. He explained that the bill first establishes the amortization plan of loaning on a 6 per cent basis on the full amount of the loan payable semi-annually, 5 per cent to be applied as interest, the balance applied on the principal; thus forming a new principal on which to figure the interest each payment.

Speaker Alford in a brief address to the farmers informed them that people generally got what they went after in the way of legislation. He stated it behooved the farmers to let the legislature know what they wanted and then get behind the measures and they would get what they desired.

## LITTLE NEWS OF BOISE

### STUDY BLOOD COVENANTS.

Last Sunday a class of 115 members of the Baptist congregational pledged faithful attendance for a period of six weeks in the study of Jewish rites and ceremonies pertaining to blood sacrifice. Pastor C. L. Travin will give lecture-studies on this subject on successive Thursday evenings commencing tonight at 7:59. These studies are preparatory to a series of sermons on the epistle to the Hebrews which will be given just before Easter. All who are interested, whether members of

the church or not, are cordially invited to come as often as they can to these introductory studies. The study this evening includes the following: Cain's bloodless altar. The Jewish rite of circumcision. The testing of the friend of God. A woman's discernment saves Moses when God seeks to kill him, and Blood sprinkled door posts.

### ADDRESSES AT SHORT COURSE.

The business men's short course continues to attract attention of business men and sales people at the Boise Commercial club rooms. Miss Boellert of the Mode department store, made an excellent address dealing with salesmanship from a woman's standpoint. W. E. Graham of the Golden Rule, told how to meet the competition of mail order houses. E. H. Plothead this morning addressed the members on the topic, "Credits and Merchandising."

### FOSTER-WOLFE MARRIAGE.

Jack W. Foster and Jessie M. Wolfe of Boise were married at 10 o'clock Wednesday night by Judge White at his office.

### GUEST OF EASTERN STAR.

Mrs. C. J. Kinsolving, wife of C. J. Kinsolving, senator from Benewah county, was a guest at the meeting of the Eastern Star lodge Wednesday evening. Mrs. Kinsolving, who is associate matron of the Idaho chapter No. 49, gave a brief talk before the lodge on the work being done in the Star lodges in the northern part of the state.

### WINS NATIONAL PRIZE.

J. G. Burns, a local photographer, has received notice that he has won the first prize in the national contest for home portraits. The prize was a handsome silver cup and was contested for by photographers from all over the country.

### WILL NOT HOLL BAZAAR.

The Boise German Red Cross society, which had announced the holding of a bazaar for the benefit of that organization, has called off the affair, owing to complications which have arisen between Germany and the United States.

### FIRE DESTROYS RESIDENCE.

Fire of unknown origin last night destroyed the home of Albert F. Bacon at 703 East State street. The fire broke out shortly after 11 o'clock. When the department arrived the roof of the residence had fallen in. Neighbors had gotten out a major portion of the furniture. The fire started in the attic and was not discovered until it had burst through the roof. The house was a total loss. Insurance to the amount of \$200 was carried. At the time of the blaze, Mr. Bacon was at the Natatorium with his brother-in-law, but arrived home just as the fire was at its height.

### BOISE COUPLE MARRIED.

Rev. H. J. Reynolds, pastor of the Christian church, last evening united in marriage Hoyt L. Compton and John L. Morelock of Boise. The ceremony was performed at the church parsonage at 5 o'clock.

### CARD PARTY AND KENSINGTON.

The ladies of the Columbian club will give their annual card party and Kensington at the club house Friday afternoon at 2 o'clock. There will be a favor for each table so that any group may form its own party, if it so desires. Those who do not play cards are invited to bring their fancy work. The ladies are making every effort to give their guests a most enjoyable afternoon and it is hoped a large number may be present. Light refreshments will be served. All women of the city are cordially invited. There will be an admission fee of 25 cents.

### UP-TO-DATES WIN GAME.

The Emmett basketball team Wednesday night at the Y. M. C. A. met its second defeat at the hands of the Up-to-Date team by a score of 27 to 15. The game was a fast one and witnessed by a good crowd.

## WHY Does Your Head Ache?

Headaches, sick or other kinds, don't happen to people whose livers are busy and whose bowels are as regular as a clock.

Thousands of folks who used to have headaches say this is the way they removed the cause:

One pill at bedtime, regularly. Larger doses if there's a suspicion of biliousness or constipation.

# GALL STONES--Cause and Cure

Chiropractic Adjustments Remove the Cause of Gall Stones. An Operation Simply Removes the Result.

Gall Stones have always been considered incurable except with the knife. But let us consider why gall stones form in the first place.

The human bile is made up of seventeen different ingredients, all of which remain in solution when these elements are secreted in normal amounts.

The different elements of the bile are secreted by glands of the liver, each set of glands is controlled by the Spinal Nerves, and when these nerves are all supplying the right nerve impulse the bile is normal, but when the nerves are interfered with in any way some of these glands are supplying either too much or too little of their elements. Gall stones are formed from either Cholesteroline of the lime salts of the bile, and are formed when these elements are secreted in amounts greater than those which will remain in solution.

Can I cure Gall Stones? No, but I can adjust the cause of them and thereby make it possible for nature to build up the nerves that control the glands of the liver, causing the glands to secrete the elements of bile in normal amounts, and when this is done the normal bile will dissolve the stones already formed, and prevent the formation of new ones.

How Do You Want to Be Cured? Do you want an operation for which 17 out of every hundred die, according to the statistics of Dr. Murphy, Chicago's leading surgeon, or by the safe and sane method used by chiropractors.

In support of my statements I hereby submit a copy of an affidavit by Mr. Bohannon: State of Idaho, County of Ada, ss: Mr. Eliga Bohannon, being first duly sworn, deposes and says: That for a period of more than 13 years prior to July 7th, 1916, he had suffered with gall stones and disorders of the liver; that during this period he had been treated by not less than ten DOCTORS OF MEDICINE, a number of whom recommended an operation in his case; that receiving no relief from these treatments and being in such a run-down condition that he neither fit for business or pleasure, and hearing of the phenomenal success of Chiropractors, he consulted Dr. C. G. Burt, a chiropractor of Boise, state of Idaho, and took 26 adjustments from him. That during the time these 26 adjustments were given, between July 6th, 1916, and Sept. 26th, 1916, he passed a large number of gall stones and since then has enjoyed the best of health.

(Signed) ELIGA BOHANNON.

Subscribed and sworn to before me this 15th day of November, 1916.

(SEAL) ROSS W. BATES, Notary Public for the State of Idaho, Residence, Boise, Idaho.

Mr. Bohannon is only one of the many who have regained health through the agency of chiropractic adjustments. If you are sick, no matter what your ailment, investigate this scientific method of removing the cause of disease.

### DEATHS—FUNERALS

WHITE—John Nelson White, a veteran of the civil war and pioneer placer mining man of the Boise basin, died this morning at the soldiers' home hospital, where he has been a patient for more than a year. During the civil war he served as a corporal with Company H, Fifteenth Maine Infantry. He was in many active engagements and his company took part in the charge at Gettysburg. After the war Mr. White served as adjuster of difficulties in the south between the whites and blacks for more than a year. In the early sixties he came to Idaho by way of the isthmus and after a trip through California and up to the Dalles rode into the Boise basin on horseback. He engaged in placer mining and during the early days mined quite extensively and successfully. He always believed rich quartz mines would be located in the basin and spent considerable time prospecting. Mr. White began falling in health several years ago and for the past few years has been quite feeble. He was 80 years of age. He is survived by a daughter, Mrs. Lora Sloan of Missoula, Mont.; a son, Charles Frank White, who is in Utah; three sisters, Mrs. Sarah E. Floyd of 1806 North Nineteenth street, Boise; Miss Ella C. White of Boise, and Mrs. Roxie Woodcock of Earlham, Cal. The body is at the Fry & Summers chapel. Funeral arrangements will not be made until word is received from relatives.

### PROSPECT OF WAR FAILS TO STIMULATE ENLISTING

San Francisco, Feb. 8.—Prospects of war with Germany are not a stimulus to recruiting, army, navy and marine corps officers said today. So many crises have stirred the country within the last three years that young Americans no longer flock to the recruiting stations on the prospect of active service. Recruiting here is no brisker since the break with Germany than for weeks.

### THE BEST RECOMMENDATION.

The strongest recommendation any article may receive is a favorable word from the user. It is the recommendation of those who have used it. Remedy so popular. Mrs. Amanda Gerhart, Waynesfield, Ohio, writes, "Chamberlain's Cough Remedy has been used in my family off and on for twenty years and it has never failed to cure a cough or cold." Obtainable everywhere. Adv-T-TH-8
