

BILL AIMED AT THE JAPANESE RE-INTRODUCED

Anti-alien Land Ownership Measure Appears in the Senate and Prediction is Made it Will Pass.

COMMITTEE READY TO OPEN INQUIRY

Investigation Into the Alleged Lobby Against the House Bill to Be Started by the Senate Committee on State Affairs.

The legislature promises to be involved in the anti-alien fight again. Senator Bradbury of Bonneville county re-introduced in the senate late yesterday, the anti-alien bill. It is an exact duplicate of the one that passed the house earlier in the session and was killed in the senate because a majority of the members of the upper house did not desire to embarrass the national administration which is confronted with a crisis with Germany, and because of the protest registered by the Japanese embassy with the state department.

CONFIDENT OF PASSAGE.

Senator Bradbury is confident that the bill will be passed by the senate, and in that event the likelihood of its passing the house is very promising. It is claimed:

"The measure is an exact duplicate of the house bill that body passed," said Senator Bradbury. "I believe that it will pass the senate. At least a record vote on it will be taken. I am satisfied that undue influence was brought to bear on the other bill by appealing to the patriotism of the members when we were all under great excitement and strain over the possibilities of being embroiled in the European war. The law is a necessity. We are merely seeking to enact the same law that was stricken from the statute books four years ago."

HEARING OPENS WEDNESDAY.

The hearing into the charge of improper lobbying to defeat the former anti-alien law in which E. M. Booth a Twin Falls attorney is involved, is expected to open tomorrow morning. Mr. Booth will either be in Boise tonight or tomorrow morning. As many of the senators desire to hear the evidence the senate will probably recess shortly after opening the morning session, and the judiciary committee will then take up the examination of witnesses at an open hearing to be held in the senate chambers. Those who filed affidavits involving Booth, including W. F. Craig, and others, have been subpoenaed to appear before the committee.

The senate expects to show, if nothing else, that a lobby was maintained to bring about the defeat of the bill and that pressure had been brought to bear from Boise on the state department at Washington to defeat the bill, and not from Washington. Outside of that it does not seem clear just what else will be proven.

KILL SUNDAY REST AMENDMENT.

That a reform wave is passing over the senate is evident from the fact that at the last night session the Grant Sunday rest law amendatory bill was considered in the committee of the whole and recommended for indefinite postponement, which is, in legislative language, a gentle way of killing it. This bill sought to have grocery stores opened on Sunday, where petitions were duly signed and approved by the city council or village trustees, in order that necessities of life could be purchased. The senate took the view that to allow this leeway would let down the bars for Sunday opening, as

It Works! Try It

Tells how to loosen a sore, tender corn so it lifts out without pain.

Good news spreads rapidly and druggists here are kept busy dispensing freezoon, the ether discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers.

Ask at any pharmacy for a quart ounce of freezoon, which will cost very little, but is said to be sufficient to rid one's feet of every hard or soft corn or callus.

You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so shriveled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

A Laxative For Babies Good For Everybody

Dr. Caldwell's Syrup Pepsin a Safe and Efficient Family Remedy.

Every member of the family is more or less subject to constipation and every home should always be supplied with a dependable remedy to promptly relieve this condition. Whenever the bowels become clogged and the natural process of elimination thereby disturbed, the entire system is affected, and readily subject to attack by disease. Constipation is a condition that should never be neglected.

Mrs. E. R. Gilbert, of Millbro, Va., says that Dr. Caldwell's Syrup Pepsin is a splendid laxative for children because they like its pleasant taste, and it acts so easily and naturally, without griping or strain, and she finds it equally effective for the rest of the family.

Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin that contains no opiate or narcotic drug. It is mild and gentle in its action and does not cause pain or discomfort. Druggists everywhere sell this excellent remedy for fifty cents a bottle.

To avoid imitations and ineffective there would be all kinds of excuses for emergencies.

An anti-cigarette bill also appeared in the senate. It was introduced by Senator Jackson. The manufacture and sale of cigarettes in Idaho is prohibited under the terms of this bill. The senate ordered 300 copies of the proceedings in the Allen bond suit case printed, for reference.

KILL WATER POWER MEMORIAL.

The Monson memorial to congress asking that legislation be enacted to prevent a monopoly of water power sites in the west, was killed. Senator Randall of Nez Perce led the fight against the memorial. He said 60 to 80 per cent of lands in Idaho are still in the hands of the federal government and explained in detail the discussion that took place at the Portland conference regarding the subject. The author of the memorial, Monson of Oneida, was permitted to take the floor and explain the purpose of the measure. The vote to kill was 26 for and one against.

Senator Beckwell introduced a resolution calling for the appointment of a joint committee by the president of the senate and the speaker of the house to investigate state departments with a view of getting a better system of accounting and deciding on what departments should be consolidated. A proposed amendment to the state constitution to provide for compulsory system of workmen's compensation was also introduced.

BILLS PASSED.

The senate passed the following measures:

House bill No. 26, by McMurray—Providing bounty of two cents per head on gophers, ground squirrels, prairie dogs and prairie squirrels.

House bill No. 70, by Sims—Authorizing state land bond to forfeit contracts with Carey act companies where they fail to comply with its terms.

House bill No. 86, by Walsh—Allowing county mutual fire insurance companies to insure school houses and churches.

House bill No. 95, by Storey—Changing time for close of registration of elections to tenth day next preceding an election.

House bill No. 54, by Bohman—Reducing interest to 2 per cent for first five years and 4 per cent for next five years on state stump lands purchased.

MEASURES KILLED.

The following measures were killed by the senate:

House joint memorial No. 6, by Monson of Oneida—Memorializing congress to investigate water power monopoly in the west.

PIONEER OF IDAHO PAYS BOISE A VISIT

Sampson Roy, a pioneer millwright of Idaho and Oregon, is in the city looking for old land marks and pioneers of his early days. Mr. Roy is now a resident of Baker, Ore., and is visiting his son, L. V. Roy, formerly of Boise, now of Nampa. Mr. Roy came to Idaho in 1875 and built a quartz mill for Reilly & Clark at Rocky Bar. He made several trips to Boise and stopped at the old Overland hotel, where he met a goodly number of people and he hopes to meet some of his old time friends during his brief stay here. He was in Boise when the first telegraphic dispatch was received and remembers the excitement on that occasion. Mr. Roy is a civil war veteran and served with company D, Twenty-third Ohio infantry, of which former President McKinley was the captain and President Hays was a colonel.

NICE SUM REALIZED BY SALE OF HORSES

P. A. Sorenson of the I. X. L. stock ranch has just sold 15 registered Percheron fillies, one two-year old, nine yearlings and five summer colts, for the snug little sum of \$5000, to A. R. Hunter of Island City, Ore., one of the largest breeders and dealers in registered Percheron horses in Oregon. Mr. Hunter was greatly surprised to find such a large herd of imported Percheron mares and stallions of such excellent quality, as owned by Mr. Sorenson and said he was surprised that horses like them could not find a market here but were allowed to leave this state

substitutes be sure you get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.

Telegraphic Tabloids

CHICAGO—Mrs. Mary A. Candler, St. Marys, O., can be of real service to her country in case of war. She is one of three persons who passed the naval wireless examinations here. The other two were men.

MINNEAPOLIS—Carl Johnson, arrested for fighting was released by Judge Montgomery when Johnson said the man he licked spoke slightly of the Stars and Stripes.

NEW YORK—Pacifist propaganda cost \$2000 a day in New York, an unnamed pacifist said; and \$2,000,000 annually nationally.

KEARNEY, N. J.—One hundred of the 500 old soldiers in the home here announced they were ready "for a call to fight."

NEW YORK—Francis Tagliavia, duke of Alagona, Sicily, renounced allegiance to Victor Emmanuel and his title to become an American citizen. The duke is a shipping clerk.

NEW HAVEN, CONN.—Former President Taft said he could ride a horse, but "it would be hard on the horse" when he was enrolled here in the Connecticut military census.

BOZEMAN, O.—Evan Williams sang Tennyson's "Crossing the Bar" at the funeral of Antoine Zalesky—but the funeral was at the county's expense and the requiem was on a record.

CHAMBERLAIN'S TABLETS DOING GOOD.

Mrs. F. F. Smith, Gloverville, N. Y., writes to the manufacturers of Chamberlain's Tablets as follows: "I feel it my duty to write to you and tell you of the good your tablets are doing for me and many others that I have told about them. For over three years I have been troubled with liver trouble. I have been under the doctor's care most of the time, but have not found anything that has helped me as much as Chamberlain's Tablets." Obtainable everywhere.—Adv. T. Th. S.

FELT LIKE 90—NOW LIKE 21. Many persons complain about feeling old before they should. Like weak link in a chain, a weak organ enfleebles the whole body. Overworked, weak or disordered kidneys lower vitality. A. W. Morgan, Angola, La., writes: "I suffered with pains in the back. I am 43 years old, but I felt like a man of 90 years old. Since I took Foley Kidney Pills I feel like I did when I was 21." In 50c and \$1.00 sizes. Whitehead Drug Store. Adv-T-TH-8

AIR FILLED WITH PATRIOTISM IN THE EASTERN CITIES

Henry Falk Says Big Manufacturers Are Ready to Turn Their Plants Over to the Government.

"The Stars and Stripes floats from practically every office and business building in the eastern cities, is displayed at many homes and there is an air of patriotism which is clearly manifested at all points and it is one which every loyal-hearted American loves to see."

This statement was made today by Henry Falk, manager of the Mott department store, who is just home from an extensive purchasing trip in the east. Mr. Falk found that there was plenty of merchandise for sale and that it was obtainable, but learned that the big manufacturing plants were not billing orders ahead as practically all of them have tendered the use of their factories to the government in case of war with Germany. He feels that the time may come when merchandise will be hard to get.

PEOPLE BEHIND PRESIDENT.

"There are millions upon millions of dollars in the east," stated Mr. Falk, "ready for the government without interest, in case of war. The people stand solidly back of the administration, willing to back this government with their money, their plants and their lives if need be in the cause of justice and humanity."

Mr. Falk found that woolen and cotton goods were on the advance and bought heavily of such material.

New York, he states, is crowded, all the cafes and restaurants are doing an enormous business and hotel accommodations are hard to get.

OPERAS SELECTED FOR PRESENTATION BY BOSTON COMPANY

Yesterday at a meeting of the local grand opera committee, arrangements were completed to again bring to Boise the celebrated Boston-National Grand Opera company, which created such a favorable impression here last year. This time they are to offer two gala performances of opera playing, both afternoon and night of Saturday, March 17, at the Pimney theater.

The operas selected by the grand opera committee are "La Boheme," which will be given in the afternoon, and "Aida" for the night performance. Both these operas can be offered here with an all-star cast of principals for each production.

"SALVATION JOAN" TO BE SHOWN AT THE MAJESTIC

Edna May, better known as "The Belle of New York," who a few short seasons ago was the most talked of beauty in the world, will be presented tomorrow at the Majestic in "Salvation Joan." Her fame grew in a single performance of that never-to-be-forgotten Broadway success, "The Belle of New York." Never in the history of theatricals was there a star whose rise was so sudden, so unexpected as that of Edna May. This appearance tomorrow of Miss May in "Salvation Joan" is positively the first public appearance of this famous star since her retirement, and her first entrance into the drama of the silent stage.

The entire seven parts are replete with deep thought and action and with love and romance. Young "Bob" Connelly, the popular child actor, Harry Morey and Dorothy Kelly are in the supporting cast.

AMUSEMENTS.

THE ISIS.

Lenore Ulrich, who has been seen on the screen as a Mexican senorita, a foreign princess and an Arabian girl, takes the part of an Indian in the Pathé-Paramount feature film, "Her Own People," which is now showing at the Isis theater. She has the part of Alona, the daughter of a snaw man, who is rich but is ignorant of her wealth. How she is wooed by a young prospector and finally accepts him, but not until after she appears as a society belle, makes a very entertaining story. In addition to the feature the Pathé News is also shown.

IN PRAISE OF CHAMBERLAIN'S COUGH REMEDY.

"I feel it my duty to write a word in praise of Chamberlain's Cough Remedy," says Mrs. Wallace Hayes, Waterville, N. Y. "It was used in my household as much as twenty years ago. When my children, now grown up, were small I kept a bottle of it in the house all the time. It always cured my children of croup, colds and coughs. I have also used it myself with equally good results. It is the only cough medicine we ever use." Obtainable everywhere.—Adv. T. Th. S.

Let us mount your head and tan your hide. Lambert, 125 So. 11th. Adv.

THE MAJESTIC.

Two excellent vaudeville acts are presented at the Majestic on the bill which closes tonight. Hughes, Leyden and Hughes, three you g ladies, do some unusually good work in singing and on the violin and harp. Harry Lewis' dog and monkey show is also excellent, the training of the animal made having given them almost human intelligence. The photoplay of the bill

Expecting the Stork?

Every mother-to-be should be in the midst of pleasant and comfortable surroundings, and a constant user of "Mother's Friend"—the true friend of expectant mothers. The future baby's health and that of its mother is of utmost importance and nothing can take the place of "Mother's Friend" in preparing for such an event. Get it at your druggist. Write for free book on Motherhood.
