STATE NEWS

PLANNED TO 'STAKE' RANCHERS WHO ARE PINCHED FOR MONEY

Weiser Commercial Club Investigates Movement to Help Farmers and Increase Production of Soil.

Weiser, April 10.—Because of the late spring, which causes farmers and stockmen to feed longer and at far greater cost than usual, and which is retarding spring planting, both of which factors have resulted in prospects of a decreased acreage for crops in Washington county this year, and plans for taking care of less stock next fall than usual, the Weiser Commercial club has undertaken an unusual plan—"Staking" farmers and stockmen who are pinched for money to handle the regular spring business.

TOWNS WORK TOGETHER.

Weiser, Cambridge and Midvale are working together in this, with committees in each town. In order that increased production may result, those merchants who handle feed, hay and grain, will see to it that the rancher or stockman gets all he needs in this line. The grocers will co-operate in like manner; seed houses will co-operate along the same lines. All of these conditions are made possible through the committees appointed by the Commercial club. The committees investigate each case individually, arrange credit and stand sponsor for debts contracted. The Commercial club organization has arranged the necessary bank backing.

COMMITTEES APPOINTED.

The following general committees have been appointed: Weiser—George V. Nesbit, F. S. Gwilliam, E. A. Van Sicklin, Morris Sommer, Herman Haas, Homer Farber, Wesley Hubbard, W. W. Glasby, H. W. Wulff, A. B. Crawford, James Pringle, E. H. Galey, R. U. Spaulding and James E. Smith. Cambridge—Joseph Madison, D. L. Carter, R. E. Wilson, J. L. Lewis, J. A. Hudeison, B. W. Gipson, James Goodnight, William Eckies, M. Forsythe, J. M. Marsh and James Hulett. Midvale—J. L. Keithley, W. L. Anderson, William Keithley, Walter Keithley and D. B. Richardson.

STUDENTS JOINING NATIONAL GUARD TO BE GIVEN CREDITS

Payette, April 10.—All high school students who are in the national guard or who have enlisted since the Second Idaho was called to the colors will be allowed to graduate if their grades were satisfactory at the time that they left school. Likewise students in the other high school grades will be promoted. Captain J. H. Dillinger, who is a member of the board of education, brought the matter up before the board at their last meeting and it was promptly decided to give the boys that advantage. As a result, several recruits were received from the high school last week.

The funeral of G. D. Shake, one of the well-known early settlers of the valley, was held at the Christian church, Sunday afternoon at 3 o'clock, conducted by Rev. Ballou. The large concourse of people present was a testimony to the esteem in which Mr. Shake was held.

H. O. Musgrove moved his sheep Monday from their winter feeding ground at the Riffle place on the bench to their summer feeding ground in the hills. Mr. Musgrove has 5600 head of sheep and they come out of the winter in good condition. Sheep are going to the hills about a month later than the usual time.

Glenn Petteplace, assistant secretary for the Y. M. C. A., was a passenger to Boise Monday to make arrangements for enlisting in the aviation detachment.

PLAN TO CULTIVATE ALL THE TILLABLE LANDS TO UTMOST

Farm Agent of Canyon County Outlines Plan of Campaign to Bring All Available Soil Into Use.

Caldwell, April 10.—A highly aggressive year's campaign has been outlined by County Farm Agent R. H. Musser of this city, and there will be no cessation of effort upon his part to effect the cultivation of every available acre in Canyon county this year as one of the phases for preparedness in the great war into which the country has plunged. Intensive farming along highly diversified lines will be one of Professor Musser's leading advocates. Special emphasis will be given to the necessity for silo construction and the growth of corn to fill them in all parts of the county. To accentuate this important phase of agricultural and livestock development, Professor Musser will arrange for a silo excursion through the tributary communities at an early date.

FIGHTING THE BLACKLEG.

The first three days of the month have been spent in strenuous campaign of control of blackleg, Payette, New Plymouth, Valley View, Fruitland, and Falk were the communities visited. The farmers are very well organized and during the three days' campaign about 45 farms were visited and practically 500 head of cattle were vaccinated, for blackleg. This is only a beginning of the campaign, and the latter part of this week and all of next week will be given to the campaign of the south end of the county. The following communities: Twin Falls, Sunny Slope, Middleton, Husvia, Central Park, and Maple Grove, are thoroughly organized and a vast immediate aid in the control. Following this other communities will be visited.

Immediately after the blackleg campaign, the matter of controlling potato disease and aiding in the selection of type potatoes for seed will be taken up. Saturday, April 7, the first demonstration on the control of potato diseases was given at Payette. At that time Professor E. R. Bennett, was on hand. Glendale, Melba, Scism, Wilder, Notus, Ten Days, and District No. 6 are the communities which have asked for aid in the control of potato diseases. As soon as these communities are visited the campaign will be carried to all other parts of the county.

TO TAKE SILO EXCURSION.

The latter part of the month it is planned to take a silo and livestock excursion through the following communities: Valley View, east of New Plymouth, and after inspecting the silos and livestock around New Plymouth and Fruitland the excursionists will be given an outdoor luncheon provided by a committee consisting of J. Shearer, W. P. Palmer, Ira Daltzell. After luncheon the inspection of the Payette valley will be conducted. The excursionists will cross into Malheur county and inspect the silos and dairying in eastern Oregon, especially around Nyssa. The first day's excursion will end on the farm of Lyle Stephens in Apple valley, where the operation of a milking machine will be witnessed. The next day the excursionists will cover the Boise valley and will probably go into Ada county as far as Meridian.

It is urged that every farmer who is at all interested and who is able to attend, will come and join the excursion. The excursion will be made up of business men as well as farmers and should be an instructive trip especially to every farmer who is interested.

TO UTILIZE EVERY AVAILABLE ACRE IN NAMPA COUNTRY

Nampa, April 10.—Throughout all the tributary country farmers are unusually busy in the preparation for the crops of this year, and present signs point to the utilization of every available acre in the county for the production of grain, vegetables and other farm products. Plowing is now well in progress and an unprecedented crop acreage is very generally predicted. Wherever alfalfa grass has been killed by the severe winter, grain will be sown in its place and as a factor in the elimination of the possibility for another feed shortage next winter, many silos will be constructed and filled. For the same purpose, it is predicted that there will be an immense acreage set in stock beets, which constitutes a fine feed for dairy cattle. The raising of hogs to provide meat for home consumption is also to assume large proportions. Through the pronounced expansion of agricultural operations and the fact that many young men have entered the army in the defense of their country in the war, there is a wonderful demand for farm laborers at vastly increased wages. These conditions portend for the Boise valley this year the

INSULTED THE FLAG, FORCED TO SALUTE IT Caldwell, April 10.—A stranger who expressed a wish in a local supply store this morning that every American soldier who went to Europe be shot to death was immediately taken in charge by members of company G of the Idaho National Guard and made to march up and down Main street carrying a large American flag and to salute every flag passed. Later he was taken to the armory and given considerable patriotic advice by officers of the company. Subsequently he was released with the admonition to be careful not to indulge in treasonable talk in the future.

son returned with them to spend a few days. The Junior Endeavor gave a party last Sunday at the home of Mr. and Mrs. William McKibben. Easter eggs were hunted and several games played after which all enjoyed a very nicely prepared luncheon.

MASS MEETING CALLED TO DISCUSS PREPAREDNESS.

Caldwell, April 10.—Saturday of this week has been designated by County Auditor L. C. Knowlton, for a mass meeting of the citizens of Canyon county, to discuss plans for the production and conservation of food supplies and other materials during the war with Germany. Special emphasis is placed by the county auditor upon the importance of farmers and farmers' wives forming clubs and being independent. The meeting is to be held in the city hall.

NAMPA

Nampa, April 10.—G. E. Feight has purchased a lot adjacent to property owned by him and in the immediate future will erect a 5-room bungalow. Colonel R. D. Arnold is transacting business in Salt Lake this week and attending the big livestock show. Halley Wilson has joined company B of the national guard of this state. Mrs. Earl Roberts returned home Sunday from Twin Falls, where she had been visiting her parents, Mr. and Mrs. F. K. Randolph. Albert Ard and family have arrived from Foley, Ala., and will make this city their permanent home.

SECOND CANDIDATE FOR MAYOR NAMED BY CALDWELL CITIZENS

Caldwell, April 10.—At the mass meeting held in this city last night for the purpose of nominating a rival ticket to the ticket nominated at the mass meeting held last week, E. H. Plowhead, cashier of the Commercial bank was nominated for mayor in opposition to Fred L. Lilly, as was foretold in the issue of yesterday's Capital News. The citizens at the meeting of last evening went on record as endorsing the candidacies of St. Ben Dunlap for city police judge and the councilmen nominated by the preceding mass meeting.

MERIDIAN

Meridian, April 10.—W. Harrell, of Emmett has purchased the D. A. Brewer barber shop. Mr. and Mrs. Brewer will move to Caldwell and they may permanently locate in that city. Dr. C. L. Dutton was a business visitor to Boise yesterday. Medaunes L. J. Akers and Harry Tollett visited in Boise today as the guests of friends.

STAR

Star, April 10.—Miss Louise Chinn was the recipient of a surprise party Saturday afternoon at the home of Gladys Sturgeon, the event being in honor of her sixteenth birthday. Dainty refreshments were served and games were indulged in until a late hour. Another surprise party was given Miss Chinn the same evening at her home by the young people gathering at her home.

Mrs. J. E. Roberts is visiting at Peaceful Valley as the guest of friends. A local party consisting of Roscoe Davis, Robert Holbrook, Misses Vera Leslie and Dora Creason, attended Easter services at the Baptist church in Boise Sunday.

Paul Casey, who has employment in Boise, visited here the week-end with his parents, Mr. and Mrs. D. W. Casey.

Albert Bews, of Cornucopia, Ore., is visiting here as the guest of Erwin Gale.

The new barn being constructed by William Shaffer is nearing completion. The birth of a baby boy is reported at the home of Mr. and Mrs. Clarence Ayres.

The following program will be rendered at the Parent-Teachers' circle next Friday, April 13: Quotations from Shakespeare. Piano duet, by Mabel Griffith and Hattie Wehr. Ten-minute program by Miss Larson's room. Mandolin solo, by Hilma Larson. Ira Aldridge and J. C. Armstrong will give a talk on the Boy Scout movement.

Piano solo, by Amy Prosser. Refreshments will be served by section II.

Mrs. Eaton of Nampa, a former missionary in India, delivered a highly instructive lecture at the Pentecostal church here Sunday evening. She was accompanied by the two Hindu child widows for whom she is caring. Mr. and Mrs. W. T. Creason and family enjoyed a short visit from some of their relatives, Mr. and Mrs. H. H. Clark and their niece, of New Plymouth, Sunday. Miss Olive Crea-
