

LAND BOARD TO HAVE LAST SAY ON CONTRACTS

Question of Increasing the Capacity of the Malad Reservoir to 14,000 Acres Considered and Permission Given.

SETTLERS AGREE TO THE PLAN PROPOSED

Members of Board Contend That They Are Responsible and Should Require Certification From State Engineer—No Unnecessary Delay.

The state land board has taken the positive stand that so far as all irrigation contracts are concerned, it proposes to have the last say, be the final body to pass upon the instrument and exercise the authority given it by the people of the state.

The Malad reservoir has been built on the Little Malad river near the town of Malad to the 30-foot level at a cost of \$125,000. To raise it to the 50-foot level as the plans call for an additional \$50,000 will be expended in water.

HOLD BOARD RESPONSIBLE. The question arose as to whether the contract should be so worded before approved that the board would have the last say as to the fulfillment of its terms.

MINUTES OF MEETING. Boise, Idaho, April 16, 1917. The state board of land commissioners of the state of Idaho met in regular session. All members present.

Upon a further motion duly made and carried the board decided to take up the above matter together with the attorney general's opinion on Wednesday, April 18.

Relieves Serious Case of Chronic Constipation

Dr. Caldwell's Syrup Pepsin Corrects Conditions That Seemed Hopeless.

After suffering from chronic constipation until she was so run down she was unable to do any kind of work, Miss H. A. Frees, 209 Adams St., Dayton, Ohio, obtained a bottle of Dr. Caldwell's Syrup Pepsin and used it with such gratifying results that she continued the treatment and has written to Dr. Caldwell that her condition is again normal, and that she wants to recommend Syrup Pepsin to everyone who suffers with constipation.

Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin, gentle in its action and free from griping or other pain or discomfort. It contains no opiate or narcotic drug, and while acting readily on the most stubborn case of inactive bowels, is absolutely safe for the tiniest babe, so that it is the ideal family laxative and should be kept on hand in every household for use when needed.

Dr. Caldwell's Syrup Pepsin costs only fifty cents a bottle and is sold in drug stores everywhere. To avoid im-

itations and ineffective substitutes be sure you get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.

which roll call was had as follows: Governor, no; attorney general, yes; secretary of state, yes; superintendent of public instruction, yes; auditor, yes.

REFUNDS ALLOWED. The following refunds were allowed on farm loans, applications having been withdrawn: Frances D. Turner, Leslie, \$10; Thomas B. Barnard, Rockland, \$17.

List of applications for leases submitted by the land commissioner were approved and the register ordered to issue leases covering same.

The following farm loan applications were rejected by the board: George B. Schwiger, Twin Falls, \$1200; W. E. Perry, Heyburn, \$1000; Simon M. Henry, Rupert, \$2500.

AMENDED CONTRACT. Attorney Edwin Snow and Mr. Chambers appeared before the board in relation to securing an amended contract of the Malad Reservoir company, limited, and after considerable discussion Dr. D. C. Ray of Malad, who it was learned is a water user under the proposed reservoir, was called upon to answer certain questions, and stated that it was his opinion, after a residence of 15 years in the Malad valley, that the project of the Malad Reservoir company, limited, was feasible, and that in case the company should be unable to deliver an acre foot of water per acre upon the lands, that he would feel that he was getting full value by receiving a proportionate part of the water so stored, and that he believed the same opinion is entertained by the other prospective purchasers of water rights from the company.

WHEREUPON MOTION WAS MADE BY GOVERNOR ALEXANDER, WHICH WAS CARRIED, THAT THE CONTRACT OF THE MALAD RESERVOIR COMPANY, LIMITED, BE AMENDED IN PARAGRAPH 2 TO READ AS FOLLOWS: "Subject to the approval of the state land board," and that Aug. 1, 1918, be fixed as the date for the completion of the Malad reservoir dam to a height of 50 feet, and that the state engineer be instructed to make investigation of the dam and water supply as soon as possible and report his findings to the board.

UPON MOTION DULY MADE AND CARRIED IT WAS ORDERED THAT NEW MINERAL LEASES BE ISSUED TO HERMAN WALLIN, MCCALL, AND J. A. HENTILA, MCCALL, UPON CONDITION THAT THE OLD LEASES BE SURRENDERED AND THE NEW LEASES TO CONTAIN ALL PROVISIONS PROVIDED FOR IN THE OLD LEASES AND TO BE MADE SUBJECT TO CANCELLATION AT THE OPTION OF THE STATE BOARD OF LAND COMMISSIONERS.

WHEREUPON THE BOARD ADJOURNED.

HAD TROUBLE FOUR OR FIVE YEARS. No one appreciates good health like those who are ill. W. J. Furry, R. F. D. 2, Salem, Mo., writes: "I have been bothered with bladder trouble four or five years. It gave me a great deal of pain. I took different medicines, but nothing did me any good until I got Foley Kidney Pills."

Many persons suffer from kidney and bladder trouble when they can be relieved. Backache, dizziness, rheumatic pains, stiff or sore joints and other symptoms yield to Foley Kidney Pills. Whitehead's Drug Store.—Adv. T. Th. S.

Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet and colds of the chest (it often prevents pneumonia).

ATTACK OF U-BOAT CAUSES A NERVOUS SESSION OF MARKET

Tightens Up Later and Trading Slackens Considerably—Early Losses Regained in Afternoon.

New York, April 17.—The stock market showed some nervousness while the news of the submarine attack was shouted in the financial district, then the market tightened and trading slackened to 50,000 shares during the first afternoon hour.

United States Steel sold as low as 108 1/2, but at 1 o'clock was up 3 from that figure. After touching 75 1/2, Marine preferred rebounded to 77 1/2. Industrial Alcohol sold off about 5 points to 107, later recovering 1 1/2. The market closed irregular.

NEW YORK SUN REVIEW. New York, April 17.—The New York Evening Sun financial review today said:

Today's stock market was of no great interest to anybody else, reflecting as it did, currents set in motion by the professional operators, who were more or less puzzled by what appeared at intervals to be good outside buying by substantial interests. The result was a wavering market of very tame aspect, with prices narrow and irregular at the opening, followed by a brief period of firmness, thereafter selling down a point or so in the case of the standard industrials and in the case of certain specialties like Bethlehem Steel B stock.

United States Industrial Alcohol, Central Leather, 2 to 3 points or more. At mid-day there was a general stiffening which left prices not far from the level of previous closing, but became lighter, indicating that the supply of stocks was limited when it came to short covering or profit taking.

Bonds were quiet and firm. Money rates were unchanged.

THE GROWING GIRL

A girl when in her teens is passing through a critical period in her life. The transition from childhood to maturity is not always easy; consequently, in many cases health breaks down entirely and the girl goes into a decline and dies young. If she escapes this fate, she will fall into a state of permanent ill-health. It is of the utmost importance, in order to insure normal and healthy development, that proper precautions be taken, and nothing has proved more helpful than the faithful use of Lydia E. Pinkham's Vegetable Compound, the great woman's medicine and tonic.
