

# GREAT BRITAIN TO MAKE FRANK STATEMENT OF HER WAR VIEWS

Conference With Allied Diplomats Will Have Far-reaching Effect on Future Conduct of the War in Europe.

## WILL TALK OF THE FINAL PEACE TERMS

All Phases of Conflict Will Be Gone Over to Bring About Complete Co-operation Among Nations Fighting Germany.

Washington, April 20.—Great Britain intends to lay all her war cards on the table when her commissioners meet with American government heads. She will present fully and frankly all problems. These will cover a wider scope than heretofore announced.

The general question of military and financial co-operation will be the foremost problem, but other subjects to be considered are: Diplomatic questions such as ultimate peace terms; munitions; wheat supply, general transportation; blockade of Germany; communications; aviation and anti-submarine work.

NO SEPARATE PEACE. On the first matter—diplomatic questions—this government anticipates that there will be little difficulty in clearing up such controversial matters as England's ship seizures and small censuring as they affected American rights. With respect to ultimate peace terms, government heads are saying nothing further than the United States is not inclined to make any separate peace with Germany.

LIQUOR IN WAR TIMES. Wheat supply must be considered. In this connection, the British probably will give their experience with liquor in war times, and their advice may have much to do with what this government determines with respect to suggestions for closing distilleries and breweries which now eat up a vast grain supply.

TO FIGHT SUBMARINES. Anti-submarine work is being developed both here and abroad. The big fleet of wooden ships is probably the key to the whole problem as Germany cannot build submarines fast enough to keep up with them and even if she sinks them, she destroys only a small cargo. As America is planning for a big air fleet, too, she will be able to assist the allies ably in that vital field.

WAR SUPPLIES FOR THE GOVERNMENT. Chicago, April 20.—Uncle Sam is buying. Today deals were closed by government representatives for \$254,236 worth of 35-cents-per-pound bacon from Armour & Co., \$9,900 pairs of shoes at \$5.10 per pair, totalling \$206,990, and 400,000 coats, totalling \$1,541,750.

IDAHO APPOINTMENTS. (Capital News Special Service) Washington, April 20.—The following postmaster has been appointed in Idaho: Bridge, Cassia county, Annie McGill; Glenn C. Weinberg has been appointed star route carrier, route No. 1, out of Wendell.

# FRECKLES

Don't Hide Them With a Veil; Remove Them With the Othine Prescription. This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by any druggist under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

# BRAZILIAN VESSEL FALLS VICTIM OF GERMAN U-BOAT

Minister Paolis Will Go to Chile and Continue Germany's Propaganda Work in South America.

Rio de Janeiro, April 20.—Report that the Brazilian steamer Belem had been torpedoed by a German submarine in the Mediterranean aroused further excitement here today. No official confirmation was obtainable.

Announcement that German Minister Paolis, who has already headed his passport, had previously arranged to depart home on board the steamer Rio de Janeiro, had now changed his mind and would journey to Chile, was interpreted here as Germany's decision to continue her South American propaganda work. The Chilean government had been expected to support Brazil against Germany, but the note received recently on the contrary indicated lack of sympathy with Brazil.

The Brazilian federation of labor today notified the government that its workers will not fight in the event of war, adding that the government "had better employ the many idle workmen than to engage in hostilities."

The steamer Belem is registered in Lloyd's as a steel screw vessel of 1082 tons, owned by the Amazon Navigation company, of Para, Brazil.

# REVOLT OF GERMANS IN BRAZIL GROWING

Buenos Aires, April 20.—With an airtight Brazilian censorship clamped on, reports from Uruguay today declared the German revolt in Brazil's provinces near the Uruguayan boundary was growing. Refugees were pouring into Uruguay, reporting fighting between the German rebels and government forces in Brazil. The Montevideo reports indicated a serious condition of affairs in probably three Brazilian states.

The Uruguayan government hurriedly dispatched reserve forces of its troops to the frontier today to prevent any violation of neutrality.

# DAIRYMEN OF BOISE

(Continued from First Page.) son & Company, who are innocent purchasers. This firm was reached and the payment it was to make to Reed today was stopped.

MANY CHECKS TURNED UP. Reed employed one Ed Hammond to handle the balance of the produce he had purchased as it came into Nampa, and after he had left for Butte, "Sis" who eggs you have on hand today and wire me at 2 o'clock. I will be home tomorrow. Buy all eggs you can get at \$9.75 per case," he wired Hammond on April 19.

The farm market bureau has evidence to show that Reed gave Mr. Mitchell of Wilder a check for \$220, unsigned; that a check for \$76.80 was given to the Burley Mercantile company; that a check was given to G. A. Stenger of Nampa for \$28.50 and was returned by the bank with the notice "not sufficient funds"; that Somers & Co. of Weiser cashed a number of checks and that the following checks were returned by the Farmers & Merchants' bank marked "not sufficient funds": Hunt & Son, Parma, \$75; Hunt & Company, Parma, \$17; Ontario Produce company, \$78.66; Wilson Bros., Parma, \$134 and \$95.60.

# BIG SUBSCRIPTIONS TO "LIBERTY LOAN"

Petrograd, April 19.—The Russian public was subscribing liberally today to the Russian "liberty loan," the first issue floated by the new provisional government. One Stockholm bank, it was announced, had subscribed to 2,000,000 roubles (more than a million dollars). This was the opening day of the loan subscriptions.

# POWDER HOUSES IN HILLS BROKEN INTO; THE WORK OF BOYS

Unthinking boys, who did not realize there was danger in what they were doing, attempted to break into the powder houses located in the hills north of the city. They secured nothing except a few caps and fuses that had been left in one of the abandoned houses. The main powder house owned by the Idaho Hardware & Plumbing company, was not touched. This is the only powder house in which high explosives and giant powder is stored, the firm states.

"The work was probably that of boys," said a member of the firm. "Nothing was taken and the old houses, from which explosives were removed some time ago, seem to have been the only ones tampered with. There were no explosives in them. It is true the bricks were removed, but this probably was done by over-curious boys. Had anyone other than an amateur attempted to break into the powder houses he would have gone about it in an entirely different manner."

Some years ago boys broke into the powder houses, secured some dynamite caps, and exploded them with the result one of the boys was killed and the others injured. The powder houses are carefully guarded.

SPY SUSPECT ARRESTED. Los Angeles, April 20.—Walter Foster, of Cranston, R. I., was arrested as a spy suspect by federal officers when he arrived here today. His past record is being examined. He is of German parentage and speaks German fluently.

DYNAMITE BOMBS FOUND. Davenport, Ia., April 20.—Soldiers were placed of guard at the Western Flour Mills today following discovery of four dynamite bombs in coal at the plant. The mills have been shipping flour to the allies.

# LONDON DECKED IN OLD GLORY; TRIBUTES PAID UNITED STATES

American Day Observed in England With Imposing Ceremony Before Brilliant Assemblage in St. Paul's Cathedral.

## STARS AND STRIPES FLOAT EVERYWHERE

For the First Time in History of the Country a Foreign Flag Floats Over the Houses of Parliament.

London, April 20.—Nobody could mistake the fact that it was "America day" in London today.

Flag makers' supplies had been utterly drained to dress the city in the Stars and Stripes. The red, white and blue hung from all public buildings. It was swung to the breeze from countless thousands of private dwellings and business houses.

Americans exiled temporarily from home, joined with the British throughout England in popular appreciation of America's war step. The formal ceremonies were at St. Paul's, where one of the most notable audiences ever assembled here gathered to do honor to America and re-consecrate England's ideals.

ROYALTY IN ATTENDANCE. Crowds thronged the open spaces adjacent to the great structure early in the day. Their majesties and other royalty, all members of the British cabinet, the lord mayor of London and scores of other distinguished British citizens were present. All the allied diplomats were there, with American Ambassador Page, his entire staff, Admiral Sims, U. S. N., and practically the entire American colony in London.

The archbishop of Canterbury officiated and pronounced the benediction. Bishop Brent of the Philippines, himself an American, preached the sermon, taking as his text, Maccabees II, a chapter still, verses 13, 14 and 15. A special choral service preceded the religious ceremonies. The Welsh guards sang, "God, Our Help in Ages Past," the familiar American "Battle Hymn of the Republic," "God, Save the King," and intoned Psalms. The scriptural lesson read was the forty-first chapter of Isaiah. Special prayers for President Wilson and the American congress were offered.

CELEBRATIONS TONIGHT. Tonight Americans will celebrate by scores of social events—on strict "war rations"—in the hotels and restaurants as well as in their own homes.

For the first time in history today a foreign flag floated beside the Union Jack over the houses of parliament. It was the Stars and Stripes. It flew likewise over the lord mayor's mansion and over all public buildings in England.

## CIVIL SERVICE EXAMINATION.

The United States civil service commission announces that a stenographer and typewriter examination will be held in this city on June 2, 1917, to establish a register of eligibles from which selection may be made to fill vacancies as they may occur in the position of stenographer and typewriter, field service, age 18 years or over. Both men and women will be admitted to the examination. Several vacancies now exist in the position of male stenographer and typewriter; entrance salaries \$900 to \$1200. Application blank and pamphlet of information may be obtained from the local secretary, board of civil service examiners, at the postoffice, this city, or the secretary, Eleventh civil service district, 803 post-office building, Seattle, Wash.

# ROOSEVELT DIVISION, IF ORGANIZED, WILL BE ARMY OF VETERANS

New York, April 20.—If the war department will accept Colonel Roosevelt's offer to lead a division to the European war front, here's what the colonel can do: Have a completely organized division of 23,000 men, including infantry, cavalry, artillery, engineers, machine gun detachments and aerial corps, ready for active service within four months.

In addition he has 100,000 reserves waiting to be called for service. Requisitions are ready for every item of military equipment for the division. The requisitions can be presented to the war department within two hours after the command is organized.

## MEN OF PREVIOUS TRAINING.

Most of the men who have volunteered for the colonel's division have had previous military training. Here are some of the notables, who, it was learned today, are ready to join the colonel's division: Senator James Hamilton Lewis of Illinois; Charles Jerome Bonaparte, former attorney general; Roy O. Woodruff, Republican congressman from Michigan; William Curtis Farabee, explorer; John M. Parker, Louisiana, Bull Moose candidate for vice president in the last election; Medill McCormick, congressman from Illinois; Jack Greenway, famous Yale end of years ago; Seth Bullock, Gil-

### A CREAMY LOTION MADE WITH LEMONS

Prepare a quarter pint at about the cost of a small jar of common cold cream.

When this home-made lemon lotion is gently massaged into the face, neck, hands and arms daily, the skin naturally should become soft, clear and white, and the complexion dainty and attractive.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to bleach the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quart jar of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it naturally should help to whiten, clear, smoothen and beautify.

Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons. In this sweetly fragrant lemon lotion ladies can easily prepare and have an inexpensive toilet aid which perfectly satisfies their natural desire for a beautiful soft skin.

# BITTER DEBATE IN SENATE OVER THE ESPIONAGE BILL

Military Committee of the House Engaged on Reports on the General Staff Army Bill.

Washington, April 20.—Espionage legislation—the most drastic ever proposed for this country—held the spotlight in congress again today.

The senate entered on its third day of bitter debate on the administration spy bill, with influential senators attacking the section that they claim, though aimed ostensibly at hyphenated and dangerous agitators, will completely muzzle every newspaper in the country.

Fear that under the bill newspapers will be unable to criticize any government move in war times—even such an incident as the costly Dardanelles expedition of England—caused much of the senate discussion. Another clause that brought criticism was that which permits the president to declare food embargoes from any port to any port.

HOUSE BILL DRAFTED. The house judiciary committee late yesterday finished its draft of the administration spy bill. Chairman Webb was to have the bill prepared by today. It carries perhaps 100 amendments, all or nearly all, calculated to soften the effect of the bill.

Both minority and majority members of the military committee were engaged today on the reports on the general staff army bill due for consideration when the house meets again Monday.

# GOVERNMENT ASKED BY SOCIALIST ORGAN TO STATE WAR AIMS

Copenhagen, April 20.—The International Korrespondent, organ of the German Socialist majority, today editorially demanded that the German government immediately publish its war aims to see whether the basis of an understanding with Russia might not be reached.

MME. BERNHARDT IMPROVING. New York, April 20.—The condition of Mme. Bernhardt was greatly improved today, a bulletin from physicians at Mount Sinai hospital announced. Her recovery is now expected and an official bulletin to that effect may be issued before the end of the day.

# PLOT TO BLOW UP STATE CAPITOL AT COLUMBUS, OHIO

Home Made Contrivance for Setting Off High Explosives Found—Suspicious Looking Character Seen.

Columbus, O., April 20.—That an attempt was made to blow up the capitol here yesterday morning leaked out today.

Major P. J. Berry, in charge of the Third regiment troops here, early yesterday received a report from W. H. McCann, a Columbus teamster, that while passing the state house at 5:45 a. m. yesterday he saw a suspicious man kneeling before a cellar window beneath the treasury department.

McCann said he walked toward the man, who had a souch hat pulled down over his eyes. The man jumped up, McCann said, and grabbed a small black box and ran out of the state house yard.

Berry inspected the place and found a home-made contrivance for setting off high explosives, which he now has in his possession.

## Short Human Interest War Stories by Wire

CHICAGO—They're talking about forming a Butchers' brigade at the stockyards. Noon recruiting rallies started there today.

CHICAGO—An enemy alien, Frederick Munzberg can't enter government reservations, but as a national guardman he is under orders to do so. Munzberg sees jail both ways.

CHICAGO—"This is no time to be sending faithful soldiers to jail," remarked Federal Judge Landis, as he sentenced Orlando Banks to two hours' imprisonment for filing claims for dependency pay in the army after he had left his wife.

NEW YORK—Frederick P. Keppel, dean of Columbia university, started today to earn \$1 a month in the service of the government. He volunteered and has been appointed an assistant secretary of war.

BERLIN, N. J.—George Q. Tyson of this place abhors the "Prussian stench" which surrounds the town's name and has started an effort to have it changed. He suggests Pine Ridge.

NEW YORK—John Smith had a grudge against recruiting officers, so he undertook twice to tear down an American flag. Police say he will recover.

SEVEN BILLION WOULD LAST QUITE A SPELL. Washington, April 20.—Spending the money at the rate of \$1 a minute, it would take one person 13,318 years to spend Uncle Sam's \$7,000,000,000 war fund.

Figuring on the basis of that much money ever being in one man's possession, mathematical sharks figured today that if this seventh degree billionaire spent a dollar every minute he would go broke in the year 15,235.

# FORCE UNDER THE COMMAND OF VILLA FLEES IN DISORDER

El Paso, Tex., April 20.—A Villa column under personal command of Villa and Jose Ynez Salazar was defeated Wednesday at Babicora ranch, Chihuahua, by General Murguia's Carranza forces, according to a message from Murguia. His report claims that 150 Villistas were killed, and the bandits fled in disorder. Capture of 200 horses is also claimed by Murguia.

No figures of the Carranza losses is given, except mention that General Solas and five staff officers were killed.

# SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

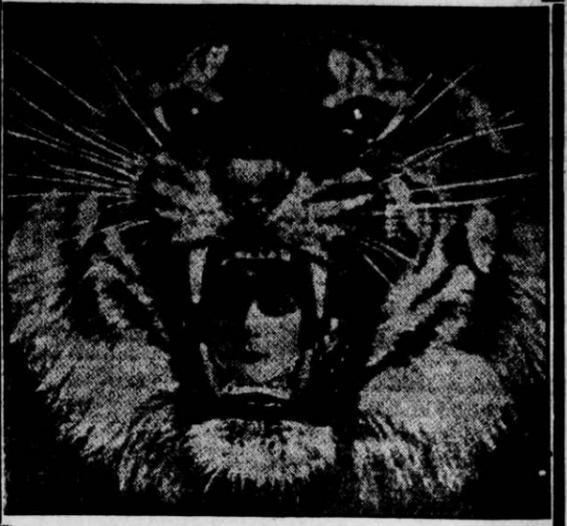

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application of two of Sage and Sulphur enhances its appearance to a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients for 50 cents a large bottle, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.
