

# CHAUTAQUA TO BE HELD THIS YEAR IN JUNE

Number of America's Best Platform Speakers, Including Dr. Henry Smith Williams, Secured for the Program.

## FAMOUS OLD OPERA WILL BE PRESENTED

"Chimes of Normandie" to Be Sung by the Boston Light Opera Company—Goddard to Return for a Concert Engagement.

The Boise Chautauqua committee, representing the large number who guaranteed this summer's session, announce that the date for the Chautauqua will be June 22 to 28 inclusive. The grounds where it was held last year will likely be placed on the south side of the block to get farther away from the street car crossings, on account of noise of cars.

The program is purported to be bigger than ever, bringing six or eight of America's best platform speakers, including such authorities as Dr. Henry Smith Williams, whom McClure's magazine voices a very strong verdict coming from periodicals and technical journals, that Dr. Williams' books make him "the greatest living popularizer of science."

**GREAT PULPIT ORATOR.**  
Dr. James Whitcomb Brounger, one of America's greatest pulpit orators, is also announced, along with Lee Francis Lyberger, who is considered one of the profoundest thinkers on industrial and political problems that our country knows. Montville Flowers will be one of the strongest favorites. A full program of the lecturers will be announced in due time.

Perhaps the most popular event of the Chautauqua will be a presentation of the famous old opera, "Chimes of Normandie." This will be presented by the Boston Light Opera company, and the music by Robert Planquette. This includes the full singing caste, chorus and full orchestration.

James Goddard, so well known to the Boise public, is to return for an evening concert. So strong were the requests coming from his winter engagements throughout the west this past season that he was engaged for Chautauqua programs, this being unique for western assemblies to have on their program such a noted grand opera singer. He will be accompanied by Miss Ruth Ray of Chicago, who is an unusually fine violinist, and also by Robert Yale Smith, who was also here with Mr. Goddard recently.

**ATTRACTIONS EVERY DAY.**  
The program is replete with splendid attractions every day including Elias Day, America's most noted impersonator; a delightful Japanese Fantasy, presented by the Ongawa company; the splendid Davenny Quintet; Miss Therese Davault, who was one of the most popular numbers on the Municipal Entertainment Course this past season; the Smith-Spring-Holmes Orchestral Quintet are also to be on the program and are considered one of the finest in such type of program, Messrs. Smith and Holmes both being musical composers.

The illustrated lecture to be given by Chauncey Hawkins will be the most interesting of all to many for it will be unlike anything ever seen and is a masterpiece of realism, bringing from the forest the poetry of nature in her wild solitudes, with the finest collection of pictures ever taken of the wild animals of the northern woods. "Country Life in America" has made many acquainted with Cauncy Hawkins' hunting of big game, formerly with gun but more recently with camera. He is said to be one of the most adventurous and successful wild game photographers in America.

The children will not be overlooked, for their superintendent will have an interesting way of telling about the curious people of every land. One evening's program is to be distinctly for the children; this program is known as "The Manikins."

**PATRIOTIC WEEK WILL BE OBSERVED AT CALDWELL.**  
Caldwell, April 30.—Next week has been designated as "Patriotic Week" in this city and much activity will feature the efforts of the citizens of the city to materially assist the Red Cross society and Company G of the Second Idaho, composed of young men of this city. The Sound Amusement company which has spent the winter here will open a week's carnival, Monday of next week. One-half of the proceeds will be donated to the funds of the Red Cross. Another feature of the week's activity outlined will be dances at the army each night and the proceeds of each dance will be contributed to the funds raised for Company G.

# FIRM UNDERTONE IN LIGHT TRADING ON THE STOCK MARKET

Steel and Copper Fluctuate Slightly—General Motors Makes New Recent High Record.

New York, April 30.—Steel and copper issues were up fractionally when the stock market opened today. Rails were quiet. United States Steel and Bethlehem class B opened up 1/4 at 114 and 124, respectively.

Utah was up 1/4 at 116 1/2 and Anconda the same at 79 1/2. Although the volume of trading was not big, the market saw considerable short covering in steel during the late forenoon. Bethlehem class B sold up to 124 1/2.

**NEW YORK SUN REVIEW.**  
New York, April 30.—The New York Evening Sun financial review today said:

Wall street lapsed into silent reverie today. The volume of trading was almost negligible, less than 200,000 shares changing hands in the first three hours. Prices moved narrowly on both sides of the previous closing level but the undertone was firm. Idle swaying of the general list caused but little net change, although there were some strong and a few weak spots. Gains of 1 to 2 points were made by American Smelting & Refining and Mexican Petroleum on repeated change of sentiment in Mexico. The steel and copper groups worked listlessly backward and forward and the shipping shares also. United States Industrial Alcohol and the motor issues gathered strength as the market closed. Traction stocks were under some pressure.

Rails were neglected.
