

CAMPAIGN TO BE KEPT UP UNTIL MIDNIGHT HOUR

Success Assured in State and at Least Nine Million Dollars Will Be Subscribed.

Ada County Makes Splendid Record, Raising \$1,500,000 and Exceeding Its Quota by More Than 50 Per Cent.

Idaho's liberty bond campaign will not end until 12 o'clock tonight. Success is assured, but the state committee is taking no chances. It is felt that it will be far better to have an over-subscription than to have the state's quota fall short even a few thousand.

State Chairman Davis set the figure at \$9,000,000 at the outset of the drive. Reports received at the state headquarters at noon today showed that only a few thousand were lacking, but there is always the chance of reports being duplicated, making it necessary to drive for an over-subscription.

"We have arranged for every bank in Idaho to remain open tonight," said Chairman Davis. "We believe that many people will decide to loan the government their credit at the last minute. We are confident of success in attaining our quota, but Idaho should make \$10,000,000 and set the pace for all western states."

GREAT RECORD FOR ADA. Chairman W. T. Wallace has concluded his campaign in Ada county. He says that he can make no statement at present, except that subscriptions exceed \$1,500,000. Mr. Wallace is slated over the success of the drive in Ada county. His figures now show that the quota has been over-subscribed by more than 50 per cent.

Among the last counties to report over-subscriptions are Lemhi, Fremont and Custer.

Twin Falls county, which has been lagging during the drive, has an organization in the field today making a determined effort to raise the quota of \$600,000. The entire county is being canvassed by automobile and every farmer coming into town is being halted on the main road. The latest report coming to the state headquarters indicates that there is a big chance for success.

Canyon county has a fleet of automobiles canvassing the country precincts. Solicitors are also working in all towns catching the farmers as they come in to do their trading.

"Reports are coming in good today," said State Secretary Hoover this noon. "I can see where we are over the top. It has been strenuous, but we have made good. I cannot say that the grand total will be, but all reports give assurance that the \$9,000,000 will be filled before night. A number of the counties that have not been showing up well have speeded up and are going to make their allotments." **BOND OF \$200 FOR HIGH SCHOOL.** Boise high school students, acting upon the suggestion of Inez Calloway, took up a collection to buy a \$50 bond. Contributions were limited to \$1. The spirit of the students is best reflected by the application for a \$200 bond. The money from the bond is to be used later for a permanent memorial to the Boise high school boys who enlisted in the service of their country.

The Boise Boy Scouts have made a remarkable showing. Troops 3, 4 and 5 sold 135 bonds amounting to \$10,000. One boy sold 15 bonds. Troop 4 sold the largest number of bonds and Troop 3 was a close second. Rev. Ira R. Aldrich was chairman of the Scouts' campaign.

The barbers' union of Boise placed an application for \$200 Friday evening.

IF KIDNEYS AND BLADDER BOTHER

Take Salts to Flush Kidneys and Neutralize Irritating Acids.

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very painful; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs, which then act normally again.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is also good for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.—Ads.

HELP THE KIDNEYS

Boise Readers Are Learning the Way. It's the little kidney ills—The lame, weak or aching back—The unnoticed urinary disorders—That may lead to dropsy and Bright's disease.

When the kidneys are weak. Help them with Doan's Kidney Pills. A remedy especially for weak kidneys.

LEASE LAND WILL BE TAKEN UP WITH THE COMMISSIONER

Board Votes to Authorize Attorney General and State Auditor to Go to Washington.

The question of from 40,000 to 50,000 acres of lands in the desert section of Fremont county being set aside for fall and spring grazing for sheepmen of the southeastern part of the state will be taken up with Clay Tallman, commissioner of the general land office, at Washington by Attorney General T. A. Walters and State Auditor Clarence Van Deusen. The land board voted today authorizing them to handle the matter.

Some time ago the board voted to make the segregation after a conference with representative sheepmen of the southeast. The forest service officials had no objection to annexation of the territory desired as a range within the national forest boundaries. The sheepmen claim that the land is absolutely essential to them for spring and fall grazing; that the lands are not agricultural in character and that they should be set aside for their use.

REQUEST TURNED DOWN. Under the enlarged homestead act, however, settlers have gone in on the lands and filed on them. The entire proposition was laid before Commissioner Tallman by Commissioner Smoot of the state land department under instructions from the board. Commissioner Tallman turned the request down stating in effect that the terms of the enlarged homestead act could not be interfered with. On his recent visit to Idaho the matter was taken up with him and he pointed out the obstacles in the way of annexing the lands to the forest service.

Members of the land board believe that the matter should be considered in more detail by the commissioner. Attorney General Walters is expecting to be called to Washington on the Crane case and State Auditor Van Deusen expects to attend the national auditor's association meeting in the east, so they were designated to present the matter more fully to the Washington authorities.

ATTRACTIVE ROOM FOR CHILDREN AT CARNEGIE LIBRARY The children's room at Carnegie library bears a suggestion of Halloween in decorations of yellow and black arranged artistically about the room. The corner designed especially for young children is very attractive and cozy with its round table and chairs invitingly surrounding it and the shelves of books close by from the first to the fourth grades and with ages ranging from 5 to 10 years are allowed to read in this pleasant nook. Halloween posters call attention to Halloween books in which are found suggestion for Halloween parties.

New books, to the number of 150, have just been received.

GIRLS PACK GIFTS FOR THE SOLDIERS The packing of the Christmas gifts for the soldiers in France by the members of the Y. W. C. A. last night was a scene full of interest and tender thought for the heroes at the front in Europe.

Fifty members were busily engaged in the work and they were certainly expert. Each box contained eleven articles. Among them one box of raisins, a khaki handkerchief, playing cards or dominoes, chewing gum, peppermint drops, package dates, box of cookies, writing paper and envelopes, package candy and postal cards, all wrapped in a large blue calico handkerchief and then carefully wrapped in strong brown paper and deftly tied. Another consignment will soon be packed in the same manner.

BEST FOR LIVER, BOWELS, STOMACH, HEADACHE, COLDS

They Live the Liver and Bowels and Straighten You Right Up.

Don't Be Bilious, Constipated, Sick, With Breath Bad and Stomach Sour.

Tonight sure! Take Cascarets and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Wake up with your head clear, stomach sweet, breath light, and feeling fine. Get rid of sick headache, biliousness, constipation, furred tongue, sour stomach, bad colds. Clear your skin, brighten your eyes, quicken your step and feel like doing a full day's work. Cascarets are better than salts, pills or calomel because they don't shock the liver or gripe the bowels or cause inconvenience all the next day.

Mothers should give cross, sick, bilious, feverish children a whole Cascaret anytime as they can not injure the thirty feet of tender bowels. Adv.

Drs. Wynne and Guilfoxy, of the New York city department of health, have made a preliminary study of the relations of occupation to mortality as indicated by the mortality returns of the city for 1914. Mortality of the respiratory diseases is highest in occupations carried on in crowded and badly ventilated offices and shops. Garment workers, however, are an exception; the low mortality from pulmonary tuberculosis and pneumonia among workers of this class, most of whom are Jews, is ascribed to a racial immunity. Mortality from cancer is relatively low in the strenuous occupations and high in the sedentary ones. There seems to be an unduly high mortality from heart disease and Bright's disease among cigar workers, tobacco workers and garment workers.

OVERBROOK FARM REQUISITION IS BRINGS FORTUNE ISSUED TO RETURN TO MACWATTERS KRUGER TO IDAHO

North Side Twin Falls Property, One of Best Ranches in Southern Idaho, Sold for \$32,000.

Governor of California Refused Request to Permit Man Wanted Here for Felony to Come Back.

One of the largest real estate deals in the history of the North Side Twin Falls project was consummated when D. C. MacWatters announced the sale of his 160-acre Overbrook farm, three and one-half miles northeast of Jerome, to the Brown Brothers Sheep company of Twin Falls, Filer and Buhl, for \$200 per acre. The purchasers are to take possession Nov. 15.

After the governor of California refused to turn Charles A. Krueger over to Idaho authorities, to answer a charge of felony in Twin Falls county, Prosecuting Attorney Frank L. Stephan of that county secured requisition papers Friday from Governor Alexander. Armed with them Sheriff Frank M. Kendall of Twin Falls left today for San Diego where he will take Krueger in charge providing the chief executive of California honors the papers.

Overbrook farm is one of the most modern stock farms in Idaho. It is all in a high state of cultivation and fully equipped with buildings and conveniences for handling livestock. The improvements include two residence buildings, a deep well, large barns, granaries, milk house, etc., with electric light and power installed.

According to the complaint Krueger through fraud secured the signature of the United States Fidelity & Guaranty company to an instrument in writing whereby a liability was created. One Stuart H. Taylor of Twin Falls filed the charge against him. The complaint was presented to the governor of California but because it was not sworn to before a committing magistrate he refused to allow the prisoner to be turned over. Krueger was placed under arrest at San Diego where he is now being held. The objection raised by the California executive was corrected, formal requisition papers secured from Governor Alexander and with these he hopes to be able to bring Krueger back with him to stand trial on the charge in this state.

They will operate the farm exclusively for breeding of pure bred Hampshire sheep, and are taking some of their flocks from the South Side to Overbrook.

Mr. and Mrs. MacWatters expect to spend the winter in the east and on the Pacific coast, but will return to improve other of their land holdings in the vicinity of Jerome.
