

FIGHT TO SAVE MANSENTENCED TO BE EXECUTED

Mexican Under Sentence to Hang Dec. 14 Arrives at the Penitentiary Accompanied by Partner.

Legal Fight Expected to Secure Stay of Execution Through Appeal Supreme Court—Jury in Madison County Passes Sentence.

Outwardly much calmer than his partner in crime who is under life sentence, Vicente Ramirez, a Mexican sentenced by a jury at Rexburg, Madison county, to suffer the penalty of death by hanging by the neck until dead, arrived at the state penitentiary Wednesday night escorted by Warden Frank DeKay who made a record-breaking trip to the southeast to get his wards. Unless the court interferes Warden DeKay will have to spring the trap that will launch Ramirez into sterner. There is a possibility he will not have to hang Ramirez on the date set for the execution, Dec. 14, because of the legal fight promised by the defendant's friends to save him from the gallows. They expect to perfect an appeal to the supreme court for a review of the case and thereby secure a stay of execution.

COLD BLOODED CRIME.

The crime for which the two Mexicans were found guilty, was one of the most brutal. It was committed in a shack on the outskirts of Rexburg. They attacked a fellow countryman named Frank Biscarra, killed him by crushing in his head with an axe and then buried the body. The murder was committed out of jealousy and revenge because of the attentions paid by the unfortunate victim to a woman all were interested in. Another Mexican much older in years than the defendants saw the crime committed. Under threat of similar treatment he was frightened for the time being into saying nothing about the crime. Later he went to Salt Lake and there informed the officers, telling of the place where the body was buried. An examination of the premises resulted in the remains of the murdered man being exhumed. The arrest of the two defendants followed. They were charged with first degree murder, tried and found guilty.

JURY FIXES PENALTY.

Under the Idaho laws a jury sitting in a murder case has the option to inflict the death penalty or give the defendant's life. The following is the verdict of the jury:

"We, the jury, duly sworn and empaneled in the above entitled cause, find the defendants Vicente Ramirez and Pedro Espinoza guilty of murder in the first degree and fix penalty for Vicente Ramirez at execution and for Pedro Espinoza at life."

Ramirez was recognized by the jury following admission of the evidence as ringleader in directing the murder. He is a single man. Espinoza is married. Following the return of the verdict Judge James G. Gwin signed the death warrant, setting Dec. 14 as the date when Ramirez is to pay the death penalty for taking the life of another.

FIRST FOR MANY YEARS.

Warden DeKay says that Ramirez was the calmer of the two prisoners, taking his sentence to death coolly and unworried. Espinoza was more nervous. The former was committed to the death cell at the penitentiary and the latter will be put to hard labor.

Ramirez is the first man to be given the death penalty in the state of Idaho for some years. If he is hung he will be the first prisoner who suffered the death penalty in this state at the penitentiary for almost 10 years. Shortly after John Snook, former warden, was inaugurated, he was called upon to hang a murderer sentenced from northern Idaho.

Neither of the prisoners gave Warden DeKay any trouble while he escorted them from Rexburg to Boise and the penitentiary.

SERIOUS SHORTAGE IN MILK AT CHICAGO

Chicago, Nov. 1.—The milk war, declared when big Chicago dealers lowered the wholesale price to \$3 a hundred pounds in purchasing from farmers, was causing a serious shortage here today.

Farmers throughout the area supplying Chicago were generally standing by their threat to feed their milk to hogs rather than sell at any figure below the new scale they set for November, ranging from \$2.48 to \$2.87. Most of them demanded \$3.71. The October price was \$3.42.

The result was that very little milk was being received here by the big dealers. Most of the dairy concerns, however, announced a reduction of one to two cents a quart to consumers at a uniform price of 12 cents. This was expected to be unanimous by tomorrow.

CLERK'S RECOVERY ASTONISHES BOISE

Boise people will marvel at this clerk's recovery. His stomach was so bad he could eat very little. Everything fermented and soured. Had stomach cough. Doctor advised buckthorn bark, glycerine, etc., as mixed in Adler-I-ka. ONE SPOONFUL helped him INSTANTLY. Because Adler-I-ka empties BOTH large and small intestines it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold. W. Whitehead, Druggist, Capitol Hotel Building.

SCOTCH COMEDIAN STIRS PATRIOTISM IN NEW YORK

Harry Lauder addressing a crowd of 100,000 persons from steps of New York sub-treasury building. Harry Lauder, the famous Scotch comedian, is stirring New Yorkers as he has never stirred them before with his patriotic addresses. He has talked several times in the metropolis, always before huge audiences. The photo shows him talking for the Liberty loan. He will make a tour of the country, and will visit many of the training camps.

GREAT FLOUR MILL NEARS COMPLETION, HAS BIG CAPACITY

Two Hundred Thousand Dollar Plant at Weiser About Ready for Operation—Run Day and Night.

Weiser, Nov. 1.—The Weiser Milling & Elevator company's splendid new fire proof flour mill and elevator built at a cost of \$200,000 is now practically completed and will be placed in operation within a few days. The mill and elevator are built of reinforced concrete and the window and door sills are of iron, making the big structure as near fire proof as is possible so to do. The entire plant is painted white. It is one of the finest, most modern and complete flour mill plants west of Denver.

The mill has a capacity of 350 barrels of flour a day, and the capacity of the elevator is 175,000 bushels of grain. It is practically filled with wheat.

200 ELECTRIC LIGHTS.

The mill is a five-story structure with full basement. It is steam heated and electric lighted. All the wires are in conduits. There are 200 lights in the mill and elevator. In the mill there are 24 steam radiators, four of which are 80-foot radiators; 20 are of a larger size and each furnishes space for 125 square feet of floor space. The mill and elevator are operated by four motors having a total of 225 horsepower. The Burley Electric company had the contract for installing the electric lights and motors and steam heating. E. G. Frank of Burley, half owner and manager of the Burley Electric company, was in charge of the electric and steam installation at the mill. This work is being completed this week.

The basement and part of the main floor are used for the storage of flour and bran, the storage capacity being 50 carloads. The other part of the first floor is known as the packing floor.

SCIENTIFIC TESTING.

On the second floor are the rolls. On this floor is a department for the scientific testing of flour and baking. On this floor are the lockers for the employees of the mill, also toilets and shower bath.

The third story is known as the sputting floor. On this floor are also the mixers for self-rising flour used for making biscuits. On the fourth floor are the purifiers and bolters.

The dust collectors and elevator heads are on the top floor.

ENGINEER COMPLIMENTED.

A fine and much deserved compliment was given S. M. French, the well known Weiser civil engineer. It came through the Byron Jackson Iron Works of San Francisco. This firm recently installed a new pumping plant for pumping water for the city of Lewiston, Idaho. The iron works officials wired Mr. French to represent the company at the official try-out of the plant this week prior to its formal acceptance by the city of Lewiston. Mr. French left Friday for Lewiston and will return to Weiser this week. He is a very capable engineer and has had a wide experience.

IMMENSE TRACK SCALE.

The P. & L. N. railroad is installing at its terminal in Weiser one of the largest and best track scales in the northwest. These scales are a duplicate of the best Union Pacific track scales at Omaha.

ADD ROOMS TO HIGH SCHOOL.

The Weiser High school is in such a crowded condition that more room is urgently needed. To relieve the situation the upper floor of the high school which was used as the gym, is being divided into four large school rooms.

GREAT OUTPUT OF DRIED APPLES FROM NEW WEISER PLANT

Weiser, Nov. 1.—The Weiser Food Products company, Weiser's newest industry, expects to evaporate fully 200,000 pounds of apples and will also evaporate potatoes, pumpkins and squash. The season's output of evaporated apples is already sold. Manager M. R. Stone stated the demand for dried apples is so great that he could sell the output of the plant several times over.

The Weiser evaporator is the only plant of its type in the state. This plant evaporates apples in five hours, and it only takes three hours to evaporate potatoes, pumpkins or squash.

WEISER PLEASED WITH OFFICE.

The public and the office force are greatly pleased with the new location and arrangement of the postoffice. The force is composed of the following: Postmaster, F. S. Harding; assistant postmaster, R. D. Bothwell; general delivery clerk, Miss Minnie McIntyre; day distributing clerk, Gilbert F. Kimball; night distributing clerk, Roy Lacey; city carriers, James H. Bicket on route one; James B. Webb on route two; rural carriers in the order of routes, John J. McCrea, James H.

NEW QUARTERS FOR WEISER POSTOFFICE

(Capital News Special Service.)

Weiser, Nov. 1.—The Weiser postoffice this week moved into its handsome new quarters in the corner room of the Weiser hotel block, which was remodeled this season, especially for the postoffice. The new postoffice is larger, more convenient, better lighted, and better equipped. It is 26x55 feet in area. The lobby is 36 feet long, and ranges from seven to 16 feet wide. The floor is of hard maple. The workroom is ideally arranged for the postoffice force. It is steam heated, and has additional equipment over the former office as follows: New and modern sack rack, two new city carrier cases and two new rural carrier cases. Being removed from its old position on the alley it is removed from the noise and dirt of the switch engines and cars operating in the railroad yards nearby.

EDISON'S COUSIN, NOW LIVING IN OHIO HOME WHERE HE WAS BORN, SAYS INVENTOR WILL FOIL SUBMARINE

The little brick house in Milan, O., where Thomas Edison was born is now the home of his cousin, Mrs. Nancy Wadsworth, who has been his affectionate companion since his infancy. The old lady proudly declares that Edison will soon invent an engine of destruction that will foil the submarine.

The birthplace of Thomas Edison at Milan, O., showing (1) the room where he was born, (2) his cousin, Mrs. Nancy Wadsworth and (3) Edison as he appeared on a recent visit to the old home.

IT'S YOUR LIVER! YOU'RE BILIOUS, HEADACHY, SICK

Don't stay constipated with breath bad, stomach sour or a cold.

Enjoy life! Live'n your liver and bowels tonight and feel fine.

Tonight sure! Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, breath offensive and stomach sour. Don't stay bilious, sick, headachy, constipated and full of cold. Why don't you get a box of Cascarets from the drug store now? Eat one or two tonight and enjoy the most, gentlest liver and bowel cleansing you ever experienced. You will wake up feeling fit and fine. Cascarets never gripe or bother you all the next day like calomel, salts and pills. They act gently but thoroughly. Mothers should give cross, sick, bilious or feverish children a whole Cascaret any time. They are harmless and children love them.

orate potatoes, pumpkins or squash. The present capacity of the plant is 2300 pounds of dried apples daily.

Two grades are made—extra fancy and prime. An expert who visited the plant this week pronounced the extra fancy grade the finest dried apples he ever tasted. The method used here preserves the sugar in the dried fruit. The plant is running day and night and 34 people are employed. There are five paring machines. Each machine pares and cores 70 bushels of apples a day.

MANY GOVERNORS AGREE TO ATTEND LIVESTOCK SHOW

Sheriffs of Northern Idaho Called Into Conference Nov. 8—Breakfast and Barbecue Planned.

The governors of Washington, Montana and Oregon have assured Governor Alexander they will attend the Lewiston livestock show on Nov. 8 and the governors of Utah, Nevada and Wyoming, also invited, are expected to give the same assurance, Governor Alexander announces.

"We are planning to make governor's day an annual event at the Northwest Livestock show," said Governor Alexander, "and the conference in November of the chief executives, will be the first of its kind. The two main events of the day will be a 25-cent breakfast served to the governors by the home economics class of the University of Idaho and a barbecue at noon."

Governor Alexander authorized the announcement calling together the sheriffs of the northern counties at Lewiston on the evening of Nov. 8 at which issue of enforcing the laws and meeting labor troubles as they develop will be discussed.

There will be many southern Idaho stock exhibitors at the Lewiston show this year—more than ever. It is expected that a trainload containing some of the finest fancy stock will be made up by southern Idaho shippers and sent to Lewiston to compete for the heavy prize money hung up.

WEATHER CONDITIONS OVER THE COUNTRY

High pressure overlies practically the entire country, but there are indications that an important low pressure area is approaching the Washington coast. The highest pressure is in the plains states. The weather has remained fair except over small areas in northwestern Washington and western New York. Higher temperature prevails on the Pacific slope and in the central, eastern and southern states, and lower temperature in the middle west. Fair weather is expected to continue in Boise and its vicinity tonight and Friday.

Boston, 26; Calgary, 38; Chicago, 28; Denver, 32; Helena, 34; Kansas City, 32; Los Angeles, 56; St. Paul, 28; New Orleans, 59; New York, 34; Pocatello, 30; Portland, 60; St. Louis, 34; Salt Lake, 38; San Francisco, 32; Seattle, 44; Washington, 28.

SHIPPERS' FORECAST.

Protect shipments during the next 36 hours against the following temperatures: Going west to Baker, 32 degrees; east to Pocatello, 39 degrees. Minimum temperature at Boise tomorrow about 36 degrees.

Approximately 20 per cent of each potato pared by ordinary household methods is lost in the process.

GAY YOUNG PEOPLE OBSERVE THE NIGHT WITH REAL SPORT

Large Crowds Celebrate in City and Country Doing but Little Damage—Many Parties.

More ghost walks and real fun with less malicious mischief in Boise and Ada county Halloween night than in many years past, is the report given from all sections.

In Boise the police report a busy night, but one in which but little damage was done. Early in the night, gay crowds in automobiles, some dressed as ghosts and with banners, began taking in the town and letting the public generally know that Halloween was being appropriately observed. Street crowds with weird pumpkins, carried on poles and by handles, visited many of the resident houses and enjoyed scaring the occupants.

A number of buggies and wagons were pulled out of place and one or two were overturned, but for the most part, they were just run off and placed in some neighbor's front yard or on the porch.

A few persons found their garden hose in trees. South Main street was barricaded for a brief time by railroad ties stacked up by youngsters.

NIGHT OF PARTIES.

The Eastern Star made merry the occasion with a social at Masonic temple. The hall was decorated with Jack-o'-lanterns, corn stalks and husks, while refreshments of pumpkin pie, coffee and apples were served. A mock initiation was given in which Clyde Summers featured as the victim and was put through a whirl of stunts in the fastest degree ever seen in the hall.

Dances with decorations fitting to the occasion were enjoyed at Danceland, the Glide and the Racco.

In the country most of the schools enjoyed short Halloween parties during the afternoon with a regular program and light refreshments for parents and children in the evening.

Throughout Boise there were numerous Halloween parties at private homes.

CERTAIN CURE FOR CROUP.

Mrs. Rose Middleton, of Greenville, Ill., has had experience in the treatment of this disease. She says: "When my children were small my son had croup frequently. Chamberlain's Cough Remedy always broke up these attacks immediately, and I have never without it in the house. I have taken it myself for coughs and colds with good results."—Adv. T-Th-S.

NO QUININE IN THIS COLD CURE

"Pape's Cold Compound" ends colds and grippe in a few hours.

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all gripe misery goes and your cold will be broken. It promptly opens your clogged-up nostrils and air passages of the head; stops nasty discharge or nose running; relieves the headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute. Adv.

Wouldn't You Like to Get Rid of That Catarrh?

Well, here is your opportunity. I am going to give away, during the next ten days, two thousand packages of Gauss Combined Treatment to those who need it, and if you want relief, sign the coupon at the foot of this notice, and the free package will be forwarded to you at once by parcel post.

I want to prove to you that Gauss Combined Treatment will relieve your catarrh. The method is effective, because it strikes at the root of the trouble and gives permanent relief by removing the cause. This is the only correct way to treat catarrh and if you want quick and lasting results, send at once for the free package. Fill out the coupon below and package will be sent to you by return mail.

FREE This coupon is good for a package of GAUSS COMBINED CATARRH TREATMENT, sent free by mail. Simply fill in your name and address on dotted lines below, and mail to C. E. GAUSS, 3270 Main St., Marshall, Mich.

HALLMARK

What store-service means

It means honest merchandise.

It means courteous, personal service for every customer.

It means fair treatment in prices.

It means executing orders promptly and carefully.

That is the sort of store service we believe in and practice.

The growth of our business proves that these ideals are appreciated by our customers.
