

SUBSTITUTION BY OUR ALLIES NOT ADVISABLE

Federal Food Administration Points Out Why People Should Use Corn Meal Instead of Wheat.

Largest Pack of Canned Corn Since 1912 in Country, Says Bicknell and Will Be Available in Future in Quantities.

European nations are already using from 20 to 50 per cent corn. Corn meal cannot be shipped without spoiling. There are no mills in Europe to grind whole grain. Flour must be shipped from here. Corn bread cannot be baked successfully in bakeries on which European people depend almost exclusively.

Canned corn should be available in large quantities to the consumer this winter as it is predicted the total pack for 1917 will reach 11,000,000 cases, the largest since 1912, according to an announcement made by the U. S. food administrator R. F. Bicknell, food administrator for Idaho. In 1914 the total was 9,219,950 cases and in the view of the administration the large pack this year should place canned corn on the list of food products to be obtainable at reasonable prices.

WHY NECESSARY SUBSTITUTE.

Concerning questions asked by persons who have been asked to pledge themselves to follow the directions and advice of the administration, as to why it is corn and other foodstuffs which the administrator asks them to substitute for wheat are not shipped to our allies that they may make the substitution the administration has issued the following:

"Many persons when asked to sign the card pledging themselves to follow out the directions and advice of the United States food administration in the matter of food use, have raised the question of why it is that corn, potato flour and other foodstuffs which the food administrator asks them to substitute for wheat, are not shipped to the allies so that they may make the substitution, thereby making it unnecessary for the American public to cut down on their wheat consumption. The answer to this objection is contained in this statement issued today by the United States food administration. Attention is called to the fact that European nations are already using from 20 to 50 per cent of corn, potato and the other adulterants in the manufacture of their daily bread. The British government requires a 50 per cent adulteration in all wheat bread and will permit a maximum of 50 per cent. Adulteration beyond 50 per cent it has been found, does not make a healthful loaf.

MEAL DOES NOT KEEP.

In the case of corn, it is pointed out that this commodity in the form of meal cannot be shipped because it would spoil in transit. As to the whole grain there is the objection that the people on the other side have no mills in which to grind it. Furthermore, cornbread cannot be baked successfully in bakeries, on which European people depend almost exclusively for their bread. In addition it does not keep well, and with the dearth of paper in Europe, it would be difficult for purchasers to carry it home.

More than one-tenth of our population is foreign born. Over 25,000,000 came to the United States during the last century.

Fresh From the Oat Fields

A breakfast of Sun-ripe Rolled Oats takes you right into the sun-bathed valleys where they are gathered. Their natural goodness is retained. Just try—

for tomorrow's breakfast and see if you would have any other kind. It's different—it's better than the ordinary run of cereals. Buy a package today.

PROPOSE TO SEND SONG BOOKS FOR IDAHO SOLDIERS

Plan Adopted by Colorado Advertising Club May Be Adopted in This State for Benefit of Troops.

Idaho through some of its organizations may supply its sons now in cantonment camps or in France bearing arms for their country with song books, containing the patriotic songs of the allied countries banded together in the present war determined to defeat Germany, and the Boise Advertising club may be that organization. One of the members of the club is in possession of a copy of the song book adopted by the Colorado Advertising club, 10,000 of which were forwarded to the Colorado "Samurais."

When Henry P. Davison, head of the American Red Cross, was in Denver recently, he publically read a cablegram from Paris asking the Red Cross to send a large number of song books. He stated that this was not a part of relief work and therefore the request could not be granted. However, Colorado, saw that it was so far as their own sons were concerned.

"OFF TO FRANCE."

It is held that men under arms are cheered by singing more than any one thing else. The book adopted by Colorado and now proposed for Idaho has many popular airs within its covers. It is a real "hip pocket" edition. Under the caption, "Off to France," the following verse appears in the song book:

We're needed now in Europe, and we plan a little trip. We do not dare to give the date or mention name of ship. We'll take a loaf of bread with us, for rations while we're gone. And Hoover will be pleased with us, because it's made of corn. So we must go away. We're off for France today. We're going to take a little chance for the U. S. A. We're going to take a little chance. We're going to try a little run. To get our duty done. To have a little fun. We mean to clear it up, an' cheer it up, and then come home.

AMERICAN CASUALTY LIST IN WAR ZONE IS STILL MOUNTING

Washington, Nov. 9.—The mounting American casualty list since the first German torpedo struck the side of a United States patrol boat in the war zone had today reached 81 killed, 10 wounded and 17 taken prisoner or missing.

The sinking, Oct. 15, of the transport Antilles, with loss of 43 Americans among the 67 who perished and the Nov. 3 trench raid, in which three Americans were killed, five wounded and 12 captured, are the most memorable losses so far.

However, sinking of the patrol boat Alcedo, on Monday, with 21 members of its crew, is regarded as another costly naval loss.

Two transports have been hit by German torpedoes, the Finland on Oct. 29, with eight drowned and one man unaccounted for being the second.

The latest loss of Americans occurred when the steamship Rochester was torpedoed with death to four on board and four missing.

ORDER ISSUED FOR DARKENING OF THE GREAT 'WHITE WAYS'

Washington, Nov. 9.—Fuel Administrator Garfield this afternoon issued his order darkening all advertising "white ways" in the country before 7:45 p. m. and after 11 p. m. Advertising signs burning electricity made from coal or coke may remain lighted between these hours. Future total elimination of such "non-essential" lights was predicted if necessary to save more coal.

NEGRO TROOPS MAY BE DENIED FREEDOM OF CITY

Montgomery, Ala., Nov. 9.—Negro troops encamped here probably will be denied freedom of the city as a result of a near riot last night. A spark would cause trouble today. The trouble started when a negro chauffeur ran down a white woman last night. The report was carried to the negro theater district that a mob was preparing to lynch the negro. The negroes rushed from the theaters and took the negro chauffeur from the authorities.

WILL TRY TO REVIVE BOXING IN NEW YORK.

New York, Nov. 9.—Another fight will be made for boxing in the New York legislature this winter. Assemblyman Martin G. Cae, formerly a featherweight boxer, is now at work framing a bill, he said today, and will present it at the next session, which convenes Jan. 1. He declined to discuss his objects, but declared a majority of both houses are in favor of boxing.

WOULD ABOLISH HOLIDAYS.

Chicago, Nov. 9.—Abolition of the practice of observing primary and election days as holidays was urged today by the Chicago bureau of public efficiency, in formal recommendations to city, county and state officials. The bureau declared that the practice resulted in an unnecessary suspension of business, and charged that it had its origin in a desire to release office holders for political activity.

The Little News of Boise

SEEKS MISSING HUSBAND.

Mrs. A. W. Allyn of 27 West Delaware avenue, Pennington, N. J., has written the head of the Boise police department to aid in a search for her husband, Armand W. Allyn, who has been missing since July 24, 1917. She writes he is somewhere in the west and she is heart-broken because of his disappearance. She described him as being five-foot nine inches in height, weight about 185 pounds, having brown wavy hair, blue eyes, clean shaven and 27 years of age.

ARMY OFFICER A VISITOR.

Lieutenant F. H. Hite, Company A, 129th machine gun battalion, U. S. A., located at Fort Sill, Okla., is visiting his uncle, Dr. E. R. Maberly for a few days.

BOISE MAY HAVE CAVALRY.

An army officer, who recently visited in Idaho reports that there was talk among the officers of the cavalry of being removed from Cheyenne, Wyo., to Boise, for the winter. Need of proper stables for stock and a milder climate in which to winter, were the causes assigned for the probable change.

VOLUNTEER FIREMEN'S SOCIAL.

The Volunteer Firemen's association will celebrate the sixth anniversary of its organization this evening at the old Elks' hall, Idaho and Seventh streets. The program will begin about 8:45 o'clock and will be followed by dancing and a supper. The sons and daughters of the members are permitted to bring their escorts. H. L. Cline, Ed H. Peasley, Thomas P. Woodcock and Sherman G. King compose the committee of arrangements. Among the members who will be present are some who belonged to the volunteer fire fighters of the city when the company was first formed over 40 years ago.

TO OBSERVE RALLY DAY.

R. C. Chambers, district president, and several other representative men of the Reorganized church, will be in Boise Saturday and Sunday. Services will be held in the G. A. R. hall, in the upstairs auditorium on Saturday evening at 8 o'clock, also during the entire day on Sunday. On Sunday evening the services will be held at 7:30 in the lower hall.

ASH VERSUS ASH.

Ola Gay Ash versus William Lewis Ash is the title of a divorce suit filed in district court today in which the plaintiff asks a decree upon the grounds of desertion. She also asks that she be restored to her maiden name of Ola Gay Wolford. The couple were married at Pocatello in October, 1909.

SEEKS DIVORCE.

Gertrude Daly has filed suit in district court asking for divorce from Fred W. Daly on the ground that he was convicted of a felony and further because of non-support. The couple were married in Boise in October, 1911.

BABY DAUGHTER ARRIVES.

A daughter was born at St. Alphonsus hospital today to Mr. and Mrs. C. B. Beemer of Boise.

WANTS LATAH'S TAXES.

The state auditor's department is anxious to secure a settlement with Latah county over the taxes it owes the state amounting to \$388.45 and has so written County Auditor Estes to that effect. It is the only county that has not paid up as yet.

VISITS STATION.

While in northern Idaho, Dr. E. A. Bryan, state commissioner of education, visited the experimental station at Sandpoint and reports received at the state department of education indicate he was pleased with conditions as he found them there.

TO GO TO WASHINGTON.

Miss Gladys Anderson, stenographer in the governor's office, has passed the civil service examination, and leaves soon for Washington to take a position with the government.

PERSONALS.

A. R. Holverson was in the city today from Melba.

Mr. and Mrs. S. C. Davis and Mrs. M. Poole are guests at the Grand. They arrived Thursday evening from Jordan Valley.

John Linsberger is visiting in the city for a day or two. His home is at Sweet.

M. L. Cate is here from Mountain Home on a brief visit.

Mr. and Mrs. A. G. Breidstein are down at the home of Mrs. S. E. Vance, spending a few days at the Bristol.

J. W. Blackburn has returned to Pocatello after spending a day or two in Boise.

E. L. Davis is in the city from Oia to spend a few days.

Miss H. Campbell of Arco is visiting friends in Boise.

George A. Hartman, Jr., and wife and Mrs. J. H. D. Gray are in the city from Pendleton visiting C. B. Sampson. Scott Ross, of Paris, Ind., is spending a day or two in Boise.

Mrs. S. Johnson of Sweet and Mrs. Amy Smith of Emmett are shoppers in the city.

William Hardiman of Oreana came in Thursday night and will spend a few days here on business.

Mr. and Mrs. C. R. Davis of Horse-shoe Bend, are guests at the Idanha.

Charles Whittle, of Rupert, is transacting business in the city.

N. C. Swain has returned to Mountain Home after a brief stay in Boise.

Mrs. W. D. Garlock, who has been a guest at the home of Mrs. S. E. Vance, has returned to Coalinga.

Mrs. Flora P. St. Clair left Thursday night on her return trip to Oakland, Cal. She has been visiting her nephew, Karl Paine.

J. W. Mitchell has gone to Dillon, Mont. to look after his land interests.

Mr. and Mrs. C. G. Nelias of Picabo, who have been visiting in Boise for several days, left for Portland Thursday evening.

J. T. Pence has returned from a short legal business trip to New Meadows.

John Glenn of Boise from Garden valley for a few days visiting friends.

Mrs. William Leonard and children of Fairfield, are guests in the city.

Approved list for service in the national war work council of the Y. M. C. A. during the war. His actual appointment is expected from San Francisco headquarters at any time. Mr. Bissell, feeling it was his duty to enter the war, offered his services. The New York officials seeking men for the service had 6000 applications.

SEEKING DRIVER.

E. S. Delana, prosecuting attorney, is trying to find the driver of the hay rack who witnessed the accident last Friday night when J. A. Flood of Meridian was fatally injured on the Fairgrounds road just west of the city. He is attempting to find as many witnesses to the accident as possible.

FOR FAILURE TO PROVIDE.

Failure to provide are the grounds cited by Mary Van De Bogart in her suit for divorce from Maurice Van De Bogart. The couple were married in Washington in July, 1915.

STUDENTS PARADE TONIGHT.

As a forerunner of the Boise-Caldwell high school football game tomorrow, the students of the Boise high school will stage a serpentine tonight through the principal business streets of the city. A "Dutch" band will head the procession. Roland A. Hawes and Paul Reynolds, who have charge of the affair, promise that the students will let the people of Boise know they are out.

SURVEYORS GO NORTH.

J. P. Davis, a government surveyor, leaves tonight for Lewiston to survey an island in the Snake river. Saturday Harvey G. Bardsley, goes to Wallace to make some mineral segregation surveys. These surveys will be the first made in Idaho under the new law by which the government surveys the mineral lands without cost to the claimant.

FEW CARS ARRIVE.

Inquiry at the public utilities commission shows that the railroad has not filed a similar complaint with that body. The commission was notified, however, by the Short Line that 18 refrigerator cars had been received in the state Thursday and were being diverted to various points for loading.

The continued fair weather is greatly helping out the shippers. They are able to save more of their crops than was at first anticipated and if the weather continues they may be able to get loaded much more product than they at first expected.

Discouraging reports with regard to the potato crop continue to come in from the potato belt in the southeastern part of the state. Potatoes lost this year in that territory alone will amount to thousands of dollars. Commission men familiar with the potato situation declare they would not be surprised if the spuds went to over \$3 a hundred late this winter.

BELIEVES RUSSIA WILL ABIDE BY HER HONORABLE PLEDGES

London, Nov. 9.—"I will continue to believe Russia will abide by her honorable pledges, until I am convinced to the contrary," declared Lord Robert Cecil, minister of blockade in his weekly interview with the United Press this afternoon. The statement was in answer to a question as to the possibility of Russia making a separate peace.

"Conversations with the American mission," Lord Robert continued, "have been stimulating."

GREATER AVIATION PROGRAM PLANNED

Washington, Nov. 9.—Preliminaries for a greater aviation program when America's \$40,000,000 aircraft fund is exhausted are under consideration today. What the United States must do to rival allied air supremacy will be outlined at the Paris conference, after which the new program will be formulated. If necessary, 50,000 planes and 100,000 motors can be produced in this country during the last six months of 1918. It was officially stated this afternoon.

CIRCUS CAMEL MASCOT OF AMERICAN OFFICERS

General Headquarters, American Expeditionary Force, France, Oct. 28. (By Mail)—Emancipation has come to Mabel through the benevolence of a dozen American officers attached to general headquarters. Mabel is a lady camel, the veteran of ten seasons of circus parades and two shows a day. Today her name is Camelflage, the well-fed, stately mascot of her owners. A circus went broke in this town in the summer of 1914. When the animals were on the block at auction a local drayman saw possibilities in Mabel. Since then she has been hauling dirt through the streets and jangling for the odor of tan-bark. One of the first things the American officers are planning on Mabel's behalf is a series of baths in some strong liquid. These will restore the fur to the naked patches on her exterior and kill off the things that bite. When it came to choosing a name for the new mascot, there were those who wanted to call her Piffle. But that name was overruled because Mabel that was, or Camelflage that is, knows nothing of American prohibition or politics.

CARD OF THANKS.

We wish to thank our many friends, the Altar Society of St. John's Parish and the good gentlemen who acted as pall bearers, for their kindness and loving sympathy during the bereavement and death of our beloved husband and uncle, Mr. Joseph Charbonneau. MRS. NELLIE CHARBONNEAU. GEORGE J. SWEETMAN.

NO COMMISSION FIENDS.

When you buy your piano or player at Sampson's you are paying no teacher or neighbor a commission for swinging a deal or recommending our instruments. The purchaser always pays the commission in the end. We employ no commission fiends in various neighborhoods to steer trade to our store. Our business was built up on the merits of our instruments, on our prices being right and our contract the fairest. Your Liberty Bonds will be taken at face value plus 4 per cent interest as full payment or part payment on any instrument. **SAMPSON MUSIC CO.** Largest Music House in the State. 913 Main St. Boise.

MISUSE OF CARS IS CHARGE SHORT-LINE AGAINST SHIPPERS

State War Council in Receipt of Complaint From Knickerbocker—Rolling Stock Being Held Up.

A new side of the car shortage situation developed today with the complaint of F. H. Knickerbocker, transmittor through Joel Priest, Idaho agent of the Oregon Short Line railroad, to the effect there was constant misuse of cars for shipping purposes in that they were being held longer at points of loading than was necessary. The railroad complains this is true of loading stations such as Burley, Buhl, Parma, Meridian and Payette. The war council is asked to correct the matter if possible and call it to the attention of growers and shippers.

It is claimed by the railroad that cars were held at Burley, for instance, four days longer than was necessary, while at other points shippers were delaying getting the cars in transit and thereby holding up other empties ready for loading.

FEW CARS ARRIVE.

Inquiry at the public utilities commission shows that the railroad has not filed a similar complaint with that body. The commission was notified, however, by the Short Line that 18 refrigerator cars had been received in the state Thursday and were being diverted to various points for loading.

The continued fair weather is greatly helping out the shippers. They are able to save more of their crops than was at first anticipated and if the weather continues they may be able to get loaded much more product than they at first expected.

POACHER MAY HAVE COMMITTED MURDER IF REPORT CORRECT

Forest Ranger Found Dead by Body of Moose—Was Shot Through Back—Department Investigates.

Murder may have been committed in the big game hunting grounds of the southeastern part of the state near Victor, if reports received here are correct. The report is to the effect that the body of a forest ranger named Nord was found near Tetonla. He had been shot through the back. Near the body was a dead moose. A poacher may be the guilty party. Sidney Whitehead, deputy state game warden for the southeastern part of the state, is making an investigation and will report his findings to the fish and game department.

KILLED ABOUT SAME TIME.

Nord had been dead for two or three days. It is supposed that while engaged in his duties on the timbered range, he ran across a poacher who had killed a moose and that the hunter had attacked him from behind, killing him by shooting him through the back. A careful examination of the premises is being made by the deputy state game warden. It showed that the man and moose had been killed at about the same time. The poacher had an excellent opportunity to get away but every effort will be made to apprehend him.

This is the first serious crime of a similar nature that has taken place in the eastern Idaho big game belt for some time. For years, however, poachers have been active in the game belt and there has been constant trouble with them. The Idaho laws provide a heavy penalty for killing big game out of season.

CLOSED SEASON ON MOOSE.

The state game department is not in receipt of information regarding the shooting. With Deputy Whitehead making an investigation, however, it expects to receive the full particulars later. Chief Clerk Cliff stated that this is the first time that he can remember of a fatal shooting of the character reported. There is a continuous closed season on moose in this state he says.

THOUSANDS OF CARS NEEDED TO MOVE GREAT POTATO CROP

Chicago, Nov. 9.—More than 750,000 cars will be needed to move the present potato crop—the biggest in the history of the country—according to a statement by the commission on car service of the railroads war board today.

Reports to the commission indicate that the crop will total 453,000,000 bushels or about 50 per cent more than last year. The movement began in September and will continue until about April of next year.

COMMISSIONER TO RETIRE.

New York, Nov. 9.—Police Commissioner Arthur Woods today announced he would leave office with the Mitchell regime, Jan. 1. Thomas F. McAvoy, Tammany leader, still appears to be first choice for the place. Charles F. Murphy of Tammany hall, left today for French Lick springs, Ind.

DEATHS.

M'CLELLAN—The funeral of Stephen McCellan will be held Saturday afternoon at 2:30 o'clock at the Fry & Summers chapel. Dr. R. M. Donaldson will officiate and burial will be in Morris Hill cemetery. The funeral will be by automobile.

RINGENBAUGH—Manuel Ringenbaugh, an aged mining man, died Thursday at a Boise hospital. Miner's consumption was the cause of his death. He had made Boise his home for more than 20 years but spent most of his summers in the hills prospecting. He was a member of Boise Camp No. 120, Woodmen of the world. Relatives in Council survive him and funeral arrangements will not be made until their arrival. The body is at the Schreiber & Sidentaden morgue.
