

DRAFT BOARDS START SECOND CALL FOR MEN

Preliminary Step Taken by Mailing Out First Installment of Questionnaires to Registrants.

Ada County Order Numbers From 3 to 64 and Boise City From 1 to 70 First to Go Out—Draft Men Cautioned to Read Rules.

The preliminary step to put the second draft into effect in Idaho was taken today when local or county and city exemption boards mailed out the questionnaires provided for under the new regulations to registrants.

Only the order number list is posted for the information of registrants showing the questionnaires are not included. The names of registrants are not included. They can be ascertained by inspecting the lists with the two boards.

REGISTRATION RULES FIRST. Registrants are cautioned, on receiving their questionnaires to turn first to page two and three and carefully read the general rules governing the answering and filing of all questionnaires.

NOTICE POSTED. Any person desiring to claim a deferred classification by either local or district board on any ground in respect of any registrant designated herein, may, within seven days from the date hereof, and not later, submit his claim to this local board accompanied by such affidavit evidence as such person may desire to have considered.

Such claims either by a registrant or by another in respect of any registrant may be submitted either by entering the same in the place provided on the first sheet of the registrant's questionnaire or by submitting such claim to this board on a duplicate of such first sheet (form 1001-A).

The process of examination and selection of registrants, under these rules and regulations, shall begin by the posting of notice in the offices of the local boards on form 1002, and by mailing a questionnaire (form 1001) to every registrant included within such posted notice, as provided in section 92 hereof; and notice of every subsequent action taken by either the local or district board in respect of each registrant shall be given by entering the classification list (form 1000) in the office of the local board, and in addition to such entries, by mailing to the registrant, and in some cases to other claimants, a notice of such action.

TO POST NOTICES. Whenever a duty is to be performed or a period of time begins to run within which any duty is to be performed by any such registrant, or within which any right or privilege may be claimed or exercised by or in respect of any such registrant, a notice of the day upon which such duty is to be performed, or such time begins to run, shall be mailed to the registrant, and the date of such mailing of notice shall be entered opposite the name of such registrant on

the classification list (form 1000), which is always open to inspection by the public at the office of the local board. In addition to the mailing of such notice to registrants, notice of the disposition of claims made by other persons in respect of registrants shall be mailed to such other persons. Either the mailing of such notice or the entry of any such date in the classification list shall constitute the giving of notice to the registrant and to all concerned, and shall charge the registrant and all concerned with notice of the day upon which such duty is to be performed or the beginning of the running of the time within which such right or privilege may be claimed, regardless of whether or not a mailed notice or questionnaire is actually received by the registrant or other person.

Failure by any registrant to perform any duty prescribed by the selective service law or by these rules and regulations, at or within the time required, is a misdemeanor punishable by imprisonment of one year, and may result in loss of valuable rights and immediate induction of such registrant into military service.

Failure of the registrant or any other person concerned to claim and exercise any right or privilege on the day or within the time authorized by these rules and regulations shall be considered a waiver of such right or privilege, and shall foreclose such person from thereafter claiming the same, subject only to the privilege granted by these rules and regulations to apply for an extension of time.

All registrants and other persons are required and strictly enjoined to examine from time to time said notice (form 1002), so posted by the local board, and the classification list (form 1000) upon which said dates are to be entered, in order to be informed of the time for the performance of any duty, or the exercise of any right or privilege; and it is the duty of every registrant concerning whom any notice is posted, but who for some reason has not received the questionnaire or notice, as the case may be, to apply to his local board for a copy thereof.

Failure to receive notice or questionnaire will not excuse the registrant from performing any duty within the time limit, nor shall it be in itself ground for extension of time.

IDAHO BOYS NOW PRIZES AWARDED AT CAMP MERRITT

Erroneous Reports Circulated About Boys Freezing or Short on Blankets—Governor Notified.

Idaho troops remaining in this county are comfortably housed in barracks at Camp Merritt, N. J., and reports circulated to the effect they are cold, hungry or not properly provided for are erroneous.

Governor Alexander is in receipt of a telegram from Lieutenant Louis Doblin, a member of his staff, stationed at New York confirming this.

Dispatches were recently printed and appeared in Oregon papers to the effect that the troops at Camp Mills, particularly those of Oregon, were without blankets and suffering from the freezing weather.

Governor Alexander promptly wired Lieutenant Doblin to ascertain the true facts and in reply received the following telegram:

Rumors unfounded. Have transferred all Idaho troops to Camp Merritt, New Jersey, where they are housed in steam heated barracks. Visited Camp Mills. Only 150 Idaho men left to guard camp. Have four blankets on each cot and men perfectly satisfied. None on the sick list.

MONTOUR HAS A GOOD COAL PROSPECT

Montour, Ida., Dec. 15.—Editor Capital News: I note your editorial relative to the development of coal in Idaho.

Would call your attention to the fact that there is an excellent prospect within about one and a half miles of Montour.

This coal has been used locally by a number of people for 20 years or more. At the opening of the townsite here in 1912 there was several wagonloads of it on exhibition and was inspected by many people.

There has never been any effort made to develop it. This coal was taken from very near the surface and while it burns freely and gives good heat it is not of the best grade.

It would seem that the matter is worthy of consideration and it should be prospectively by competent coal mining men. It is possible that with greater depth and pressure a quality could be secured equal to some of the grades now used in this section.

The vein is said to be seven feet in thickness and is about one and a half miles from the railroad and 30 miles in an air line from Boise.

Would you please place this matter before your Commercial club or some one else who might be interested. READER.

STOLEN CAR FOUND; TWO BOYS ARRESTED

The Ford car, owned by A. M. Monteith, which was stolen from in front of the Pinney theater on the night of Dec. 8, has been located at Rupert, where it was found in the possession of Wellington Trohi and Dean Coughman. The young men are under arrest there charged with the robbery of the Red Cross drug store.

Sheriff Post, in telephonic communication today with Rupert, learned that the stolen car was the one wanted here and that one of the boys was Dean Coughman, who had run away from Boise on the night of Dec. 8 and whose mother had appealed to the authorities to locate him.

BOYS AND GIRLS OF THIS COUNTY

"Achievement Day" Results in Distribution of 55 Premiums Including Cash to Contestants.

"Achievement day" was observed Friday afternoon at the house of representatives in the statehouse annex when 55 Ada county boys and girls and three local club leaders were awarded prizes and achievement medals.

The awards were made by the state leaders in charge of club work for the University of Idaho extension division. Miss Lulu E. Vance, county superintendent of schools presided, and Governor Alexander was the principal speaker.

Many club members made oral reports. Carsonna Lawrence, the 11-year-old girl from Star, won the \$100 prize offered by the Oregon Short Line for the best pig feeding in Idaho club work this year.

Miss Z. Fay Fowler, assistant state club leader, summarized the club work for Idaho this year. Her report showed that the number of finished club projects has more than doubled this year over last while the percentage of finished projects has increased about 60 per cent.
