

DISBARMENT PROCEEDINGS FILED IN COURT

Committee of Ada County Bar Association Asks the Name of Charles Clifton Be Stricken From Roll.

Not Only Charge Accepting Fee for Helping With Questionnaires Made, but Allegations of Disloyalty Placed Against Him.

The supreme court has been asked to disbar from the practice of law in this state, Charles Clifton, a Boise attorney, on the grounds he violated the president's request in that he charged fees for assisting registrants make out their questionnaires, as well as has on numerous occasions shown his disloyalty by declining to contribute to the Fund Cross, Y. M. C. A. and liberty loan and resorted to disloyal utterances regarding participation of this country in the present war with Germany.

The charges were placed against Clifton before the supreme court late Thursday by the special committee named by the Ada County Bar association, Frank Martin, Karl Paibe, R. L. Givens, D. R. Brink, R. S. Delana and J. T. Pence. They were reviewed today. It was generally known among attorneys Thursday night of the action taken by the committee.

INVESTIGATION ORDERED. Clifton came into prominence when the chairman of the city exemption board announced charges had been preferred against attorneys taking fees for assisting draft registrants, and named Clifton. The Ada County Bar association met later and recommended that Clifton be disbarred from professional conduct. Clifton admitted taking the fees but claimed it was only for notary and clerical assistance. The association appointed the above committee to make an investigation into the charge and take action.

This committee found that at least two registrants had been charged fees by Clifton for assisting with the questionnaires. The affidavits of the registrants are attached to the petition for disbarment. The committee sets forth and attaches the signatures of its members to the following charges and citations of disloyalty against Clifton in the petition:

INCIDENTS RECITED. "We charge that the said Charles Clifton while engaged in the practice as attorney at Boise, Idaho, during the latter part of December, 1917, charged for his services rendered registrants under the selective draft and particularly that on or about Dec. 20, 1917, he charged one Charles Schmidt, a registrant under the selective draft, for assistance rendered him in the preparation of his questionnaire, and collected said amount; a copy of affidavit of said Charles Schmidt setting out more fully the facts with reference thereto is hereto attached and made a part thereof.

"We charge that on or about Dec. 27, 1917, and while practicing as an attorney in said Ada county the said Charles Clifton charged one Henry Rogers, being a registrant under the selective draft, the sum of \$1.50 for rendering assistance to him in the preparation of his questionnaire and that he collected said amount; a copy of affidavit of said Henry Rogers setting out the facts more fully and in more detail is hereto attached.

"We charge that throughout the latter part of December, 1917, while engaged in the practice of his profession at Boise, Idaho, the said Charles Clifton was guilty of unprofessional conduct, violated the laws of the state of Idaho, the ethics of the profession and his duties as a member of the bar and an officer of this court on divers occasions, the exact time, instance and person being unknown to your petitioner, in this:

Carter, solicitors of the first Red Cross drive, the said Clifton stated that he was opposed to the selective draft and opposed to the war and would do nothing to aid in its prosecution; that he would not subscribe to nor aid any person or any enterprise that has for its object the promotion of the selective service draft, nor would he aid or assist in any of the war activities or enterprises, nor subscribe to the Red Cross nor any other fund that has to

COUNCILMAN HOOVER LINING UP AFFAIRS IN HIS DEPARTMENT

Edgar M. Hoover, councilman in charge of the street department, has installed a card system for keeping the time of city employees. This will show the total time employed each day and a distribution that will give the number of hours on each place or division of work.

Mr. Hoover points out that a day's work for the city means eight hours on the job and not 15 minutes or an hour getting ready to work. He is now busy taking an inventory of all the property in his department and its condition. Care is to be taken to prevent loss and unnecessary damage.

At present, the new councilman states, there will be no changes in employees but the basis on which a man can hold his job is to give the city eight hours honest work for a day's pay. He declares he has no political leanings to pay or no favorites and wants the co-operation of every man who draws pay in his department to help make the entire system efficient.

During the winter months and in the spring the street department will have its most difficult period and Mr. Hoover announces that he will welcome friendly criticism by any citizen who has a practical idea to suggest for the betterment of the streets.

M'ADOO GIVEN ASSURANCE OF CO-OPERATION

Idaho Public Utilities Commission Heartily Back Director General in Handling Railroads.

Demurrage Tariffs Changed to Get Rolling Stock Out of Way—All Free Time in Excess of 48 Hours Now Withdrawn by Bureau.

Idaho's public utilities commission has heard from Director General W. G. McAdoo, in charge of the great carrier systems of the United States by virtue of appointment of the president. He directs the abrogation of all former demurrage rates and the filing of new ones limiting the free time for cars to stand to 48 hours. He also authorizes other changes. Director General McAdoo wants the cars to move over the railroads of the west without unnecessary delay so that the business of the war can be carried on with as great dispatch as possible.

In a telegram to the commission M. W. Rothford, manager of the Western Demurrage company, says in part: "Will your honorable commission permit carriers operating in your state to publish demurrage tariffs applicable state effective Jan. 21 on one day's notice carrying changes in demurrage rates as covered by interstate commerce commission, fifteenth section, order No. 225, dated Jan. 5, which is based on order No. 3, issued by Director General McAdoo and which directs carriers to file such tariffs with various state commissions?"

WIRE FROM DIRECTOR GENERAL. Director General McAdoo wired the commission as follows:

"I beg to call your attention to the demurrage order just issued, an order imperatively demanded as a war measure. The country is suffering from congestion due to a failure to unload cars and unless each shipper directly concerned gives definite help and co-operation the evil cannot be redeemed. You can be of great service in this behalf. I have been much gratified at the assurances of general co-operation received from state commissions and from President Niles and Mr. Elmqvist, their representative in Washington and I take the liberty therefore of asking your fullest aid and co-operation in the enforcement of this order."

The commission assured Director General McAdoo of its hearty co-operation.

NEW TARIFFS FILED.

The Intermountain Demurrage bureau which filed tariffs covering demurrage charged by the Oregon Short Line and other carriers filed its new rates with the commission covering demurrage in Idaho territory. These are to the effect that after the expiration of free time allowed the following charges per car per day or fraction of a day will be made until cars are released: \$3 for the first day, \$4 for the second day, \$5 for the third day, \$6 for the fourth day, \$7 for the fifth day, \$8 for the sixth day, \$9 for the seventh day and \$10 for the eighth day.

All provisions for free time in excess of 48 hours are withdrawn.

QUIT SPEEDING, DIM LIGHTS AT NIGHT

The recent death of an Ada county pioneer, and the increasingly dangerous liability of further serious accidents from automobile speeding on county roads, has resulted in numerous complaints and petitions being presented to the Ada county board of commissioners, notably one from the Valley View Literary society, signed by 34 citizens of the Ustick district, and other residents, requesting automobilists to dim their lights before passing vehicles when using the county roads at night. The commissioners state they are in thorough sympathy with the objects of these petitions; strongly condemn the speed mania manifested and earnestly call upon all citizens using the county roads, to dim their lights when passing other vehicles at night.

LABOR UNIONS ASK REMOVAL OF COMMISSIONER

Idaho Falls Local Wires Governor Alexander Calling for Action Against Majority Members.

PETITION FROM IDAHO FALLS.

"We ask removal of majority members from industrial accident board, charge flagrant violation of intent of law. Rulings of board injured workmen.

IDAHO FALLS CENTRAL LABOR UNION. J. C. DAHLKE, President.

Protests from locals of the State Federation of Labor calling for the removal of a majority of the members of the compensation board are beginning to come into the governor's office. The above was received today.

ISSUE AT WALLACE.

That the State Federation of Labor, which meets in Wallace on Monday, will press out the situation with reference to Idaho's workmen's compensation commission, is the belief of labor leaders here. The filing of charges with Governor Alexander by the executive board asking for the removal of the president of the commission because of his candidacy for United States marshal, which is alleged to be in violation of the law itself, and an alleged political trade, therein referred to, is taken as a forerunner that the labor representatives at their conference next week will press out the matter thoroughly.

NO ACTION BY GOVERNOR.

Governor Alexander has not as yet taken action on the petition for removal before him. The wording of this petition, while condemning the action taken allowing casualty surety companies to compete with the state insurance department which it is claimed is against the interest of labor, indicates the labor leaders are centering their fight on the chairman of the commission and not the other two members.

It is held in the petition that the rulings of the board in letting the casualty companies in an effort "has been made to deal to the state fund almost a death blow in that it has made it a competitor against irresponsible solicitation which will not even stop short of falsification and has transferred the burden of expense upon the state which is clearly against the intention of the legislature.

"Therefore we, the executive board of the Idaho State Federation of Labor, do hereby enter our most solemn protest against this violation of both the letter and the spirit of this law whose enactment was so earnestly sought by us for the benefit of the workmen of this state."
