

AVE WAY FOR THE REORGANIZATION OF STATE MILITIA

Bill Introduced in House of Representatives Accepting the Terms of National Defense Act.

POWER GIVEN GOVERNOR

Chief Executive Authorized to Reorganize National Guard—Want Indian Day Observed.

The way was paved in the house of representatives today to reorganize the National Guard of Idaho by accepting the terms of the national defense act and authorizing Governor Davis to take such steps as are necessary to provide the state with a regiment to replace the old Second Idaho, which went to France, merged into other fighting units, all of which gave an excellent account of themselves in defeating the Hun.

A measure was also introduced to create a bureau of mines under a state board of control, to provide an annual state levy for the support of the common schools, making it a misdemeanor to issue checks when an account is overdrawn, to give relief to the First National bank of Moscow and the Phoenix Lumber company, to give independent school districts power to issue funding bonds.

A communication from Chief Red Fox Skinkusha of the Yakima Indian reservation asks the legislature to designate the fourth Saturday in September as "American Indian" day.

TERMS OF DEFENSE ACT.

The defense act contains the following provisions: "No person shall be commissioned as an officer of the National Guard unless he shall have been selected from the following classes: Officers or enlisted men of the National Guard; officers of the reserve or unassigned list of the National Guard; officers, active or retired, and former officers of the United States army, navy or marine corps; graduates of the United States military and naval academies and graduates of schools, colleges and universities where military science is taught under supervision of an officer of the regular army.

"No person shall be selected as an officer for the technical branches and staff corps of departments unless he is specially qualified for duty therein.

POWER GIVEN GOVERNOR.

"In order to receive recognition for the state militia or the National Guard of the state from the federal government and the benefits of financial cooperation therefrom, the governor, as commander-in-chief, is hereby authorized to provide for the enrollment, equipment and discipline of the militia and the National Guard, and at any time to organize or reorganize the same, in strict conformity with the laws of the United States, and in force of hereafter enacted, and the regulations issued thereunder, notwithstanding any provision of the laws of this state in conflict with such laws and regulations.

WANT BUREAU OF MINES.

The measure seeking to create a bureau of mines under a state board of control, to provide an annual state levy for the support of the common schools, making it a misdemeanor to issue checks when an account is overdrawn, to give relief to the First National bank of Moscow and the Phoenix Lumber company, to give independent school districts power to issue funding bonds.

OFFICER TREGASKIS DESERVES CREDIT FOR QUICK POLICE CATCH

Big, good-natured Vern Tregaskis is entitled to much credit for the speedy way in which he rounded up Wong Ting Park, alias "Billy Hang," suspected of assaulting and robbing Wong Hong Saturday night, for just 2 1/2 hours after the crime. Vern had the slant-eyed one behind the bars.

Tregaskis is wise to every move of the denizens of Chinatown, and just how they cover up things and do business, or pull crimes, and after Wong Hong had gone to the hospital, he started over to the Canton cafe, where Wong Ting Park worked. He saw Park's coat hanging on the wall, with blood stains on it, compared it with the pants Park had on, and despite lies of Park that he had been killing chickens,

BAR ASSOCIATION OF STATE HOLDS 1919 CONVENTION

Many Attorneys From All Parts of Idaho in Attendance—Meeting in the Federal Court Chambers.

HOLD MEMORIAL SERVICE

Impressive Ceremony Takes Place in Afternoon at Supreme Court—Judge Richards in Charge.

The Idaho State Bar association met this morning in the federal court-room in its biennial convention, 22 members from various parts of the state being in attendance and answering to roll call when the meeting began at 10 o'clock. J. H. Hawley, president of the association, presided.

The morning was largely taken up with organization and routine work. A report of standing committees was read to the convention, the committee on needed legislation was instructed to meet and submit a report of its findings at the convention Wednesday morning, and the grievance committee submitted its report. A committee was appointed to consult with supreme court judges regarding the disbarment of attorneys, as was also a committee to revise the constitution. Another committee was appointed to report at the next meeting of the association two years later with reference to the incorporation of the association and providing methods for the disbarment of attorneys from practice.

HOLD MEMORIAL SERVICES.

At 2 o'clock this afternoon, memorial services for deceased attorneys were held in the supreme courtroom, capitol building. J. H. Richards was in charge of the program which was very solemn and beautiful. Tonight at 8 o'clock, James H. Hawley will deliver his annual address as president of the association, after which will follow a discussion of his recommendations.

Wednesday morning, Charles M. Kahn will address the convention on "Law of Community Property," followed by a discussion. The afternoon will be devoted to a report of a committee on codes, and an address on "Proposed Codes" by E. W. Oppenheim. Wednesday night, Hon. Frank Martin will address the convention on "Relief of Supreme Court," followed by a discussion of the address. The convention will close Thursday with a banquet at 6:30 p. m. in the Boise Commercial club-room.

The officers of the association are: James H. Hawley, Boise, president; O. W. Worthwine, Boise, secretary; P. E. Cayne, Boise, treasurer; the executive committee being M. A. Kiger, Karl Payne and Willis Sullivan.

ens, took the man into custody. Later on, Park was found busy washing blood stains out of his trousers and one sock, and trying to remove a stain from one shoe.

Monday afternoon, Tregaskis took the clothes and shoe to the office of the state bacteriologist for examination. The articles will then be remanded to the care of the prosecuting attorney as evidence. The case would appear to be clear against Park, but the county warden is making it strong and settle wince and for all such crimes in parts of the city which harbor criminals and alleged "bad men."

STOP DANDRUFF! HAIR GETS THICK, WAVY, BEAUTIFUL

Girls! Draw a cloth through your hair and double its beauty.

Spend a few cents! Dandruff vanishes and hair stops coming out.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff, is merely a matter of using a little Danderine.

It is easy and inexpensive to have new, soft hair and lots of it. Just get a small bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed, and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will, you cannot find a trace of dandruff or falling hair; but your real surprise will be after a few weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp, and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.—Adv.

DESPERATE CRIMINAL ENDS HIS OWN LIFE

William Vane, North Idaho Man With Long Checkered Career Takes Strychnine in Jail.

Desperate at the certain prospect of facing a long term in the federal prison, having been convicted of two crimes, one of larceny and the other for stage robbery, William Vane, escaped federal prisoner, who was recaptured last Friday, took his own life in the county jail at Newport, Saturday, according to information received here by the federal authorities. While it is not known positive, it is believed Vane ended his life by use of strychnine.

Vane was one of north Idaho's most noted criminals. Wealthy, educated, cunning and having a host of underworld people and gamblers at his beck and call, for years he eluded the federal authorities and special agents placed on his trail, but in 1917 through the confession of an accomplice, it was learned he had planned and robbed a Priest river stage and in April of that year he was convicted of perjury and in May he was tried in Coeur d'Alene for stage robbery but the jury disagreed, but at the second trial a conviction was secured and he was sentenced to six years in federal prison. Two state convictions were also secured against him carrying sentences of from one to 15 years each.

After serving six months of his federal sentence the noted criminal was released on a \$20,000 federal bond and a \$500 state bond. Shortly after his release he was reported to have been drowned in the Pend d'Oreille river, but the federal authorities knowing the man were certain the report was a hoax, began a systematic hunt with the result that last Friday Vane was captured while asleep in a lonely cabin near Bear Lake by Deputy United States Marshal Fred Thorp and Special Agent E. L. Wells.

Vane is survived by his wife and two children, a son aged 21 years, and a daughter, living in southern Oregon.

AMUSEMENTS PRIVATE PEAT WAS TWO YEARS IN HELL AND YET HE SMILED!

Two years in hell with a smile! That is what life in the trenches means, according to Private Peat, to be seen in his realistic photoplay, "Private Peat," a superb special picture, at the Strand theater today for the last time. The photoplay is a splendid picture by Charles Whittaker of "Private Peat," the book which has met with phenomenal sale all over the country.

In this photoplay, Private Peat plays the star part that of a patriotic young man who is forced to retrace a route in order that he may enlist in the army battling for world democracy. His chest measurement is somewhat shy, but when he gets into the trenches "over there" he proves to be big enough to volunteer for a dangerous mission, which results in his being wounded and permanently disabled. However, it brings his sweet heart to his arms and all ends happily for the brave American soldier.

The photoplay is a stirring sermon in the cause of patriotism and loyalty to flag and country. There are numerous battle scenes of remarkable realism, and the story is one of supreme interest in this crucial time of strife against ruthless Hun autocracy. "Private Peat" is an admirable vehicle that serves to introduce a brave fighter to his countrymen in propria persona as it were.

IMMANUEL LUTHERAN CHURCH PUTS BAN ON FOREIGN LANGUAGE

The Swedish Lutheran church of this city will no longer be known by that name. In the future it will be referred to as the Immanuel Lutheran church. This change is made because of the desire of the pastor and congregation that the church no longer continue as a foreign language institution, and as G. A. Herbert, pastor, says: "We are using the language of our own United States exclusively at all services and meetings."

At the annual business meeting of the church held recently, the pastor was instructed, by unanimous vote, to express the thanks of the congregation to the press for publishing church announcements.

If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfills almost every wish in over-coming kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by parcels post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention the Boise Daily Capital News. Large and medium size bottles for sale at all drug stores.—Adv.
