

FIFTH LIBERTY LOAN LIKELY TO COME IN APRIL, SAYS CHAIRMAN

Amount Probably Same as in Fourth One With 4 1/2 Per Cent and Tax Exemption Features.

CALLED THE VICTORY LOAN

Montie B. Gwinn Attended Conference Called by President Lynch of Twelfth Reserve District.

The fifth liberty loan drive will probably come in April. It will be known as the "Victory loan" with an appropriate slogan.

Montie B. Gwinn, governor of Twelfth Federal Reserve district at San Francisco on Jan. 17 and 18, the object being to outline plans for fifth liberty loan, and Louis B. Franklin, national director of war loan organization, came from Washington, D. C., and in his address outlined the following:

"The fifth liberty loan to be called the 'Victory loan' and the slogan will be 'Let's finish the job.'"

CARRYING INTEREST.

"The loan probably will come in April. The amount likely will be six billion—the same as the fourth loan with interest possibly a shade higher or 4 1/2 per cent with tax exemption features, same as the present loan. Probably the issue will be five-year bonds maturing in 1924 and will be floated as a popular loan, the government expecting all the people to take the bonds as a hobby, and it will be the final liberty loan, times payments with initial payment of 10 per cent of subscription. The installment payments will extend over a long period, probably five months. Definite announcements cannot be made as to details because the necessary legislation has not been enacted. The method for figuring quotas for states, cities, counties and towns will be the same as in the last loan campaign so that every subscribed will know that he is expected to subscribe for as much as in the fourth loan."

"An effort will be made to make the people understand that the money which they are going to be asked to subscribe in the fifth or victory liberty loan is for paying off the bills for the preparation which ended the war in 1918 instead of 1919. It resulted in saving the lives of half a million American soldiers, avoided having a million men wounded and saved twenty-five billions in money. The selling appeal for the loan will be—'Where the money went and what it did.'"

PEOPLE WILL GIVE ANSWER.

"That the government's elaborate program of preparedness ended the war a year earlier than was expected will be driven home. By July, 1913, we would have had 4,000,000 men in France and 4,000,000 men in training camps at home, a total of twenty-five millions in money. The selling appeal for the loan will be—'Where the money went and what it did.'"

"The knowledge of what all this would accomplish broke the morale of the German army and people and they gave up. The American people must answer this question: Did our government in contracting this debt for such a purpose act wisely? Was the saving of half a million American lives and a million American cripples worth while? The character of the response

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who hesitantly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves, when need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance: the increase in weight frequently being astonishing.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness, and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright, and pale cheeks glow with the bloom of perfect health.

CAUTION.—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.

STATE LIBERTY LOAN CHAIRMAN

Montie B. Gwinn.

of the American people to our country's call for money to pay the bills will be their response to these questions. The mothers and fathers of the boys who were in the service never will falter in paying for those things which gave them back their boys and any others who may falter in hearing their share of this expense will find themselves outcasts, so the liberty loan organization believes."

PAYETTE COUNTY HAS A COMMERCIAL CLUB

Civic Organization Formed to Mix in Everything Except Religion and Politics to Benefit the Community.

Payette, Jan. 31.—Payette county now has a Commercial club, organized yesterday, that is the only one of its kind in the state if not in the entire west. The real object of the club is to promote the welfare, stimulate the progress and encourage the development of Payette county as a whole.

The new club expects to mix in everything but politics and religion. It will promote good roads, encourage dairying, poultry raising, urge better farming and the keeping of better farms. The club is being established very largely in the interest of the farming industry of this county.

The motto of the club is: "Whatever benefits the farmer, benefits the town." The club expects to advertise the county extensively, and help build up the county in every possible way.

OFFICERS AND DIRECTORS.

Jan. 27, 1910, a meeting was called in Payette for the purpose of organizing a Commercial club that would embrace the whole of Payette county. 135 were present, two-thirds being farmers. It was then decided to organize the club and the following 11 men were elected as directors: C. P. Lattig, North Payette; Ed Harpor, East Payette; Chas. Boulton, Big Willow; Walter Pence, Little Willow; Ross Mason and Bernard Eastman, New Plymouth; D. L. Ingard and H. G. Gardner, Fruitland; R. B. Hurd, Frank Seeley and J. P. Orr, Payette.

The directors met at the Y. M. C. A. yesterday and organized by electing for its officers: J. P. Orr, president; Bernard Eastman, secretary; C. P. Lattig, treasurer. By-laws were adopted. It was determined to fix the initiation fee at \$2, and dues, \$10 per year. Great interest is already being centered in this organization and there is already a large number of members. A strong campaign for new members is to be put on in the near future. It is hoped to swell the membership to fully 700 or more.

Payette is to be the club's headquarters, and nice club rooms are to be fixed up.

Secretary Eastman will devote all of his time to the club's affairs, and will move his family to Payette as soon as he can find a location here. Mr. Eastman is a live wire and will make a very capable and energetic secretary.

The new club is very fortunate in the selection of its first officers and board of directors. They are all active and enterprising, and no doubt the club will wield a powerful influence for the good of the whole county.

WATER USERS TO FIGHT PROPOSED CONTROL BILL COMING UP

The water users of the upper Snake river country are going to fight the proposed state water control board bill to a standstill. A legislative committee composed of John Hart, George E. Hill, John Lee, Parley Davis and John Empey, have been designated to represent the water users of that section before the legislature.

The water users adopted the following resolution: "Resolved, that the water users of the upper Snake river valley, assembled in meeting this 27th day of January, 1910, do vigorously oppose the enactment into law of the proposed bill that was approved at the irrigation congress held in Twin Falls, Jan. 13 to 16, or any other legislation at this time that would take from the various canal companies the supervision and distribution of their water or any other radical legislation seeking to change the present irrigation laws of this state."

Beware of counterfeit fig syrup. Ask your druggist for a bottle of "California Syrup of Figs;" then see that it is made by the "California Fig Syrup Company."—Adv.

STATE COUNCIL OF DEFENSE BILL WILL BE PASSED

Measure Before Legislature Follows Out Suggestion of Government Authorities—Gives Governor Power.

The Idaho state council of defense system is to be revised, given a legal status and made a permanent institution by the legislature for the bill pending before the senate. It is said in legislative circles, will be passed. It follows out the suggestion of government authorities that the state council organization be perpetuated.

The measure is of interest to every war worker in Idaho. It says in part: "A state council of defense may be created at any time of great public need in the national or state interest by proclamation of the governor. The governor may, when he deems it expedient, dissolve the council or cause its activities to be suspended. He may, after any such suspension or dissolution, reorganize it, should he deem it necessary."

"The council shall consist of not more than 50 members, who shall be appointed by and hold office during the pleasure of the governor, and the elective state officers named in the constitution, who shall be members ex-officio. The governor shall make such appointments without reference to party affiliations and the persons appointed shall be representative of the various activities, industries, labor and resources of the state. Women's activities shall be represented as well as men's."

"One of the members of the council shall be designated by the governor as chairman. Other officers shall be elected by the council. The members of the council shall serve without pay, but may be allowed necessary traveling expenses incurred in the actual performance of their duties."

"The headquarters of the said council shall be at the capital, but, with the consent of the governor, the council may establish branch offices elsewhere."

"The council of defense shall have power: "To do all acts and things, not inconsistent with the law, for the protection of life, property and public safety."

"To create relations which render possible in time of need the immediate concentration and the utilization of the resources of the state."

"To correlate, co-ordinate and supervise all of the agencies of the state and all resources and activities of the state in emergency, relief or welfare work."

"To represent and co-operate with the council of national defense and the departments of the national government."

"To co-operate with similar bodies in other states."

"To create subsidiary councils or committees, either within or without its membership, to aid it in the discharge of its duties."

"To organize the state or any county or community into relief or welfare agencies."

"To call on and direct the co-operation and assistance of state and local governmental bodies and officials."

"To adopt such rules and regulations as may be necessary or appropriate for the performance of its duties."

"To hold meetings at such times and places as it may deem expedient."

"To employ a secretary, who shall devote his entire time to the work of the council, and such other employees as it deems necessary."

"During the period of demobilization and post war readjustment the state council of defense shall have the power and duty to initiate and carry on within the state measures to co-ordinate the emergency activities of the state with those of the federal government and other states, to bring about the highest effectiveness within the state in relation to the problems of demobilization and readjustment, and to meet the emergencies arising in the state as a result of the previous existence of war."

"All officers, departments, boards, commissions, institutions and agencies of the state government or of any county or municipality in the state shall co-operate with the council and shall render it such aid and assistance, make such investigations on its behalf, and give it such information as the council may need or require."

"For the purpose of carrying out this act and to meet any emergency calling for the creation of the state council of defense, there is hereby appropriated out of any funds in the state treasury not otherwise appropriated the sum of \$50,000. The state auditor is authorized to issue warrants upon said appropriation for expenditures approved by the state council of defense and audited and allowed by the state board of examiners."

"The board of county commissioners of any county and the governing body of any municipality has power to pay from its current expense fund the necessary expenses of a local council of defense, whenever the same is organized and as long as the same exists at the request of the state council of defense, notwithstanding such extraordinary expense may not have been provided for in the current budget or appropriation."

"If any part or section of this act be declared by the courts to be unconstitutional or invalid, the same shall not affect the validity of the act as a whole, or any part thereof which can be given effect without the part so declared to be unconstitutional or invalid."

PARENTS TO HAVE SOMETHING TO SAY ABOUT MARRIAGE

Senator Robertson is the author of a bill introduced in the present senate that will give parents something to say in the future about the marriage of their sons and daughters.

The bill amends section 2612 of the compiled laws of the state as follows: "Any unmarried person of the age of 18 years and not otherwise disqualified, is capable of consenting to and consummating marriage, and any person under the age of 18 years and not otherwise disqualified, is capable of consenting to and consummating marriage, provided that the written consent of the parent or guardian of such person under the age of 18 years, duly acknowledged and sworn to before an officer authorized to administer oaths and take acknowledgments, is filed in the office of the county recorder to whom application for license to marriage is made."

The Capital News telephone numbers are 24 and 25.

PRESIDENT'S WIFE IS ENTERTAINED BY ENGLISH SOCIETY WOMEN

Left to right, Viscountess Harcourt, Mrs. Curtis Brown, Mrs. Woodrow Wilson and Mrs. Butler Wright.

This is one of the first photographs to arrive in this country showing Mrs. Woodrow Wilson with some of the English society women in London. The Viscountess Harcourt, who is standing at the extreme left, was formerly Miss Mary Ethel Burns of New York.

Mrs. Wilson is wearing one of her "American made" frocks, which is a beautiful piece model with fur edged panels.

Three Minute Journeys

WHERE BRIDES ARE SOLD LIKE CATTLE AT "MARKET PRICES." It is a shock, perhaps, to realize that the villagers of Palestine are mostly of the Mohammedan faith. Others are Christians of the Catholic or the Greek

Determining the Price.

Orthodox churches. Also strange is the fact that the Mohammedans follow the ancient customs of Palestine more closely

than the Christians do. Their wedding customs are particularly interesting. When a young man has reached the age of 20 he begins to look about for a bride—that is, if the wedding expenses can be defrayed—in a truly business-like manner. No courtship is permitted, so all he can do is to look at the girls in the village, or if in another village there is a girl who strikes his fancy go there to gaze at her from afar.

When his choice has settled upon a girl, his mother and her daughters and women friends go to "look her over." They decide whether or not she's a good housekeeper, and then the male relatives of the young man call upon her father.

They ask for the girl's hand. If her father doesn't look with favor upon the match he refuses to agree to the price for the girl. But if he favors the match the young man's father, as a compliment, sets a price far above the average. Then one man after another asks her father for his sake to reduce the sum by so much until the "current price" is reached. Upon this they agree.

The price of a bride varies according to her youth, her beauty, usefulness and the family to which she belongs. It ranges from \$10 to \$50, plus the cost of presents to her family and the wherewithal for two feasts.

The bride's father gives the girl about \$20 or \$40 of the price with which to buy the dress of a married woman. The rest of the money the father keeps—except for a few very simple presents—just as though he had sold a donkey or some

boise doctor who makes surgery his exclusive practice

Dr. A. A. Higgs has located in Boise and opened offices in the Idaho building, equipping them along modern lines in harmony with his purpose to practice surgery only.

Dr. Higgs has been a resident of Idaho for 16 years, during which time he has paid many trips to the Mayo institution at Rochester, Minn., to witness the operations there as post-graduate courses and to visit Dr. Charles Mayo, a long-time friend of Dr. Higgs.

Dr. Higgs enjoys the distinction of being the only member of his profession in Idaho devoting himself exclusively to surgery.

CLUB TO MEET SATURDAY. The Franklin Red Cross auxiliary will meet in the domestic science room at the school house Saturday afternoon at 2 o'clock.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cured with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look! 10c and 25c per box. All druggists.
