

WHAT DID PRESIDENT SAY ABOUT IRELAND? SOLONS CAN'T AGREE

Wilson Denies He Told Committee Members Issue Not Within League's Province; Argument Staged in the Senate.

Washington, Feb. 28.—There appears to be a difference of opinion today as to just what President Wilson said on the Irish question to committee members of congress attending his league of nations dinner Wednesday night.

Some committee members originally gave as their version of the president's expressed view on the Irish problem that it was a question between England and Ireland and not within the province of the league.

The president today denied he told committee members this. Almost immediately thereafter the subject arose in the senate.

Senator Borah asked Senator Hitchcock if President Wilson referred to an answer a question about Ireland at the White House dinner.

"There was a question asked, but it was not a serious question," Hitchcock replied.

"Then does the senator say that the president made no response to the question about Ireland?" Borah pressed.

"I do," Senator Hitchcock answered. Then, at the suggestion of Senator Williams, Hitchcock added, "the president did say the league had nothing to do with internal and domestic questions."

"Then the president said the league has nothing to do with Ireland," Borah said.

"It must necessarily be settled between Ireland and England and if that is so the situation is left where it was before."

Hitchcock did not reply.

CORNS, CALLUSES QUIT QUICK

Two Drops of "Geta-It" Will Do It Ever hand-carve your toe with a knife trying to get rid of a corn? Ever use scissors and snip off part of the corn too close to the quick? Ever pack up your

"Geta-It" Puts Your Feet in Clover—It Ends Corns Quickly.

toe with "contraptions" and plasters as though you were packing a glass vase for parcel post? Ever use greasy ointments that rub off on your stockings? Ever use sticky tape that gets jerked off when you pull your stocking off? Kind of foolish, when 2 or 3 drops of "Geta-It" on any corn or callus gives it a quick, painless, peaceful, dead-sure funeral! Why putter and suffer? "Geta-It" stops corn pains, it lets you work, smile and dance, even with corns. It's the common-sense way, the only simple, easy way—peels corns off like a banana peel. Used by millions. It never fails.

"Geta-It" the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Mfd by E. Lawrence & Co., Chicago, Ill.—Adv.

AMERICANIZE FOREIGN BORN WORK OF BOISE INTERCHURCH SOCIETY

Americanization of foreigners has been the work of the Interchurch Council of Women of Boise for the past few years, and the program of the all-day meeting at the Methodist church Thursday was devoted almost entirely to this subject.

Mrs. L. M. Ormsby, secretary of the Idaho State Sunday School association, spoke at the morning session on the importance of Americanizing the children of foreign born through church work. Mrs. J. E. Dockery discussed legislation pertaining to the subject. The council appointed a special committee to work with the central committee on these lines.

Mrs. Hans J. Roan told of the Americanization work in Japan as she saw it while in the Orient. Rev. R. M. Donaldson told how American ideals were gradually being adopted in Japan and China and remarked how Germany had tried to "kulturize" not only the oriental nations but America as well. Mrs. Fred Rosene, Miss Downs, Mrs. Frank Manville and Mrs. Wood entertained during the afternoon session with music, instrumental and vocal. Mrs. J. L. Hook presided.

Under The CAPITOL DOME

REYNOLDS COMMANDANT. The trustees of the Soldiers' Home have appointed Dr. S. M. C. Reynolds of Meridian, as commandant of the home. He succeeds the present incumbent Saturday. Commandant Reynolds is well known over the state, and particularly in Ada county where he has made his home for many years. There were a large number of applicants for the position but it was conceded some time ago that the appointment would go to Dr. Reynolds. The board acted at a meeting late Thursday afternoon.

NEW PUMPING PLANT ORDERED. A pumping plant on the Mosley farm of the state penitentiary was ordered installed by the board of prison commissioners at its meeting Thursday afternoon. The plant is to have sufficient capacity to irrigate 70 acres and will cost \$3000. It was also decided by the board to order the Boise-Barber road prepared.

SAY PHONE SERVICE BAD. Complaint against the telephone service at Idaho Falls was filed Thursday by E. B. Carlson, with the public utilities commission.

ARGUMENTS AND APPEALS. An appeal was filed in the supreme court in the case of George E. Hill versus the First National bank of Fairfield involving the recovery of \$15,000 in contracts. The supreme court heard argument and took under advisement the appeal in the case of Lydia Jensen against Robert Alkman. The recovery of \$1000 from the Owyhee Land & Irrigation company is involved.

SCHOOL CHILDREN WILL ATTEND SPECIAL MOVIES

The committee in charge of children's movies announces that the next five reels of the "Lincoln Cycle" will be shown at the Majestic theatre Saturday morning.

There will be two performances—the first beginning at 9 o'clock and the second at 10:30.

To avoid having an overcrowded house at the first performance, which happened last Saturday and made it necessary to open the Isis to accommodate those who would have otherwise been disappointed, it has been decided to ask certain schools to come at the first hour and others to come to the second performance at 10:30. The principals of the grade schools have also very kindly agreed to sell the tickets in the schools on Friday and in this way it is hoped that delay and confusion will be averted at the theatre on Saturday morning.

The following schools are requested to come at 9 o'clock when the first performance will begin: Central, Longfellow, Park, Whittier.

The following are requested to come to the second performance, which will begin at 10:30: Lincoln, Washington, Lowell, Garfield, Hawthorne.

Children not attending school are requested to bring the exact change with them on Saturday morning, as tickets will be sold at the box office as well.

A new feature is to be introduced this week. At the beginning of each performance patriotic songs will be sung by the children under the direction of Mrs. Stoutemeyer, who has recently been appointed by the Saturday Fortnightly as their representative on the committee, to fill the vacancy which arose when Mrs. D. W. Cole left the city.

There will be no story hours at the library on Saturday morning and the children's room will not open until 1 o'clock.

According to the latest available statistics, there are 1,829,255 members of the Masonic order in the United States and Canada.

RUB NEURALGIA AWAY! END PAIN

Instant Relief From Nerve Torture and Misery With Old "St. Jacob's Liniment."

Get a small trial bottle! Rub this soothing, penetrating liniment right into the sore, inflamed nerves, and like magic—neuralgia disappears. "St. Jacob's Liniment" conquers pain. It is a harmless neuralgia relief which doesn't burn or discolor the skin.

Don't suffer! It's so needless. Get a small trial bottle from any drug store and gently rub the "aching nerves" and in just a moment you will be absolutely free from pain, ache and suffering, but what will please you more is, that the misery will not come back.

No difference whether your pain or neuralgia misery is in the face, head or any part of the body, you get instant relief and without injury.—Adv.

O. K. VICTORY LOAN BILL. Washington, Feb. 28.—The victory loan bill, providing for a \$5,000,000,000 short term note issue, was favorably reported to the senate today.

IDAHO PEOPLE URGED TO EAT A LOT MORE APPLES

E. F. Stephens of Nampa, the well-known horticulturist, took occasion on his 75th birthday, Thursday, to sound a note of warning in behalf of the apple industry of Idaho. Mr. Stephens pointed out the superior character of the Idaho apple, as shown by a nationwide verdict of buyers. "Too many Idaho people neglect this important industry," he continued, "in the interest of oranges and other fruits that constitute the staples of other states. "Apples are a most nutritious and healthful fruit. All doctors agree to that. The very best apples are grown in Idaho, but many Idaho people pass them up and help support outside interests to the detriment of one of the state's vital industries."

The Capital News telephone numbers are 24 and 25.

NEW YORK CONFERENCE TO HEAR MEXICO'S CASE

New York, Feb. 28.—Mexico is to be given an opportunity to plead her case before the American public at a meeting here March 10, arranged by the council of foreign nations.

The council announced today that it has asked President Carranza to appoint an official spokesman to act as chairman of the meeting, and to outline

the progress Mexico has made since the overthrow of Diaz, her plans for the future and her present problems. Local Mexicans, including Rafael Nieto, acting secretary of finance in the Carranza cabinet, have sent dispatches to Mexico City, urging Carranza to accept the offer of the council.

PIEZ TO RESIGN MAY 1. Philadelphia, Feb. 28.—Charles Piez, director general of the Emergency Fleet Corporation, announced today he will resign that office May 1. He announced also that the government has cancelled 15 ship contracts at the Hog Island yards.

Tomorrow— Important Dividend Increases Become Effective in Northwestern Mutual Fire Association March 1 By J. F. MARTIN, Pres. Dwelling policies, (annual payment) dividends increased from 40% to 45%. Farm policies, (annual payment) dividends increased from 40% to 45%. Automobile policies, dividends increased from 25% to 30%. Mercantile and General Business, dividends increased from 25% to 30%. This is the portion of the annual premium we are returning in cash to our policyholders. CLOSE co-operation between this insurance office and its policyholders, over 50,000 strong, enables the Northwestern Mutual Fire Insurance Association to put into effect this notable step in lowering the high cost of fire insurance. Beginning March 1 the Northwestern Mutual will be returning policyholders as unused a larger proportion than ever of their insurance premiums. These dividends apply in all policies expiring March 1, or later. Northwestern Mutual dividends are limited only by the combined effectiveness of policyholders in their fight against fire. Reduce fires to nothing among Northwestern Mutual policyholders and all the income of the association, save the actual necessities of administration and the 5% annual addition to surplus for strengthening the company could be returned in dividends. So it depends upon the policyholders what their dividends shall be. Let insurance rates be what they may—it's the dividends that count. It is noteworthy, in this connection, that the expenses of administering the Northwestern Mutual are only about half that the average stock company finds it necessary to allot this item. Every policyholder can help in this great task by continuing work so effectively begun, which is making this organization one of the chief factors in combatting America's fire waste running into millions of dollars every week. To become a policyholder in the Northwestern requires that your property be as safe from fire as the good practice of common sense would dictate. Our inspector will help to point out dangers that you, yourself, perhaps, have overlooked. When you become a policyholder with us your financial responsibility ends with the payment of your premium—The association's cash resources exceed \$1,000,000 and its policies are absolutely non-assessable. But your moral responsibility does not end, for you are under strong obligation to your fellow property-owners to take every precaution against fire. You are the safety trustee of your own property. All your insurance should be handled in Northwestern Mutual way; you have friends who should know and profit by the Northwestern Mutual plan. Your further co-operation will mean greater dividends. Northwestern Mutual Fire Association Home Office, Central Building, Seattle BOISE OFFICE Buis, Thraikill & Company 105 No. Tenth St. Phone 109-W.

HAIR COMING OUT?

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of Dandruff at any drug store for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair stops coming out and you can't find any dandruff.—Adv.

WOMEN IN BUSINESS.

Woman's power in America is well illustrated by the thousands of women who entered almost every line of business to replace men who were drafted during the war. Health proved their strongest asset. Many women, however, developed weak, nervous conditions and could not stand the strain of a business life. Such women should remember there is one tried and true remedy in Lydia E. Pinkham's Vegetable Compounds, which for forty-five years has been restoring health and strength to the women of America.—Adv.
