### LEGISLATIVE RECORDS ARE NOW COMPLETED

The records of the fifteenth Idaho legislature have been completed and properly filed with the secretary of state. Only the index remains to be finished and M. A. Kiger, speaker of the house, will remain here another week supervising that task.

Practically all of the attaches held over after the legislature adjourned have received their warrants and have been discharged. David Burrell, chief clerk of the house, left the latter part of the week for his home at American Falls.

Speaker Kiger will return to Harrison, where he has a large law practice and Lieutenant Governor C. C. Moore, president of the senate, to St. Anthony to devote his time to his heavy business interests.

The closing of the records was accomplished under the supervision of the lieutenant governor and speaker.

These officials believe the fifteenth

legislature will go down into history as one having passed a greater amount of constructive legislation than any session preceding it or any legislature which will meet for some years to come. They also consider the two houses of that body were made up of one of the most representative gatherings of lawmakers in the state's history. The fact that the appropriations were large is declared to promise for this state activity during the reconstruction period by furnishing employment to many men who would otherwise not have been able to secure work.

The session will go down as passing less legislation in number of bills than any held for some years. There were also a smaller number of bills introduced. Many of the measures that were filed, however, were voluminous which caused considerable more work than was anticipated in enrolling and engraving them properly.

At the present time the two houses stand empty—a direct contrast to a month ago, when the solons were in session grinding out legislation. The desks of members will soon be stacked away for two years, when they will again be dusted off and prepared for the reception of the sixteenth session.

## The Doctor's Advice

by Dr. Lewis Baker

The questions answered below are general in character, the symptoms or diseases are given and the answers should apply to any case of similar nature. Those wishing further advice, free of charge, should address Dr. Lewis Baker, College Building, College-Elliwood streets, Dayton, O., enclosing self-addressed, stamped envelope for reply. Full name and address must be given, but only initials or fictitious name will be used in any answers. The remedies can be obtained at any well-stocked drug store. Any druggist can order of wholesaler.

"Elsie M." writes: "I have such short, stringy, straggling hair and my scalp is full of dandruff. Please advise what to do."

Answer: The best advice I can offer is simple. Get a well-stocked drug store a 4 oz. jar of plain yellow Minoly, directions accompanying, and use it regularly. It promotes a healthy, vigorous growth of hair and abates dandruff, itching scalp, lustreless hair and stops falling hair. If the hair is harsh and straggling it restores a soft, fluffy appearance, and brings back the intense natural color.

"Hazel" says: "I would certainly appreciate something that would increase my weight and take away that languid feeling which I am subject to most of the time. My blood is weak and watery and my appetite is poor."

Answer: Your condition is very easily overcome if you will follow the directions given below. Ask your druggist for 3-grain Hypo-Nuciane Tablets and take according to the directions and your weight should increase. These tablets promote assimilation, absorption and aid digestion, transform the complexion and figure. They should be taken regularly for several months.

"D. E. G." writes: "My rheumatism is getting worse all the time. I am getting so stiff that it makes it very hard for me to get around."

Answer: Get at the drug store the ingredients named, mix thoroughly and take a teaspoonful at bedtime and again at bedtime and you should soon be entirely relieved of that disagreeable disease, rheumatism. Purchase 3 drams of iodide of potassium; 1-2 oz. of wine of Colchicum; 4 drams of sodium salicylate; 1 oz. comp. fluid Balmwort; 1 oz. comp. essence Cardiol; and 5 oss. syrup sacra-

parilla. This has satisfied thousands. "Secretary" writes: "I have pains in my spine and frightful headaches in back of head, fainting spells, twitching and trembling, nervousness, sleeplessness, loss of appetite and strength, and in fact am a 'has been' when it comes to performing accustomed work and duties."

Answer: In all such cases the assimilative functions have not kept pace with waste functions and a powerful harmless tonic treatment is needed. I find three-grain Cadomene Tablets unexcelled and astonishingly beneficial in such cases and advise them for you.

"Weakness" writes: "Have been doctoring for kidney trouble and how want your advice. Frequent desire is followed by burning pain and am very tender and sore over region of bladder. Also backache affects me dreadfully. Can hardly move when I awake in the morning. Weakness, too, is a symptom."

Answer: I think if you will take Balmwort Tablets regularly for a few weeks your kidneys and bladder will become normal and such symptoms vanish. This is unequalled for such complaints in my estimation.

"K. K. K." asks: "I am growing more stout as I get older and weigh 60 pounds too much now. I am alarmed and want to reduce. Please advise what to take."

Answer: You need not be alarmed if you will take 3-grain Arbolone Tablets. These tablets reduce usually at the rate of a pound a day after the first few days. Any druggist can supply them in sealed tubes with full directions.

"Poor H." writes: "My health is very poor on account of a long standing constipation. I have to use pills or something all the time. Can you prescribe something to take that will cure chronic constipation?"

Answer: Constipation is probably the cause of more illness than any other thing. Most remedies only aggravate the trouble and never cure. I always prescribe 3-grain Sulphur Tablets (not sulphur tablets), and have found them most reliable and gradually curative. They act pleasantly and tone up the bowels and liver while purifying the blood.

## EDWIN HERRINGTON FOR MAYOR

To My Friends and Neighbors—Voters of Boise

In coming before you for the office of Mayor of Boise on April 1st, Next, I stand upon my record.

As Finance Commissioner of Boise City, I have become thoroughly acquainted with every department of city affairs. I have considered every obligation as if it were a personal one and have tried to be sure that every dollar was well spent.

Most people who have accumulated a little property have done so by self-denial, strict economy and watching for leaks. If this principle is right in our private affairs, we should demand it of public officials.

If elected it means: No hobbies, no favorites, no sentiment, but strict accountability and business methods and every dollar's worth of city improvements and progression that the people approve.

I assure you I will appreciate your support. Yours to serve, EDWIN HERRINGTON.

## THE ROUGH NECK

WITH MONTAGUE LOVE AND BARBARA CASTLETON

John Masters succeeded to the job of political boss of a big city when his father died. John came to the city straight from a lumber camp, where he was a decidedly rough-necked boss. And, oh boy, how he did stir 'em up in the city!
